GENERAL TERMS & CONDITIONS PURCHASE ORDER/CONTRACT

1. **ACCEPTANCE:** Seller shall be bound by this order and its terms and conditions upon receipt of this order
2. **APPLICABLE LAW:** The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
3. **NON-FUNDING:** All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the terms of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
4. **COMPLIANCE:** Seller shall comply with all federal, state and local laws, regulations and ordinances including but not limited to, the prevailing wage rates of the WV Division of Labor.
5. **MODIFICATIONS:** This writing is the parties' final expression of intent. No modification of this order shall be binding unless agreed to in writing by the Buyer.
6. **ASSIGNMENT:** Neither this Order nor any monies due, or to become due hereunder may be assigned by the Seller without the Buyer's consent.
7. **WARRANTY:** The Seller expressly warrants that the goods and/or services covered by this order will: {a} conform to the specifications, drawings, samples or other description furnished or specified by the Buyer; {b} be merchantable and fit for the purpose intended; and/or {c} be free from defect in material and workmanship.
8. **CANCELLATION:** The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
9. **SHIPPING, BILLING & PRICES:** Prices are those stated in this order. No price increase will be accepted without written authority from the Buyer. All goods or services shall be shipped on or before the date specified in this Order.
10. **LATE PAYMENTS:** Payments may only be made after the delivery of goods or services. Interest may be paid on late payments in accordance with the *West Virginia Code*.
11. **TAXES:** The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
12. **RENEWAL:** Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
14. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
15. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>
16. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

The West Virginia Purchasing Division, for the agency, The West Virginia Division of Natural Resources, is requesting bids for the purchase of furniture, assembly and set-up for its new twenty-seven (27) guest room addition and twenty (20) existing guest rooms at Twin Falls Resort State Park. All items are to be F.O.B. Destination. Freight or delivery charges must be included in the price of the goods. Delivery must be made within forty-five (45) days of purchase order award.

General Specifications:

Furniture must be manufactured for commercial contract hospitality use. All items must be new.

Information for Bidders:

Bidders must submit a unit price bid for each item to furnish all items specified. Partial and/or conditional bids will not be considered.

Basis of Award:

The contract will be awarded to the lowest qualified bidder submitting the lowest bid for all furniture stipulated on the bid schedule and in complete accordance with all specifications stipulated herein.

Coordination:

Vendor must coordinate shipping and receiving with the West Virginia Division of Natural Resources, Twin Falls Resort State Park. Vendor must notify the park not less than seventy-two (72) hours in advance as to the exact date and time of delivery.

Delivery, Storage and Handling:

The successful Vendor must deliver and handle all items according to Manufacturer's recommendations, including means and methods that will prevent damage, deterioration, and loss. Goods must be delivered in the Manufacturer's original sealed containers complete with labels and instructions for handling, storage, unpacking, protecting, and installing. The owner must supply labor to inspect the goods upon delivery, to ensure compliance with the purchase order, and to ensure all items are undamaged and protected against damage. All items must be

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

stored according to Manufacturer's recommendations and in an order that will facilitate inspection and measurement of quantity. All items must be stored using means and methods that will prevent damage, deterioration, theft, or other loss. All items must be stored within a range of temperature and humidity as required by the Manufacturer's instructions.

Furniture Assembly and Set-Up:

The successful Vendor must assemble all furniture purchased under this Purchase Order on-site according to manufacturer's guidelines. Vendor must assemble and set-up all furniture in appropriate locations within the Lodge as directed by the Owner. Vendor must clean-up work area and dispose of boxes, packaging materials and installation debris.

The Owner will conduct a pre-assembly and set-up details walk-through prior to the actual furniture assembly and set-up. The Vendor must coordinate this meeting with the Superintendent of Twin Falls Resort State Park.

Damaged Items:

All items must be inspected by the Owner subsequent to delivery to ensure that each item is not damaged or defective. Damaged or defective items must be rejected, removed, and replaced at no additional expense to the Owner. Vendor will be responsible for damages that occur during assembly and set-up.

