The plan shall be based on an investigation and analysis of the duties and responsibilities of each position, and each position shall be allocated by the Director of Personnel, after consultation with the appointing authority concerned, to its proper class in the classification plan. When complete, the classification plan shall include for each class of positions an appropriate title, a description of the duties and responsibilities, and the minimum requirements of training, experience, and other qualifications.

4.2. **Revision of Plans -** The Board may abolish or change existing classes of positions, or may add new

classes in the same manner as the classification plans were originally adopted.

4.3. Incumbents of Reallocated Positions - When a position is reallocated to a different class, the Board shall not consider the incumbent eligible to continue in the position unless he or she would have been eligible for original appointment, promotion, transfer, or demotion, to a position of the new class while serving in the position as previously allocated. If ineligible to continue in the position, he or she may be transferred, promoted, or demoted by appropriate action in accordance with the provision of this rule as the Director may determine to be applicable. In any case in which the incumbent is ineligible to continue in the position, and he or she is not transferred, promoted or demoted, the provisions of this rule regarding separations applies.

4.4. Class Specifications - The Director shall consider the class specification in allocating positions and shall interpret it as follows:

(a) Class specifications are descriptive only and are not restrictive. The use of a particular expression of duties, qualifications, requirements, or other attributes shall not be held to exclude others not mentioned

(b) In determining the class to which any position shall be allocated, the specifications for each class shall be considered as a whole. The Director shall give consideration to the general duties, specific tasks, responsibilities required, qualifications and relationships to other classes as affording together a picture of the positions that the class intended to include

(c) A class specification is a general description of the kinds of work characteristics of positions properly allocated to that class and not as prescribing what the duties of any position are nor as limiting the expressed or implied authority of the appointing authority to prescribe or alter the duties of any position.

(d) The fact that all of the actual tasks performed by the incumbent of a position do not appear in the specifications of a class to which the position has been allocated does not mean that the position is necessarily excluded from the class, nor shall any one example of a typical task taken without relation to the other parts of the specification be construed as determining that a position should be allocated to the class.

(e) The statement of minimum qualifications expresses the minimum background in terms of education, experience, and/or licensure generally necessary for a new employee to successfully perform the required duties of positions in the job class

(f) The Director shall consider class specifications as a primary source of authority for the content of examinations for the class and for the evaluation of qualifications of applicants for examinations. Supplemental job information, obtained through job analysis, may be used as a further basis for examinations and minimum qualification standards. Provisions for the substitution of related experience, education, or other qualifications for specific education and/or experience requirements may be made in specific examination announcements for particular positions, even though these provisions are not part of the class specification. In cases of recruitment difficulties or unique positions requirements, the Director, in cooperation with the appointing authority, may use his or her discretion in interpreting minimum experience, training and/or licensure requirements and in accepting equivalent experience, training and/or licensure

In contrast to general definitions of the level of work and responsibilities, the position description shall include specific duties and responsibilities assigned to a position by the appointing authority

(d) The position description shall not be construed in any way to limit the expressed or implied authority of the appointing authority to prescribe or alter the duties of any position.

(e) Position descriptions shall be kept current by the appointing authority for each position under his or her jurisdiction. When the appointing authority significantly alters the duties and responsibilities of a position, the appointing authority shall prepare and forward a revised position description to the Director.

(f) If an appointing authority fails to notify the Director of significant alterations in the duties and responsibilities of a position, the incumbent in the position may file with the Director a written request for a review of his or her position.

4.6. Reclassification

(a) Upon its own initiative, or at the request of an appointing authority, the Board may reclassify positions by the creation or abolishment of classes, or the revision of the definition of the work of the classes brought about by changing work methods, new technology or reorganization.

(b) For each position affected the appointing authority shall provide a current description of the duties and responsibilities assigned.

(c) The employee in the position at the time of a reclassification is entitled to continue to serve in that position, provided that the employee meets any licensure or certification requirements.

(d) Any incumbent in a position reclassified under this subdivision has the right to a reconsideration of the action by the Director. After filing with the Director a written request for reconsideration in a manner and form prescribed by the Director, the employee shall be given a reasonable opportunity to be heard by the Director. The interested appointing authority shall be given the same opportunity to be heard.

4.7 Position Reallocation - Whenever substantial changes occur in the duties and responsibilities permanently assigned to a position, the Director shall reallocate the position to its proper class. The incumbent or the appointing authority may seek a reconsideration of the allocation action by submitting a written request to the Director within ten (10) calendar days of the effective date of the action. The Director shall not reallocate a position based on temporary changes in the duties and responsibilities assigned to the position.

