This project will be completed in RK&K's Keyser, West Virginia office under the direct supervision of David G. Vanscoy, P.E. Dave has over 36 years of experience in water projects similar to this project for the West Virginia Department of Environmental Protection including two AML funded projects.

RK&K is a 628-person multidisciplinary consulting engineering firm headquartered in Baltimore, Maryland. The firm has been providing services throughout the Mid-Atlantic and Southeastern states since 1923. RK&K's expertise encompasses water, environmental, sanitary, civil, transportation, structural, geotechnical, mechanical/electrical, natural gas/petroleum operations, and construction engineering inspection. Ranked #128 on the 2008 *Engineering News Record's* listing of Top 500 Design, RK&K serves an array of Federal, State, and local clients from our headquarters and 13 branch offices. RK&K has offices in West Virginia, Virginia, North Carolina, Pennsylvania, Delaware, Florida, and Washington, D.C. The firm employs a well-diversified staff of engineers, planners, environmental specialists, surveyors, designers, draftsmen/CADD technicians, construction managers, inspectors, and support staff. RK&K's services involve feasibility studies, project planning, preliminary engineering, final design, and construction inspection/management.

RK&K has demonstrated experience with most state and federal funding sources including AML funding.

for this project. The Keyser office has the ability to obtain specialty services from the home office in Baltimore, or any other of our branch offices. RK&K has the experience to complete the Summit Park Waterline Replacement Project within the required time limits specified. Mr. Robert Halbert, P.E., Partner-in-Charge of the Keyser office has assured me that all appropriate resources will be made available to the project team for timely completion, while maintaining quality control as a top priority. RK&K appreciates consideration of our qualifications and looks forward to continuing a working relationship with the West Virginia Department of Environmental Protection.

Very truly yours,

RUMMEL, KLEPPER & KAHL, LLP

David G. Vanscoy, P.E.
Associate and Regional Manager