Project Closeout:

Vendor must provide an inventory list of all items received and accepted. Vendor must provide the manufacturers recommendations for maintenance and cleaning.

Applications for Payment:

Vendor must submit Applications for Payment upon completion of work for all furniture delivered and accepted and upon completion of project closeout requirements.

Warranty:

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

The vendor must warranty products to be free of defects in materials and workmanship for a period of five (5) years after date of acceptance. Vendor must repair or replace at its' discretion, free of charge, any product that proves to be defective during the warranty period.

Outdoor Deck/Pool Furniture

RockWood Casual Furniture Mendocino Ultra Pool Chaise, Item Number PC032, or equal.
Chaise must meet the following specifications:

- Minimum dimensions must be 35" W x 81" D x 38" H;
- Must be composed of plantation teak;
- Must have stainless steel hardware;
- Must have a multi-position back;
- Must be constructed with water resistant glue;
- Must have resin foot pads; and
- Must have mortise and tenon joinery construction.

Rockwood Casual Furniture, Mendocino dining arm chair, Item Number CO31-A, or equal. Chair must meet the following specifications:

- Minimum dimension must be 23" W x 23" D x 36" H;
- Must have minimum seat height of 17";
- Must have a minimum arm height of 25";
- Must be constructed of plantation teak;
- Must have resin foot pads;
- Must be constructed with weather resistant glue; and
- Must have mortise and tenon joinery construction.

Rockwood Casual Furniture, Mendocino dining table, Item Number TD031-52, or equal. Table must meet the following specifications:

- Minimum dimension must be 52" diameter x 29" H;
- Must be constructed of plantation teak;
- Must have a powder coated aluminum frame;
- Must have a minimum 2" powder coated umbrella hole; and
- Must have a minimum ½" powder coated reducer and cap.

Rockwood Casual Furniture Mendocino side table, Item Number TE032, or equal. Table must meet the following specifications:

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Minimum dimensions must be 22" L x 22" W x 20 H;
- Must be constructed of plantation teak; and
- Must have mortise and tenon joinery construction.

Guest Room Furniture

Guest room furniture is to be Thomasville Bridges Collection 2.0 or equal and must meet the following minimum specifications:

General Construction:

- Joints must be mortised and tenoned, doweled or blocked glued and pinned.
- All corner blocks, braces and screw cleats must be glued and reinforced with staples, nails or screws.
- All corner blocks and braces must be made of solid wood.
- All structural members must be glued and screwed or stapled in place.
- All excess glue must be cleaned from surfaces exposed during normal use.
- Furniture must be surfaced with matching high-pressure laminate a minimum of .028" thickness that conforms to Federal Specification LP508H.
- Back panels on design cases must be recessed allowing cases to fit snugly against walls over electrical plugs and cords, maximizing the space in the room.
- Casters and base blocks must be glued and screwed allowing for free movement of the caster.
- All cases over 60" must have a center foot.

Material Requirements:

- Exposed solid parts must be premium grade hardwood free of knots, decay, season cracks, mineral streaks, bark, warp, twist or any other defect that adversely affects strength or appearance. Loose knots and wormholes are not permitted.
- Unexposed solid parts must be select hardwoods free from knots, decay, warp, twist or any other defect that adversely affects strength.
- Exposed sliced cherry face veneers must be selected based on smooth texture and no color/lot variations. Veneers must be book or slip matched on case fronts.

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- All veneered panels must be constructed with waterproof glue under controlled pressure.
- Back panels must be a minimum of 1/8" hardboard fastened securely by gun staples. Fasteners must be flush with the outside back and do not swell, split or protrude through finished surfaces.
- Drawer fronts must be hardwood with cherry veneer. Drawer sides and backs must be constructed of Baltic Birch plywood or equal joined front and rear with English style dovetails.
- Drawer interiors must be sanded and finished with a coat of sealer and an UV polyester topcoat insuring a smooth interior drawer surface.
- Drawer guides on contract design cases must be heavy duty side mounted metal with a minimum 75 lb. load capacity. The guide surfaces must be double dipped epoxy coated to prevent corrosion.
- Particleboard Standards
 1. All particle board must meet ANSI A208.1-1993.
 2. Tops with particleboard cores must be lumber banded on three or four sides with edge banding on the back edges if they are not lumber banded.
 3. Cases must have no exposed particleboard.
 4. Particle board used in doors must be banded on all four sides.
- Hardware must have a rust and tarnish proof finish.
- All items must be packed with packaging materials to minimize shipping damage.