4.8. Temporary Classification Upgrade With the approval of the Director, an appointing authority may temporarily upgrade the classification of an employee temporarily performing the duties of a position in a higher pay grade due to a separation or an extended leave of absence, for a short-term project, or in an emergency situation. A temporary classification upgrade shall be within the same service, classified or classified-exempt, and, except for classes allocated to the approved hourly pay schedule, shall be for a continuous period of no less than 30 days and no more than six months. The Director, at his or her discretion, may extend the period of a temporary classification upgrade period by increments of three months or less. The Board shall establish salary, qualification, and administrative standards for implementation of this subsection.

4.9. Classification Plan for the Classified-Exempt Service

(a) Upon the recommendation of the Director, the Board shall adopt and make effective a classification plan for the classified-exempt service. This plan shall be developed and maintained so that all positions sufficiently similar with respect to type, difficulty, and responsibility of work are included in the same class. The plan shall be based on an analysis of the duties and responsibilities of each position, and each position shall be allocated by the Director of Personnel to its proper class in the plan.

(b) Each appointing authority shall report to the Director the establishment of new positions or any material changes in the duties and responsibilities of existing positions in the classified-exempt service. The Director may at any time require the appointing authority to submit a statement of the duties and responsibilities of incumbents of any position in the classified-exempt service.

(c) The appointing authority shall, on the appropriate specified forms, report to the Director any changes in class title, pay, and status of any employee in the classified-exempt service

(d) If an appointing authority wishes to request names of applicants for consideration for employment in the classified-exempt service, he or she shall make the request on appropriate forms specified by the Director. In no event shall a classified service vacancy be filled from a certification prepared for a classified-exempt service vacancy

(e) The employee affected by the allocation of a position to a class may file with the Director a written request for reconsideration and shall be given a reasonable opportunity to be heard by the Director. The appointing authority shall be given like opportunity to be heard. The employee shall submit the request for reconsideration of a classification action in writing within ten (10) calendar days of the effective date of the classification action.

Section 5 Compensation Plan and Salary Administration

Pursuant to the provisions of the W Va Code §29-6-10(2), the following salary regulations in this section apply to classified employees

5.1. Purpose and Intent - To attract qualified employees and retain them in the classified service, the Board shall endeavor to provide through the pay plan adequate compensation based on the principles of equal pay for equal work among the various agencies and on comparability to pay rates established in other public and private agencies and businesses.

5.2. Preparation of the Plan - After consultation with the appointing authorities and State fiscal officers and after a public hearing, the Director and the Board shall prepare and submit to the Governor for his or her approval any revision of the pay plan. The pay plan shall include salary schedules containing multiple pay grades with minimum and maximum rates of pay for each grade and a plan of implementation. The pay plan shall also include a market rate for each grade which shall be established by the Director to approximate the market midpoint pay level among southeastern state governments selected by the Director. The Board may make periodic amendments to the pay plan in the same manner.

5.3. Adoption of the Plan - The plan becomes effective only after it has been approved by the Governor. The approved pay plan constitutes the official schedule of salaries for the classified service

5.4. Implementation of Plan

(a) Assignment of Classes - The Board shall assign each class of positions to an appropriate pay grade consistent with the duties outlined in the class specification. No salary shall be approved by the Director of Personnel unless it conforms to one of the pay rates in the pay grade assigned to the employee's class of position.

(b) Entry Salary - The entry salary for any employee shall be at the minimum salary for the class including any applicable Board approved pay differential. However, an individual possessing pertinent training or experience above the minimum required for the class, as determined by the Director, may be appointed at a pay rate above the minimum, up to the market rate of the salary range, unless otherwise prescribed by the Board. For each pay increment above the minimum, the individual must have in excess of the minimum requirements at least six months of pertinent experience or equivalent pertinent training. The Director may authorize appointment at a rate above the market rate where the appointing authority can substantiate severe or unusual recruiting difficulties for the job class.

(c) Standard Rates of Pay - The compensation plan applies to all classes of positions in the classified service unless specifically excepted by statute or statutory authority. It provides standard pay rates for full-time employees for regularly established working hours in all offices and departments. The salary or wage paid is determined by the pay grade to which the class of the position has been allocated. All employees, including those serving in positions on a part-time basis, shall be paid in proportion to the actual time worked.

(d) Additional Pay - Except for authorized overtime, Board approved pay differentials, or other statutorily

required and/or authorized payments, appointing authorities shall make no pay additional to the regular salary to any employee. The rates as provided do not include reimbursements for actual and necessary expenses incurred incident to employment such as travel expense. Additional duties imposed or volunteered are not an exception to this rule.

(e) Availability of Funds - Before an agency makes salary adjustments and advancements in accordance with this rule, its fiscal officer shall certify that funds for this purpose are available.

(f) Salary Adjustments

1 New Plan

a. Upon adoption of a new pay plan the Board shall require and may approve or modify a plan of application which assures as nearly as possible that all incumbents in the classified service receive equal treatment in terms of pay.

b. An incumbent whose salary falls below the minimum rate of the new range shall have his or her salary adjusted to the new minimum.

c. An incumbent whose salary falls above the maximum rate of the new range shall maintain his or her current salary and is ineligible for salary advancements.

