| IMPLANON NDC #00052027201 OR EQUAL MFR. ORGANON<br>OPEN-END BLANKET CONTRACT<br>TO PROVIDE THE CONTRACEPTIVE, IMPLANON OR EQUAL PER TH ATTACHED SPECIFICATIONS.<br>IMPLANON IS A CONTRACEPTIVE THAT IS AN IMPLANT. THE IMPLANT IS A SMALL PLASTIC ROD CONTAINING THE HORMONE ETONOGESTRAL AND IT IS INSERTED JUST UNDERNEATH THE SKIN OF THE UPPER INNER ARM AND PROVIDES PROTECTION AGAINST PREGNANCY FOR THREE YEARS IT IS LEFT IN PLACE. TO PREVENT PREGNANCY, IMPLANON STOPS OVULATION (RELEASE OF THE EGG FROM THE OVARY) AND THINS OUT THE LINING OF THE UTERUS, THUS THE EGG WILL NOT BE ABLE TO IMPLANT AND GROW. IMPLANON ALSO MAKES THE CERVICAL MUCUS AT THE ENTRANCE TO THE UTERUS THICKER SO THAT SPERM HAVE A DIFFICULT TIME GETTING THROUGH TO FERTILIZE THE EGG. IMPLANON IS AN EFFECTIVE CONTRACEPTIVE, WITH LESS THAN 1% FAILURE RATE. |          |     |        |             |                                             |        |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |     |        |             | NO BID                                      | NO BID |