Workmanship:

- Doors must be properly aligned to insure uniform clearance and operation free of rattle, squeak or rubbing. Catches must be properly aligned and installed with a minimum requirement of two catches on all but small dresser doors.
- Drawers must be custom fitted to insure free running action with no binding, sticking, rattling or squeaking. Drawer guides and runners must be securely fastened and properly positioned to assure correct drawer alignment.
- Cross grain sanding, machine marks, splits, chip outs, veneer checking, or roughness are not permitted on the surface of the finished product.

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Drawer interiors and other interior storage compartments must be sanded smooth and must be free of glue or lacquer runs. Sides, ends and bottoms must be free of splinters, snags, splinters, staples, nails and screws.
- All hardware including hinges, latches, catches and glides must be attached and fitted to operate properly and serve their purpose during transit and use.
- Miter joints must be square, flush, tight and well glued. Exposed case front joints must be tight not exceeding 1/64".
- Case tops must be attached to the case with screws allowing the top to be pulled down tight against the case.
- Interior screws must be flush or countersunk to the surface of the part where used.
- Assembly and hinge screws must be properly seated and driven flush with the hinge flange.
- All molding and overlays must be nailed from the back of the panel if possible. Face nails or brads are driven flush or set and nail holes filled.

Appearance and Finish:

- Finishing must meet the following specifications:
 1. Pre-stain must be applied to tie in hardwood solids to match cherry veneers.
 2. A uniformed wet coat of pre-stain and body stain must be applied overall.
 3. Pre-seal and sealer must be applied to solid wood parts and end grain that may go dark at glaze.
 4. A uniformed wet coat of sealer must be applied over all.
 5. Once thoroughly dried the coat of sealer must be sanded.
 6. Dark areas must be highlighted with scotchbrite. Low areas and corners must be brushed out.
 7. A uniform stain must be used to blend overall color, tying in wood solids to cherry veneers.
 8. Once thoroughly dried the second coat of sealer must be sanded.
 9. Pad stain must be hand padded onto the case. The material must be customized as needed to match the color standard.
 10. Three (3) uniformed wet coats of 20 sheen lacquer must be applied overall.
 11. Glaze must be dry brushed to match the color standard and raw edges must be touched-up.

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

12. Interior stain must be applied prior to final assembly.
 13. All uprights and parting rails must be padded with stain.
 14. Drawer dovetails must be stained prior to drawer assemble for checker-board effect.
- Uniformity of color must be achieved between different manufacturing locations and from one production run to the next.
 - Color comparisons must be made in the manufacturer's testing lab to verify the color match of each batch of finishing material.
 - Interior surfaces of compartments and drawers must be free of dirt, dust, shavings and other foreign matter before finishing.
 - Edges and backs of doors and drawers edges must be finished to be compatible with the case exterior.

Performance:

- Drawers and doors must be fitted and aligned to operate smoothly under various atmospheric conditions.
- All drawers, doors and other operating parts must be properly fitted and aligned to operate smoothly without loose or sloppy action.
- Doors and door hinges must operate smoothly and quietly without binding, rubbing or rattling.
- Hardware, both trim and functional, must be straight and firmly attached.

Thomasville Bridges 2.0 Collection micro-fridge cabinet, Item Number 48196-9122-0000, or equal. Cabinet must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 22 ½"W x 22 5/8" D x 51 ¾" H;
- Must have a stationary laminate bottom shelf;
- Must have a lumber banded laminate top;
- Must have a vented back panel; and
- Must accommodate a minimum refrigerator dimension of 20" W x 21¼" D x 45½" H.

