RE: RFP RJC672 – Inmate Medical Services for the West Virginia Regional Jail & Correctional Authority Facility

Dear Mr. Abbott:

Prison Health Services, Inc. (PHS) is pleased to present this proposal in response to the above-referenced RFP. We have paid careful attention to the Agency's goals and objectives as referenced in the RFP, at the Pre-bid Conference, and in the Addendums.

PHS has extensive national correctional health care experience and has provided comprehensive health care service in a close working partnership with multi-site correctional facilities nationwide since 1978 – including mega jail systems ranging in size from 1,200 inmates to over 49,000 inmates for the Michigan Department of Corrections.

As a leader in the correctional health care field, PHS has been in **the forefront of developing and operating health care programs that efficiently manage utilization and costs, while optimizing health care delivery and outcomes.** We are proud of our model of clinically driven, cost-effective, client-response health care – one that has been enhanced by collaborative partnerships with our clients. Our programs are tailored to our client's unique inmate population, geography, environment, and the communities. Our proposal promises an inmate health care program based on clinical quality, financial responsibility, and accountability.

Thank you for the opportunity to submit this proposal. We look forward to meeting with your team to answer any questions about our proposed health care model.

Sincerely,

PRISON HEALTH SERVICES, INC.
