- 10.) **Q.** How much cut is there at the toe?
A. As shown on the cross sections.
- 11.) **Q.** The plans indicate that the piezometers are to be closed, but they are mostly located in cut sections. How is this to be accomplished?
A. Pull the piezometer casing prior to performing the excavation for regrading the slide area.

12.) Q. Will the contractor be allowed to mobilize from the excess material disposal site, using it as a staging area?

A. Mobilization and staging for the project has always been anticipated to occur at the bottom of the hill to the west of the Jenkins residence. As such, the construction limits were not established to allow for staging from any other location. If bidders desire to mobilize and stage construction from the top of the hill they will have to independently negotiate that location with the mine permittee and/or land owner. Furthermore, any revisions to the permit that this would entail as a result would have to be approved by the Division of Mining and Reclamation. Please note that the surface mine located at the top of the hill to the north of the project is a permitted and bonded area with the WVDEP. As such, any contractor activities in the permitted area are subject to MSHA and OSM regulations and requirements.

The Contractor shall have 120 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250 per day liquidated damage clause will be in effect after the 120 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.

VENDOR OWING A DEBT TO THE STATE:

West Virginia Code §5A-3-10a provides that: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

Further, public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the *West Virginia Code* and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the *West Virginia Code* may take place before their work on the public improvement is begun.

Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.