Thomasville Bridges 2.0 Collection full panel headboard, Item Number 48186-514, or equal. Headboard must meet the following specifications:

- Must have an oiled cherry finish;
- Must be wall hung only; and

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Minimum dimensions must be 56 5/8" W x 36" H.

- Must have an oiled cherry finish;
- Must be wall hung only; and
- Minimum dimensions must be 62 5/8" W x 36" H.

Thomasville Bridge 2.0 Collection king panel headboard, Item Number 48186-518, or equal. Headboard must meet the following specifications:

- Must have an oiled cherry finish;
- Must be wall hung only; and
- Minimum dimensions must be 80 5/8" W x 36" H.

Thomasville Bridges 2.0 Collection night stand, Item Number 48186-808. Nightstand must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 24 1/8" W x 17 3/4" D x 24" H;
- Must have a minimum of one (1) side guided drawer;
- Must have a minimum of one (1) stationary shelf;
- Must have a lumber banded laminate top; and
- Must have a recessed back.

Thomasville Bridges 2.0 Collection four drawer chest, Item Number 48186-CC1, or equal. Chest must meet the following specifications:

- Must have an oiled cherry finish; and
- Minimum dimensions must be 42" W x 22" D x 36" H.

Thomasville Bridges 2.0 Collection mirror, Item Number 48186-207, or equal. Mirror must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 30" W x 46" H;
- Mirror frames must be constructed of solid hard wood; and
- Mirror glass must be a minimum 3/16" plate glass with copper electroplate backs to protect the silver surface.

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

Thomasville Bridges 2.0 Collection desk, Item Number 48186-407, or equal. Desk must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 48" W x 30" D x 30" H;
- Must have a minimum of one (1) side guided drawer;
- Must have lumber banded laminate top;
- Must include a center stationery drawer; and
- Must include an electronic data port unit that attaches to the desk or writing table.

Thomasville Bridges 2.0 Collection activity table, Item Number 48186-704, or equal. Table must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 34" W x 34" D x 30" H;
- Must have an apron to floor minimum dimension of 25 ¼"; and
- Must have lumber banded laminate top.

Thomasville Bridges 2.0 Collection table top, Item Number 48186-5506, or equal. Table top must meet the following specifications:

- Must have an oiled cherry finish; and
- Minimum diameter must be 30".

Thomasville Bridge 2.0 Collection round table base, Item Number PACF-3001-5001, or equal. Table base must meet the following specifications:

- Minimum base spread must be 17" D;
- Minimum top spread must be 12" D; and
- Minimum height must be 30".

Thomasville Bridges 2.0 Collection guest arm chair, Item number 48186-1700-0, or equal. Chairs must meet the following specifications:

- Minimum dimensions must be 22" W x 24" D x 32" H;
- Minimum seat height must be 18 ½";
- Minimum arm height must be 23";
- Fabric, pattern and color of chair must be coordinated with Twin Falls Resort State Park and will be selected from manufacturer's standard fabrics colors and patterns:

DNR210087
Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Chair joints must be properly angled and clamped tight. No openings are permitted in the joints.
- Leg stretchers must be machined (chucked) for a tight fit and glued into place.
- Seat and back cushions must be tailored and fit properly to the frame.

Thomasville Bridges 2.0 Collection media chest, Item Number 48186-351, or equal. Chest must meet the following specifications:

- Must have an oiled cherry finish;
- Minimum dimensions must be 36 1/8" x 21" x 36 3/4" H;
- Minimum of three (3) slide guided drawers;
- Minimum of one (1) stationary VCR shelf;
- Must have lumber banded laminate top;
- Back must be recessed; and
- Minimum VCR space of 30 1/2" x 17 3/4" D x 6"

Thomasville queen sleep sofa three cushions, Item Number 6400-310Q, or equal. Sofa must meet the following specifications:

- Minimum dimensions must be 78" L x 36" D x 35 1/2" H;
- minimum seat height must be 18";
- Minimum arm height must be 27 1/2".

