**GENERAL TERMS & CONDITIONS  
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
5. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this Contract may be deemed null and void, and terminated without further order.
14. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
15. **WEST VIRGINIA ALCOHOL & DRUG-FREE WORKPLACE ACT:** If this Contract constitutes a public improvement construction contract as set forth in Article 1D, Chapter 21 of the West Virginia Code ("The West Virginia Alcohol and Drug-Free Workplace Act"), then the following language shall hereby become part of this Contract: "The contractor and its subcontractors shall implement and maintain a written drug-free workplace policy in compliance with the West Virginia Alcohol and Drug-Free Workplace Act, as set forth in Article 1D, Chapter 21 of the West Virginia Code. The contractor and its subcontractors shall provide a sworn statement in writing, under the penalties of perjury, that they maintain a valid drug-free work place policy in compliance with the West Virginia and Drug-Free Workplace Act. It is understood and agreed that this Contract shall be cancelled by the awarding authority if the Contractor: 1) Fails to implement its drug-free workplace policy; 2) Fails to provide information regarding implementation of the contractor's drug-free workplace policy at the request of the public authority; or 3) Provides to the public authority false information regarding the contractor's drug-free workplace policy."

---

**INSTRUCTIONS TO BIDDERS**

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in case of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. ### **SOFTWARE & DOCUMENT SOLUTIONS**

### **PRODUCT OVERVIEW**

#### **ABBYY-FORMREADER 7.0**

ABBYY FormReader 7.0 offers organizations a fast-deployment and cost-effective solution for extracting information from paper forms and converting the data into digital format. FormReader's built-in form/template designers help reduce efforts in form definition and increase machine readability and data recognition. A user-friendly interface, including "Scan&Read", guides users through the steps of form processing -- scanning, template matching, recognition, verification and export. FormReader 7.0 will utilize OCR, ICR, OMR and Barcode Recognition to recognize all possible techniques for data input on paper forms.

#### **DOCFORM 4.0**

DocForm is an easy-to-use Variable Data Printing software program that allows the flexible development of computer generated forms and reports stemming from a host computer system and printing to Toshiba LAN devices allowing the user to leverage the finishing capabilities of those devices. DocForm also allows one to one marketing messages based on content data and utilizing its conditional logic capability. Output may be distributed to printers, facsimile machines, email or archives. There are additional modules to incorporate signature pad and tablet PC technology.

#### **PRINT AUDIT**

Print Audit provides the means to monitor printing, copying, scanning and facsimile transmissions to enable companies to analyze, reduce and recover hardcopy and equipment usage costs. All printers including network, IP and locally connected can be monitored. Print jobs can be redirected to more appropriate devices based on usage, role and volume parameters.

#### **ABBYY FINEREADER 8.0**

ABBYY FineReader is a state-of-the-art Optical Character Recognition software program. FineReader allows the copier, via the scanner, to read scanned or electronic images and convert the ASCII data into application file formats with outstanding document layout retention. FineReader comes in a standalone as well as a network version with concurrent licensing.

#### **ENCOMPASS**

Encompass is a rigorous methodology developed by Toshiba to analyze end user's document management and output requirements and infrastructure. Based on Six Sigma principles, the Encompass methodology is used by trained Toshiba Document Solutions professionals to present the client with an Encompass Document Analysis report to quantify the true total cost of ownership of document imaging devices.

The basis of the Encompass program is Encompass-web, a Toshiba-developed web application that enables collaborative data input and analysis on behalf of customer sites around the country. The Encompass-web database incorporates information about virtually every copier, printer and fax machine produced in the last 12 years together with detailed information about customer usage, workflow and office environments to create a highly-detailed and accurate picture of current document-related spending and related activities.

### **QUESTYS PRO AND QUESTYS ENTERPRISE**

Questys Text and Image Management Systems are an integrated program used to input, process, store and retrieve millions of documents and electronic files. Regardless of the number of documents on file, Questys will retrieve documents within one second. Once the file is retrieved it can easily be printed, faxed or emailed. Files can be annotated and manipulated while leaving the basic file undisturbed. Flexible file organization and security are standard with Questys. In addition to the base module, Questys offers optional modules for automated file creation, workflow processing, web access and royalty-free searchable CD creation.

### **PRINTCONSOLE PRO**

PrintConsole Pro translates data streams from host systems into printer-understandable language to provide unique spooling and job control abilities for output. Easily print from various host/mainframe systems to any e-STUDIO device. Print jobs may be divided among different copiers based on speed and capability by the data center thus optimizing the use of printing and finishing resources. PrintConsole Pro offers optional modules for translating Metacode, AFP, IPDS, and other mainframe print streams.

