**Addendum Number One**  
**Vendor Questions**

**QUESTION:**

If you would be kind enough to let me know further what is meant by a Max Rack and Dip Unit I would be most appreciative.

**RESPONSE:**

Max Rack – equipment by Star Trac/ unit allows Olympic bar to travel up and down as well as forward and back. It is similar to a Smith machine.

Dip unit – hip flexion/dip combo.

Leg press – selectorized with attachments.

**QUESTION:**

Also, in regards to the lat pulldown, are you wanting the pulldown that has the handles to pull down with, or are you wanting the pulldown that has the straight bar?

**RESPONSE:**

Lat Pulldown – selectorized with attachments.

**QUESTION:**

I have one more quick question, is there a freight elevator at the Rec Center to aid in the delivery or are there just stairs?

**RESPONSE:**

The Chief Logan Recreation Center facility does not have a freight elevator. The facility's standard elevator can be used by the vendor if they will protect it from damage and be responsible for any repairs required as a result of subsequent damages inflicted during its use.
