NOTICE*****NOTICE*****NOTICE

Mandatory pre-bid meeting is scheduled for April 2, at 11:00 a.m. at 2019 Washington Street, East, Charleston, WV. This is Building 15 in the Capitol complex (Purchasing Division). **All interested vendors are required to be present at this meeting. Failure to attend the mandatory pre-bid conference shall result in automatic disqualification. No one person can represent more than one contractor.**

This is a request for quotation to supply farm tires and tubes to all West Virginia state agencies and political subdivisions.

Award Conditions

The award shall be made based on the lowest-cost provider. The evaluation of this contract shall be done by multiplying the usage figures times the bidder's discounted unit prices. The extended total shall be the basis to determine the low bidder.

The vendor must have a minimum of four locations to assure prompt delivery and service in all areas of the state. Bidders with insufficient distributors to serve the State of West Virginia shall be disqualified.

All items stating a "**must**" or "**shall**" are mandatory requirements. Failure to provide or meet any of these mandatory requirements shall be grounds to disqualify the entire quotation

The Purchasing Division reserves the right to request samples of tires for any item bid. After the request, bidder shall have five (5) working days to deliver the sample(s). The entire quotation shall be disqualified if samples are not received within the five days as required. Any vendor requesting that the samples be returned, must so indicate at the time the sample is submitted for testing, by submitting instructions (including vendor pre-paid authorization) for the return of the sample. Any samples remaining after 30 days after the testing date shall be disposed of at the discretion of the Purchasing Division.

Vendors should furnish detailed specifications and/or descriptive literature with the bid, vendors shall submit a price list with the bid. Failure to provide a price list as required will be grounds to disqualify the entire quotation. All tires and tube purchases shall be FOB destination with the vendor paying all shipping charges. The vendor shall indicate the maximum number of days after receipt of order that are necessary for the delivery of tires. Failure to indicate delivery days as required may be grounds to disqualify the entire quotation.

Vendors shall submit a list on the attached form (making extra copies, if needed) of all participating authorized distributors who will honor all terms and conditions of the

03/18/2009

contract. This list must include the name of the distributor, contract coordinator, mailing address, telephone numbers (include toll free if available), and fax number, for each.

Terms and Conditions

Tires requiring replacement not covered within the "no charge language" shall be replaced on a pro-rata basis. The replacement price shall be calculated by multiplying the contract price by the percentage of tread wear at the time of adjustment. Mounting and balancing at no cost is included in the adjustment. Such adjustment of cost shall be completed at the delivery point and at the time the tire is replaced. Contractor is to ship all replacement tires and/or tubes freight paid.

All tires shall be replaced without charge (including mounting and balancing) during the first 10% of tread wear.

The State of West Virginia is not subject to the federal excise tax or the transportation tax. These taxes shall not be included in the delivered price of the merchandise shipped.

Vendors shall not release tires without a valid purchase order; or, the West Virginia state agencies may order using a (p-card) purchasing card.

A copy of the manufacturer's warranty shall accompany all delivered tires.

All tires and tubes are subject to inspection, examination and test by the State of West Virginia. The right is reserved to select the type and size of tires and tubes for such tests at any or all times during the term of the contract. Tires chosen for inspection and testing shall be selected from actual deliveries made to any of the delivery locations. The State of West Virginia may require performance tests by recognized tire testing facilities to determine conformance with the requirements of the specifications contained herein. The right is reserved to reject any item that does not fully comply with the minimum requirements established by these specifications.

Failure as to construction, performance, or delivery shall subject the contract to termination and will result in action to indemnify the spending agency for any damages. If the vendor can and does immediately remedy the cause of the failure, which results in full compliance with specifications for subsequent deliveries, vendor will be given that opportunity.

The successful vendor shall furnish, at his cost, sufficient number of price lists for distribution to all agencies as requested. The price list shall contain the contract number and the effective date on the front page. The price list shall indicate the actual state price (including any discount offered) opposite each tire and/or tube-type stock number. If, in the opinion of the Purchasing Division, it would be in the best interest of

the State to have revised price books, the vendor shall provide new price books at no charge to the State of West Virginia.

To eliminate the requirement for numerous change orders to add new products as they replace current farm tire products, it is the intention of the Purchasing Division to add new tires to this contract as they are developed and listed on the vendor's website. This will be restricted to the farm tire category – the only product under the resulting contract. Vendors who wish to include this capability in their quotation should include EXACT directions for using their website on the attached "FRMTIRE09 – Procedure for adding products to contract".

If the successful vendor shows a pattern of failure to deliver, or delivery of tires which do not conform to specifications, or breach of the terms and conditions of the contract, they may be subject to immediate cancellation of the contract and suspension of the vendor's bidding rights for up to one year.

Specifications

All tires provided shall be of first line quality tires of wide-spread public acceptance, consisting of latest tread design, distributed under manufacturer's brand names and carry the standard warranty of the manufacturer which are regularly and extensively furnished as regular equipment on products of major manufacturers of domestic U. S., trucks, graders, etc. First line, as specified, is to be substantially complete to furnish the various sizes required by the state. Second line or lower quality tires/tubes shall not be eligible for consideration. Discontinued or obsolete products are unacceptable.

Vendors may be required to furnish proof that product offered to the State of West Virginia comply with the above requirements.

All tires shall be listed in the cooperative approved tire list (CATL) current issue. Bids shall not be considered on products unless they are shown as approved in the appropriate (CATL) or the latest amendment thereto.

All inner tubes shall be in accordance with federal specification No. ZZ-1-550b, current issue, or the latest revisions thereto.

Tires and tubes shall carry the name of the manufacturer. Vendors shall be required to give satisfactory assurance of their ability to furnish from their own factories, and/or warehouse stocks, the required tires and tubes.

Contract shall cover all farm tires in the manufacturer's line bid, and is not limited to those listed in the pricing model on the bid schedule.

All tires and tubes delivered under this contract shall have been manufactured within the 12-month period prior to delivery.

A successful vendor who offers product under this contract and fails to make delivery, may be assessed liquidated damages as follows: The damages shall be the difference between the cost of the tire from the contracted vendor and the cost of the tire from any other source.

Pricing Page

Bidders must complete the enclosed pricing page. The discount rates quoted shall remain firm for the life of the contract for all farm tires and tubes. All other pricing (mounting, balancing and disposal) shall remain firm for the life of the contract. At renewal the vendor may replace catalog with current issue.

NOTE: The attached usage figures in the pricing model in the bid schedule are approximate. Actual usages may be more or less than the indicated usage figures. Vendors - please type all bids, giving unit price and extended total for each item. Unit price indicated on the pricing model must be the actual cost to the State, including any discount offered. Quantities listed are approximate usage figures based on last year's purchases.

Vendor shall list the name, physical address, phone number and e-mail address of the zone manager, factory representative, or other individuals who will coordinate orders on the contract.

All farm tires of the manufacturer's line bid shall be covered by this contract at the discount from list shown on the pricing page.

Vendors shall quote price to mount and balance tires. However, agencies may not choose to purchase these services. Vendor shall also indicate any disposal charges.

Vendors must show the discount from list on the pricing page. Such discount shall be applicable to all farm tires in the manufacturer's line bid.

Prices offered for items listed on the pricing model will be verified against prices computed from vendor's price list and applicable discounts. Vendors must offer only one price list/catalog per bid. A mixture of price lists will be cause to reject the bid.
