RE: Electrician Examination Results

Congratulations !

It is our pleasure to inform you that you have passed the West Virginia State Electrical Examination for the FIRE / BURGLAR ALARM level administered to you 11/12/2002 0:00:00 at our CHARLESTON location. A minimum score of 80 out of 100 possible points is required to pass the exam. Your final test score was: 82

Recent interpretation of West Virginia State Code 29-3-B governing examination and licensure of Electricians, allows an individual to obtain a West Virginia Electrical License upon successful completion of the West Virginia State Electrical Exam for the level of competency tested.

Should you wish to obtain your West Virginia Electrical License, please return this form along with the license fee of **\$ 50.00**. Please be aware that the passing of the State Exam ***does not*** in itself constitute licensure, and you are not considered a "licensed" electrician until you have received your actual license card.

All licenses shall expire on June 30th of each year and the annual renewal fee is \$ 50.00. A courtesy renewal notice shall be mailed to the last address on file no later than April of each year, however, it is the ***licensee's responsibility*** to keep his / her license current.

Please complete the following information as you would like to read on your license.

Dear James,

Congratulations! You have successfully completed the EST3 Program and Network Course. Enclosed with this letter you will find your certificate. You will be required to complete a recertification program on EST3 to maintain your certification when there is a major product upgrade. You will be notified when this occurs and will have one year to complete recertification.

If this course includes an EST software package, we are providing it to your company for your use as an employee. Also, your company can purchase an additional software key for your use. If you leave this company, this software package, and all keys, must be returned to EST. If you become employed by another authorized distributor, that company can purchase a reissue of software and a new key for your use. We will also transfer your certifications to your new company. If you have questions about the installation of the software or other technical concerns, please contact EST Technical Support at (800) 655-4497.

Finally, check out our new web site at www.est.net. Go to the Training restricted area where you can download software and conduct other training related business with EST. Your Personal Identification Number (PIN) to log into the site is: 29067. Your password is: civil2264.

Again, congratulations on a job well done.

Sincerely,
