General Information

- 1. All products bid, furnished and delivered **must** be listed in a current catalog(s) that contains product lines broad enough to meet the needs of the State of West Virginia. Each item bid on the pricing page from the catalog must be identified by a reference number.
- 2. Vendor shall quote a percentage discount from the lowest price listed in the price list(s)/catalogs submitted. The state prefers a single percentage discount from the price list / categories, but will consider bids containing different percentage discounts for different brands, lists or categories of supplies. Vendors WAY submit alternate bids using a separate or additional catalog(s). All items in the discount category must have the exact same discount. (For example, if a personal care product on the pricing page has a discount of 40%, EVERY personal care product sold must have the 40 % discount.) Bids must plainly and clearly indicate the different classes of products with percentage discount for each. Bids that are not clearly identified, by easily identified classes, may be disqualified. Bids that have multiple discounts by category MUST list a discount for a miscellaneous category...that would be applied to any product not identified by a category discount shown. For evaluation purposes, an estimate of quantity has been inserted to give the miscellaneous category a value in the bid evaluation. NOTE: The category discount must be for all items in that category. Bidders shall not offer greater discounts for items on the pricing pages than the category discount offered for that item.

Bidders should mark the items in the catalogs that appear on the pricing pages, to assist in the evaluation and verification of the bids. This is an excel document and will be available electronically after the mandatory pre-bid. Failure to indicate the minimum order quantity on the pricing sheets shall require the vendor to ship any quantity of that product ordered, regardless of size.

- 3. Bidders must attach current catalog/price list to their bid. The discount shall be taken from the lowest price column in the price list. The percentage discount shall be indicated for each list/category, etc. If multiple percentage discounts are bid, the bidder must clearly indicate which list, category, or brand to which the percentage applies. If any discrepancies exist in the prices and the bid schedule and the actual price list and percentage discount bid, the actual price list and percentage bid shall prevail and be corrected by the buyer for evaluation purposes. This catalog(s)/price list(s) will be used with any resulting contract. Vendors are requested to type the pricing pages.
- 4. Successful vendor shall provide catalogs/price lists, at no charge, upon request to various state agencies. Additional price lists/catalogs may be

required from the vendor at any time. These shall be provided at no cost to the State. State agencies may obtain the catalogs/price lists by contacting the contract coordinator.

- 5. Bidders shall complete the pricing on "MEDSUP10 Pricing Pages". Bidders should complete all columns and information requested. This is a list of items anticipated to be purchased. Quantities for each item represent the approximate volume of anticipated purchases. No future use of contract is guaranteed or implied. The discount rate must be extended to all items found and ordered from the price list. The "unit price" must be the final price that will be charged to the State of West Virginia.
- 6. The lowest cost, most complete, bid shall be awarded a contract. The discount from list shall remain the same during the entire contract period, including any renewals. The contract awarded shall be based on the entire contract; exceptions are items that are covered by other specific contracts, such as latex gloves and lab supplies are specifically excluded from MEDSUP010 contract.
- 7. The catalog/price list may be updated at renewal. If the Purchasing Division extends the offer to renew and the new catalogs have significant price increases, Purchasing may decline and re-bid the commodity.
- 8. Amount is shown for informational purposes only and is not to be construed as a guarantee of any future contract usage.
- Orders shall be delivered within five (5) working days after orders are received. Spending unit must be advised in writing if orders will be delayed for any reason. Contractor shall carry an adequate stock to insure such delivery service for the duration of the contract.
- 10. All deliveries must be made during normal working hours for the delivery location. All shipments of products requiring a material safety data sheet (MSDS) shall include a MSDS included with the product.
- 11. All bids are to be quoted as F.O.B. destination to any West Virginia location. The minimum order for prepaid shipping to one, in-state destination shall be \$200.00. For orders less than \$200.00, transportation charges (if any) will be invoiced as a separate charge with the original freight bill attached to the invoice. Agencies may make purchases that fall under the \$200.00 limit at a local source to avoid the delivery charges. Note: Stringing orders to circumvent purchasing regulations is expressly prohibited.

- 12. All items must have a current manufacture's date. Items received by an agency that has an expiration date within 180 days of receipt, will not be accepted and returned to the vendor for replacement or credit.
- 13. Verification of product quality is the responsibility of the vendor. The State of West Virginia may require certified mail test data, certifications or samples for testing of material bid. All costs of test samples shall be borne by the vendor as well as freight costs to and from the agency.
- 14. The successful bidder shall not substitute any other brand of products from those awarded, nor sell any additional items under their contract not specifically covered herein, without prior written permission of the Purchasing Division.
- 15. All products must be highly efficient and effective in the performance of the tasks for which the product is intended to be used.
- 16. Bidders must be a manufacturer or a regular stocking licensed dealer for the products offered at the time of the bid.
- 17. Successful vendor shall provide quarterly reports and annual summaries showing the quantities, dollar value and agencies (including political subdivisions) which have used this contract. Successful vendor shall also be able to provide report showing the top 50 items purchased during the contract period. This report is mandatory and failure of the successful bidder to supply such reports may be grounds for cancellation of contract. Report is to be sent electronically to: kelli.a.winebrenner@wv.gov.
- 18. Nonconforming products and materials shall be returned to the vendor at no expense to the State of West Virginia at any time during the life of this contract.
- 19. Internet Access Vendor should be able to provide internet ordering access. If vendor has such capabilities, this should be so noted in their quotation and describe the process for setting up such ordering for state agencies.

Reminders to Bidders:

Prior to submitting bids, bidders are cautioned to comply with all mandatory bid requirements.

Bidders shall quote a single discount from price list for all items or shall quote a discount from list by category. If multiple category discounts are given, bidders

MUST offer a "miscellaneous" discount category for all items that may not be included in the category discount list.

Include dated and numbered catalog/price list(s) – Two Sets Please supply and electronic copy of catalog/price list(s)

Complete the Pricing Pages – including the name and other requested information on the contract coordinator to respond to agency inquiries on using the contract.

If the price list makes reference to prices being subject to change, those terms are null and void. All price changes shall be in accordance with Paragraph 7.

Samples MAY be requested during the bid evaluation. Samples shall be received within seven days after request is made and at no cost to the State of West Virginia.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.
