**RE: Expression of Interest – Engineering Design and Construction Monitoring Services
DEP 14622 – Pine Country Club (Ponds) Subsidence
Triad Proposal #01-09-8089**

Dear Mr. Bowman,

Triad Engineering, Incorporated (TRIAD) is pleased to submit the attached "Consultant Confidential Qualification Questionnaire (CCQQ)" and "Related Project Experience Matrix (RPEM)" in response to the Department of Environmental Protection Office of Abandoned Mine Lands & Reclamation's (DEP AML&R's) need for design services for the Pines Country Club (Ponds) Subsidence project. TRIAD's primary point of contact for this project will be our Geotechnical Engineering Services Manager, Ms. Karen L. Krabill, P.E. Ms. Krabill can be reached at (304) 296-2562 or kkrabill@triadeng.com.

TRIAD is extremely proud of our performance under past contracts, including contracts we have held with the DEP. As of this date, over 400 AML&R projects have been undertaken by TRIAD. The vast majority of these projects have been successfully completed on time and within the proposed estimated cost.

As always, TRIAD will commit the necessary resources to meet the needs of this project. TRIAD continues to maintain and invest in staff and equipment necessary to provide comprehensive services for the successful completion of this project. We firmly believe the in-house resources available provide the State with the most favorable terms from a technical and cost standpoint. Our proximity to the project location is also beneficial, as our personnel can be at the Pines Country Club in approximately five minutes. We highly value our working relationship with AML&R personnel, and will continue to strive for excellence in all we do.

We appreciate the opportunity to offer our services to you and hope we will be able to work together on this important project. Please do not hesitate to contact us should you have any questions regarding this submission or our firm's services.

Sincerely,
Triad Engineering, Inc.