Twin Falls Resort State Park
Furniture Purchase, Assembly and Set-Up
Open End Contract

- Must be a minimum of 28" in height;
- Must have a brushed nickel finish;
- Must include a cream color shade a minimum of 11" x 15" x 10"; and
- Must include one (1) outlet in lamp base.

Arkansas Lamp Manufacturing Company floor lamp, Item Number 5597FPL, or equal. Lamp must meet the following minimum specifications:

- Must be a minimum of 55" in height;
- Must have a brushed nickel finish;
- Must include a cream color shade a minimum of 13" x 16" x 10"; and
- Must include two (2) outlets in lamp base.

Manufacturer's Information

Please complete the below information concerning the brand(s) of equipment being bid in relation to this project. If bidding in or equal inch brands, please attach manufacturer's literature documenting that it meets the mandatory requirements stated in the specifications. Vendors should note the areas of the provided manufacturer's literature that adheres to the mandatory requirements outlined in the Request For Quotation.

Bridges 2.0

48183 - Newbridge Finish
48186 - Oiled Cherry Finish

48183-806 Night Stand
24-1/8" W x 17-3/4" D x 24" H

Features

- 1) High Pressure Laminate Top.
- 2) Lumber Banded Top Edge Treatment with Nitrocellulose Lacquer Top Coat.
- 3) Cherry Veneers and Select Hardwood Solids.
- 4) 16 Step Finish with a UV Cured Catalyzed Polyurethane Top Coat.
- 5) UV Cured Finish on 7/16" Thick Baltic Birch Plywood Drawer Box with Front and Back English Dovetails and a 3/16" Veneered Plywood Drawer Bottom.
- 6) 75 lbs. Rated Ball Bearing Side Guides.
- 7) 1/8" Exposed Printed Hardboard Back Panel.
- 8) Recessed Back Panel.
- 9) PVC Edge Banding on all bottom edges.

Benefits

- 1) Prevents scratches and resists moisture.
- 2) Highly durable and resists water.
- 3) Cherry veneers add warmth and beauty to the finish and meets brand specifications requiring veneered product.
- 4) Our 16 step finish process adds the depth and clarity found in high end residential finishes.
- 5) Our dovetail construction creates superb strength and a highly durable drawer.
- 6) Well fitted, longer lasting drawers with minimal side to side movement.
- 7) Exposed back panel finish matches the case finish.
- 8) Allows case to be placed flush against walls without interfering with electrical cords.
- 9) Helps prevent moisture from penetrating substrates.

Bridges 2.0

48183 – Newbridge Finish

48186 – Oiled Cherry Finish

General Casegoods Specifications

A. GENERAL CONSTRUCTION

- ❑ Joints are mortised and tenoned, doweled or blocked glued and pinned, following the best practice of commercial construction.
- ❑ All case table and chair joints are glued with an approved PVA assembly adhesive that conforms to the ASTM D-905-89 test requirement of average block shear strength of not less than 2800 lbs. per square inch.
- ❑ All corner blocks, braces and screw cleats are glued and reinforced with staples, nails or screws.
- ❑ All corner blocks and braces are made of solid wood.
- ❑ All structural members are glued and screwed or stapled in place.
- ❑ All excess glue is cleaned from surfaces exposed during normal use
- ❑ Contract design case tops are surfaced with custom matched high-pressure laminate .030” thick that conforms to Federal Specification LP508H. Laminate adhesives are either urea resins or PVA’s. Top cores are 45 lb. density industrial grade particle board in accordance with specification ANSI A208.1-1993. Tops are edge banded with a 1 ½” wide piece of ¾” hardwood lumber.
- ❑ All end panels are a three-ply veneer construction with a 45 lb. density particleboard core. Exposed end panel edges are lumber banded on the front edge.
- ❑ Back panels on contract design cases are recessed allowing cases to fit snugly against walls over electrical plugs and cords, maximizing the space in the room.
- ❑ Casters and base blocks are glued and screwed allowing for free movement of the caster.
- ❑ All cases over 60” have a center foot.

