Charleston, WV 25305

Dear Mr. Price:

Thank you for the opportunity to submit this bid in response to your Request for Quotation #PTR09022. We are offering the ElDorado Passport.

Should we receive an award for this solicitation, we will provide all of the material as outlined in Part One, sections 4.1.1 through 4.1.12. The Passport body will be constructed at the ElDorado production facility in Riverside, CA.

We are in full understanding of the training requirements. We will provide personnel to conduct all training if we are the successful bidder. We have included "as-built" wiring schematics in our bid price. Also, as requested, we are offering paint schemes to match your existing fleets. The prices for the paint and graphics are included in our bid price.

After further review we have discovered that in addition to the items mentioned in our requests for approved equals another slight specification variance needs to be noted. The rear axle ratio on the chassis we are offering will limit highway speed to 65 MPH.

Thank you again for this opportunity. Please call if you have questions.

Sincerely,

Chad Seals
