RE: Request for Proposals for Engineering Services, DEP 14391, Mallory Refuse Pile Design, Logan County, West Virginia.

Dear Sir,

G.A. Covey Engineering appreciates the opportunity to submit this proposal for the AML Design Services.

G.A. Covey Engineering was established in 1991 in Sutton by Gary Covey, who has worked in the community doing engineering with Brackenrich and Skidmore of Sutton, Monongahela Power, of Gassaway and Oneida Coal Company, of Wolf Creek, since 1977. G.A. Covey Engineering has been involved with the AML program indirectly as the company has worked with the AML contractors on bidding and construction layout, compaction and assisting in design changes in the field and assisting the contractors on critical construction and installation phases of the projects. We have been involved with the mine acid treatment facilities in there placement and construction with the contractors to insure there proper construction along with as built designs and drawings needed at the end of the project.

G.A. Covey Engineering has a field office in Beckley near the project site in southern West Virginia.

We have also worked with various mining companies over the years in permitting, valley and refuse fill design, water studies and analysis, water treatment and daily monitoring, drinking water replacement in areas of mine subsidence.

We have worked with the Braxton and Gilmer County commission on various waterline projects and Industrial Development Parks, Involved with all phases of engineering design, permitting, construction specifications, contracting and construction monitoring.

Our work with Go mart Corporation over the last several years has had us extensively working on all phases of engineering design and construction bidding and inspection throughout West Virginia and Ohio.

Our staff of engineers surveyors and quality control technicians and inspectors, have a wide range of experience in engineering design and construction. We are very aware of the growing cost of these projects and utilize our recent construction experience on projects throughout the State to keep cost down and best serve the State of WV and the local communities.

Sincerely

Gary A. Covey Owner RPE
