MVU09 General Specifications/Information

This RFQ is to supply used vehicles according to the attached MVU09 Pricing Page, to the State of West Virginia Agencies and political subdivisions. An award shall be made to the lowest, responsible bidder meeting specifications using the base price of the vehicle bid, including delivery cost and life-cycle costing, pursuant to the changes in the West Virginia Code. The life-cycle costing to be used shall be the gasoline consumption for a total of 100,000 miles. This will only apply to vehicles < 8,500 GVWR.

Gasoline Costing Information:

100,000 ÷ MPG Average (25% - City – 75% Highway)
Gasoline shall be based on \$4.00 per gallon.

For example, if a used vehicle has 20,000 miles and average 25 MPG under the 25% city - 75% highway, the life cycle costing would equal \$12,800.00. (100,000 – 20,000 = 80,000 ÷ 25 X \$4.00) The cost of the gasoline (based on \$4.00/gallon) shall be added to the base price and shall be added to the cost shown on the bid for evaluation purposes.

Financial Information

Vehicles may be purchased from this contract by any West Virginia State agency or political subdivision. West Virginia State agencies will either remit payment directly or use a third-party financing company on contract with the State of West Virginia. The Department of Administration, Purchasing Division Fleet Management Office (FMO) usually arranges for third-party financing. This arrangement requires the vendor to submit invoices to the Department of Administration, who, in turn forwards those to the third-party financing company for prompt payment.

The time required for third party financing does not differ from the time required for payment directly from the state as both are normally made within 30 days of receipt of vehicle meeting specifications and appropriate invoice. The time period is provided as an estimate only and is not guaranteed. Actual times required to process payment may vary.

Pricing

Use the attached pricing pages for your quotation. Vendors should add their name to each page. All vehicles should be quoted FOB Dunbar, West Virginia. Vendor may add an additional per mile charge for delivery to other locations, outside the Kanawha Valley, but should be aware that additional charges may impact the award.

Prices must remain firm for the life of this contract. **Note:** This contract is in effect for a term of six months , or until contracts are issued for the next model year.

MVU09 General Specifications/Information

NOTE: Estimated quantities shown are for evaluation purpose only. Bidders shall quote a single cost for each item listed.