### **iDRIVER**

iDriver is a native AS/400 print driver that offers formatting and finishing controls to Toshiba e-STUDIO products. iDriver is installed on the AS/400 and communicates directly with the e-STUDIO product without the need for intermediate print queues. iDriver can be set up to act automatically, as an API or in a manual mode.

### **RPM REMOTE PRINT MANAGER**

RPM Remote Print Manager is a low-cost software program that allows data to be printed from host computers in ASCII or UNIX environments to Toshiba e-STUDIO products leveraging the finishing functions of the devices. RPM is a software program that acts as a print queue and directs the print stream, with the attendant finishing commands to the e-STUDIO product.

### **EXCELLIPRINT**

ExcelliPrint allows AFP/IPDS print files to be printed on Toshiba e-STUDIO products. ExcelliPrint runs on Windows NT-based computers and accepts IPDS print requests from iSeries and zSeries computers over TCP/IP networks and converts the print stream into PDF, GDI or PCL for output to either a printer or a file. ExcelliPrint runs as a Windows service and includes IBM iSeries device management, spooled file management and allows for multiple ports listening for simultaneous print requests. Primary features include: driver independent printing, print-to-file archiving, support for two output devices, browser-based interface, secure web interface and role-based administration.

### **eCopy**

eCopy software transforms e-STUDIO digital copiers into comprehensive paper management solutions. In addition to printing, copying, scanning and faxing, users can easily scan documents directly into their enterprise content management (ECM) systems, Fax Server, or e-mail system for more efficient business processes and improved document security. eCopy's application connectors provide native integration and operate as clients of the enterprise application server providing the same look and feel at the copier as the applications operating on the desktop. It also extends authentication and user rights to protect against unauthorized users and provides a comprehensive audit trail for regulatory compliance.

### **Re-Rite**

Re-Rite provides automatic optical character recognition (OCR), data conversion and document distribution from Toshiba e-STUDIO MFPs with the touch of a single button. Re-Rite converts hardcopy scanned images or incoming routed fax messages into searchable, editable application file formats, then distributes the converted files to a shared network folder, email address or both automatically. There are

sixteen file formats that Re-Rite will scanned images to and seventeen for OCR support. A single license supports an unlimited number of e-STUDIO devices and an unlimited number of users on a network.

### **BarCodeJet**

The BarCodeJet is an external device that attaches to the e-STUDIO MFP via Ethernet that prints Barcodes with little or no set-up on the printing device and no programming required. The BarCodeJet formats barcodes automatically from checking incoming data and calculating checksums, to printing text under or above the bars. BarCodeJet is SAP Certified! It independently scales barcodes both horizontally and vertically on the fly. No configuration is necessary on the server. The BarCodeJet encodes the existing data directly from the print stream. It is 100% compatible with HP's Barcode 3of9 from the "Barcodes and More" font product.

### **Digital StoreFront**

Digital Storefront (DSF) extends a print center's ability to provide new levels of customer services with a full-featured, robust, interactive Intranet and/or Internet presence that is conveniently available 24/7 from any location. Large-scale print operations will benefit from Digital Storefront by enabling more control of the print environment, monitor job revenue and costs, provide standardized as well as custom print services, all from an easy-to-use web-based interface.

STATE OF WEST VIRGINIA  
Purchasing Division**PURCHASING AFFIDAVIT****VENDOR OWING A DEBT TO THE STATE:**

*West Virginia Code* §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

**PUBLIC IMPROVEMENT CONTRACTS & DRUG-FREE WORKPLACE ACT:**

*West Virginia Code* §21-1D-5 provides that: Any solicitation for a public improvement construction contract shall require each vendor that submits a bid for the work to submit at the same time an affidavit that the vendor has a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

**ANTITRUST:**

In submitting a bid to any agency for the state of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the state of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the state of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the state of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

**LICENSING:**

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and is in compliance with the requirements as stated.

State of WV,

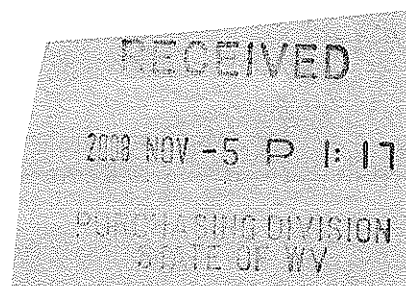

Toshiba has made a model change. This affects Band 3 Color Copier and Band 4 Color Copier. In Band 3 the change is to the e-Studio 2830c and in Band 4 to the e-Studio 3530c. There is no change in the pricing of the copiers. There are, however additions to the accessory listing. Those additions are listed on the attached pages.

Thank you for the opportunity to be of service to you and the State of WV.

Thank you,

Mark Salmons