B. MATERIAL REQUIREMENTS

- ❑ All wood is dried to a moisture content of 6-7½ % and conditioned to produce a stress free board. This process keeps distortion and warping to a minimum and ensures firm bonding joints in widely varying climate conditions. Moisture is checked using ASTM D-*143.
- ❑ Exposed solid parts are premium grade hardwood free of knots, decay, season cracks, mineral streaks, bark, warp, twist or any other defect that adversely affects strength or appearance. Loose knots and wormholes are not permitted.
- ❑ Unexposed solid parts are select hardwoods free from knots, decay, warp, twist or any other defect that adversely affects strength.
- ❑ Exposed sliced cherry face veneers are selected based on good texture and uniform color. Veneers are book or slip matched on case fronts.
- ❑ All veneered panels are constructed with waterproof glue under controlled pressure. Panels are manufactured with balanced multidirectional plied construction.
- ❑ Glues and Adhesives are routine tested by Thomasville’s Quality Control Lab for a variety of factors including viscosity, PH, reactivity and solids content to insure they are formulated correctly and provide the required holding strength.

- ❑ Back panels are 1/8” hardboard fastened securely by gun staples. Fasteners are flush with the outside back and do not swell, split or protrude through finished surfaces. Back panels are not a structural component of the case
- ❑ Drawer fronts are hardwood with cherry veneer. Drawer sides and backs are constructed of Baltic Birch plywood joined front and rear with English style dovetails. English dovetails provide more secure interlocking than other dovetail methods. In addition English dovetails provide the maximum glue surface, compared to other construction methods such as French

dovetails. Drawer bottoms, constructed of 3.6-mm plywood, are secured in grooves front side and back using hotmelt adhesive for maximum rigidity and durability. Drawer interiors are sanded and finished with a coat of sealer and an UV polyester topcoat insuring a smooth interior drawer surface.

- Drawer guides on contract design cases are heavy duty side mounted metal with a 75 lb. load capacity. The guide surfaces are double dipped epoxy coated to prevent corrosion.
- Particleboard Standards
 - All particle board meets ANSI A208.1-1993
 - Tops with particleboard cores are lumber banded on three or four sides with edge banding on the back edges if they are not lumber banded.
 - Cases have no exposed particleboard.
 - Particle board used in doors is banded on all four sides.
- Hardware has a rust and tarnish proof finish.
- Packaging materials are custom designed for each item to minimize shipping damage. The Thomasville Testing Lab conducts various packaging materials tests based on the National Safe Transit Association "Pre-Shipment Test Procedures". These tests include impact simulation, vertical drop testing and over the road vibration simulation. These tests measure the effectiveness of the carton as well as the structural integrity of the case itself. Changes are made in packaging or case constructions if weaknesses are found.

C. WORKMANSHIP

- Doors are properly aligned to insure uniform clearance and operation free of rattle, squeak or rubbing. Catches are properly aligned and installed with a minimum requirement of two catches on all but small dresser doors.
- Drawers are custom fitted to insure free running action with no binding, sticking, rattling or squeaking. Drawer guides and runners are securely fastened and properly positioned to assure correct drawer alignment.
- Cross grain sanding, machine marks, splits, chip outs, veneer checking, or roughness are not permitted on the surface of the finished product.
- Drawer interiors and other interior storage compartments are sanded smooth and are free of glue or lacquer runs. Sides, ends and bottoms are free of splinters, snags, splinters, staples, nails and screws.
- All hardware including hinges, pulls, latches, catches and glides are attached and fitted to operate properly and serve their purpose during transit and use.
- Miter joints are square, flush, tight and well glued. Exposed case front joints are tight not exceeding 1/64".
- Case tops are attached to the case with screws allowing the top to be pulled down tight against the case.
- Interior screws are flush or countersunk to the surface of the part where used.
- Assembly and hinge screws are properly seated and driven flush with the hinge flange.
- All glides and casters are properly attached.
- All molding and overlays are nailed from the back of the panel if possible. Face nails or brads are driven flush or set and nail holes filled.

D. APPEARANCE AND FINISH

- Finishing is accomplished with the following eighteen step process.
 1. Pre-stain is applied to tie in hardwood solids to match cherry veneers.
 2. A uniformed wet coat of pre-stain is applied overall.
 3. A uniformed wet coat of body stain is applied overall.
 4. Pre-seal is applied to solid wood parts and end grain that may go dark at glaze.
 5. A uniformed wet coat of sealer is applied over all.
 6. Once thoroughly dried the coat of sealer is sanded.
 7. Dark areas are highlighted with scotchbrite. Low areas and corners are brushed out.

8. A uniforming stain is used to carefully blend overall color, tying in wood solids to cherry veneers.
 9. A second coat of sealer is applied over all.
 10. Once thoroughly dried the second coat of sealer is sanded.
 11. Pad stain is hand padded onto the case. The material is customized as needed to match the color standard.
 12. A uniformed wet coat of 20 sheen lacquer is applied overall.
 13. Glaze is dry brushed to match the color standard and raw edges are touched-up.
 14. A second coat of 20 sheen lacquer is applied.
 15. A third coat of 20 sheen lacquer is applied.
 16. Interior stain is applied prior to final assembly.
 17. All uprights and parting rails are padded with stain.
 18. Drawer dovetails are stained prior to drawer assemble for checker-board effect.
- Uniformity of color is achieved between different manufacturing locations and from one production run to the next. Each item is compared to an approved color case to insure a consistent finish match.
 - Color comparisons are made in the Thomasville testing lab to verify the color match of each batch of finishing material.
 - Interior surfaces of compartments and drawers are free of dirt, dust, shavings and other foreign matter before finishing.
 - Edges and backs of doors and drawers edges are finished to be compatible with the case exterior.
 - The finish has passed durability testing conducted by the Thomasville Testing Lab based on the guidelines of ASTM Test D 1308-87, which is the “Standard Test Method for Effect of Household Chemicals on Clear, and Pigmented Organic Finishes”. This test demonstrates that the finish is colorfast and resists staining from extended exposure to common household products.

E. PERFORMANCE

- Drawers and doors are fitted and aligned to operate smoothly under various atmospheric conditions.
- All drawers, doors and other operating parts are properly fitted and aligned to operate smoothly without loose or sloppy action
- Doors and door hinges operate smoothly and quietly without binding, rubbing or rattling.
- Drawers have passed the ANSI/BIFMA X5.5-1998 Section 7 test. This test requires drawers loaded with 51.5 lbs. of weigh to open and closed for 50,000 cycles with no structural breakage or lose of serviceability.
- Doors have passed the ANSI/BIFMA A156.9-1994 Section 4.3 test. This test requires doors to open and close 100,000 cycles with no structural breakage or lose of serviceability.
- Numerous precautions are taken throughout the production process, from design to lumber drying to panel construction, to insure warping does not occur once a case is completed.
- Hardware, both trim and functional, is straight and firmly attached.

F. Features of Individual Items

1. Chairs

- All chair designs have passed a cycle test that simulates a 200 lb. person rocking back and forth in the chair 15,000 times, with zero failures. This rocking is the motion that exerts the most strain on the dowel joints between the front posts, side rails, and the back post of the chair giving a relative indication of the chair’s structural integrity.
- Chair side rails contain three 3/8” grooved birch dowels in a 20 ¼” wide rail. The interior sides of the chair rails contain multi-grooves with four corner blocks matched to the grooves. Corner blocks are PNA glued and screwed into place. One corner block is screwed into the back post.

- Chair joints are properly angled and clamped tight. No openings are permitted in the joints.
 - Leg stretchers, which enhance the structural strength of the chair by providing increased stability to the legs, are machined (chucked) for a tight fit and glued into place.
 - Seat and back cushions are tailored and fit properly to the frame.
- 2. Headboards**
- Panel headboards are available in both wall-hung (sizes 3/3, 4/6, 5/0 & 6/6) designs. Mounting instructions are included for wall hung models.
 - Custom fitted leg kits are available to convert wall-hung headboards to free standing.
- 3. Night Stands**
- Both one drawer and two drawer night stands are available in a variety of sizes and designs.
- 4. Mirrors**
- Mirror glass is 3/16" plate glass with copper electroplate backs to protect the silver surface.
- 5. Desk & Writing Tables**
- Writing tables include a center stationery drawer
 - Custom writing tables in varying sizes, with and without a drawer, can be designed to meet the requirement of specific projects.
 - Writing tables are shipped KD (without the legs attached) minimizing freight damage and reducing freight costs.
- 6. Occasional Tables**
- The occasional table collection includes cocktail tables, end tables and activity tables.
 - Contract design occasional tables are shipped KD (without the legs attached) minimizing freight damage and reducing freight costs.

Twin Falls Resort State Park

Sealed Bid

Buyer 44

RFQ. No.: DNR210087

Bid Opening Date: 02/11/2010

Bid Opening Time: 1:30

Please note: The following statement is an addition to the previous Thomasville Furniture package which was mailed FedEx on Friday, February 5, 2010, signed as received by L. Hypes, Receptionist on Monday, February 8, 2010.

Pertinent comments relative to specified products:

Delivery Time Frame: Please note Upholstery fabric will not be available for 6-8 week per the Mill. Hence, complete deliveries will run 10-12 weeks ARO.

Specifications: Thomasville Furniture specifications included previously. Rockwood & Arkansas products quoted. All commodities are per vendor specifications.

Information for Bidders: Unit prices quoted.

Coordination: All deliveries would be coordinated not less than 72 hours in advance with the West Virginia Division of Natural Resources, Twin Falls Resort State Park staff and Government Sales Representative, Paige Via, who would act as Project Manager if awarded this installation.

Delivery, Storage and Handling/Furniture Assembly & Set Up: Superior Office Installations has been installing Thomasville Furniture products for a number of locations both domestic and international for well over 12 years. I have used them extensively throughout Virginia and parts of North Carolina since I became the representative for this territory. Superior Office Installations began as an Office Furniture Installer and has expanded over their 20 year history to include State & Federal projects, as well as hotels, motels, etc. Bob Reyes, owner of Superior Office Installations, runs a professional & uniformed crew of installers. They are knowledgeable as well as very respectful.

Damaged Items: Rest assured that any damaged or defective items will be promptly replace or repaired to the satisfaction of the West Virginia Division of Natural Resources, Twin Falls Resort State Park Staff.

Project Closeout/Application for Payments: Thomasville Furniture will gladly comply with said requirements.

Warranty Information: Thomasville Furniture: 5 years.

RockWood: "Warranty for Teak

Residential Use RockWood provides an unconditional lifetime warranty against defects deemed by RockWood to be manufacturing defects in its teak furniture. Proper care including routine cleaning appropriate for teakwood and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering.

Woven

RockWood provides an unconditional 3-year warranty against defects deemed to be manufacturing defects in its woven furniture. Proper care including routine cleaning appropriate for woven furniture and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering.

Warranty for Teak

Commercial Use RockWood provides an unconditional 5-year warranty against defects deemed by RockWood to be manufacturing defects in its teak furniture. Proper care including routine cleaning appropriate for teakwood and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering.

Woven

RockWood provides an unconditional 3-year warranty against defects deemed to be manufacturing defects in its woven furniture. Proper care including routine cleaning appropriate for woven furniture and component maintenance is the owner's responsibility. This warranty does not apply to damage resulting from abuse, accident, alteration, misuse, negligence, normal wear or tampering."

Arkansas Lamp Mfg. Co "warrants its products to be free from defective materials and workmanship for a period of one year from the date of delivery. Products that prove defective during this time will be repaired or replaced at the option of the manufacturer."

Respectfully submitted,

Paige Via *Paige Via - 2-8-2010*

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with West Virginia Code, §5A-3-37. (Does not apply to construction contracts). West Virginia Code, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

- 1. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. Application is made for 5% resident vendor preference for the reason checked: Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