2. Pay on Reclassification

a. Higher minimum

1 When a class is reassigned by the Board to a salary range having a higher minimum, the salaries of those incumbents below the new minimum shall be adjusted to the new minimum.

2. Where the salary of the incumbent coincides with a pay rate in the new range, the salary shall remain unchanged.

b. Lower Minimum

1 When a class is reassigned by the Board to a salary range having a lower minimum, the salaries of those incumbents which are within the new range shall remain unchanged.

2 Where the salary of the incumbent is above the maximum rate of the new range, the salary shall remain unchanged and the incumbent is ineligible for salary advancements.

c. The Board, by formal action, may approve or modify a plan of application on reclassification other than those described in subparagraphs 5.4 (f)2.a and 5.4 (f)2.b of this rule based on documented recruitment and/or retention difficulties or consideration of equal treatment in terms of pay for reclassified employees.

3. Pay on Position Reallocation - When a position is reallocated to a different class, the salary of the incumbent shall be adjusted in accordance with salary regulations for promotion, demotion and lateral class change.

4 Pay Differentials - The Board, by formal action, may approve the establishment of pay differentials to address circumstances such as class-wide recruitment and retention problems, regionally specific geographic pay disparities, shift differentials for specified work periods, and temporary upgrade programs. In all cases, pay differentials shall address circumstances which apply to reasonably defined groups of employees (i.e. by job class, by participation in a specific program, by regional work location, etc.), not individual employees.

5. Separation from Employment - Salary adjustments are not given to employees separating from State employment whose last day of work occurs prior to the effective date of a new pay plan and who are continued on the payroll beyond that date for payment of terminal annual leave.

5.5 Pay on Promotion - When an employee is promoted, the employee's pay shall be adjusted as follows:

(a) Minimum Increase - An employee whose salary is at the minimum rate for the pay-grade of the current class shall receive an increase to the minimum rate of the pay grade for the job class to which the employee is being promoted. An employee whose salary is within the range of the pay grade for the current class shall receive an increase of one pay increment, as established by the State Personnel Board, per pay grade advanced to a maximum of 3 pay grades, or an increase to the minimum rate of the pay grade for the job class to which the employee is being promoted, whichever is greater. In no case shall an employee receive an increase which causes the employee's pay to

exceed the maximum for the pay grade to which he or she is being promoted.

(b) Exceptions

1. If the salary of an employee being promoted is at or above the maximum rate of the pay grade to which the employee is being promoted, or, if his or her salary is within one pay increment, as established by the State Personnel Board, of the maximum rate of the pay grade to which he or she is being promoted, the employee shall receive an increase of one pay increment with the promotion

2. If an employee has been demoted or reallocated to a class at a lower pay grade with no reduction in pay and is promoted or reallocated within the next twenty-four months within the same agency, no consideration shall be given to the pay grade(s) reduced in the demotion or reallocation when calculating pay on promotion as provided in subdivisions 5.5(a) and (b) of this rule

(c) Additional Increase - The appointing authority may grant additional incremental increases, as established by the State Personnel Board, to an employee being promoted if the employee has sufficient qualifications in excess of the minimum required for the new class. The employee must possess at least six months of pertinent experience or an equivalent amount of pertinent training for each additional incremental increase granted. In no case shall the additional incremental increase cause the employee's pay to exceed the maximum for the pay grade to which he or she is being promoted.

5.6 Pay on Demotion

(a) The appointing authority has the discretion to reduce or not reduce the pay rate of any employee who is demoted if the employee's pay rate is within the pay range of the job class to which the employee is demoted.

(b) The appointing authority shall reduce the pay rate of an employee who is demoted if the employee's current pay rate is above the maximum pay rate for the job class to which the employee is demoted. The reduction may be to any pay rate within the pay range of the job class to which the employee is demoted as long as the pay rate does not exceed the maximum pay rate of the pay range. If the demotion is to a formerly held job class and the employee's current pay rate is above the maximum pay rate for the job class, the reduction may be to any pay rate within the pay range of the job class to which the employee is demoted or to his or her last pay rate in the formerly held job class, even if the last pay rate is above the maximum pay rate for the job class

5.7. Pay on Lateral Class Change - Any employee who receives a lateral class change shall be paid the same salary received prior to the change except in cases where the change is to an agency or job class for which the Board has approved, or the Legislature has authorized, a higher pay range for the pay grade.

5.8. Pay on Reinstatement - The salary for an employee who is reinstated shall be at the minimum salary for the class including any applicable Board approved pay differential. However, an individual possessing pertinent training or experience above the minimum required for the class, as determined by the Director, may be appointed at a pay rate above the minimum, up to the market rate of the salary range, unless otherwise prescribed by the Board. For each pay increment above the minimum, the individual must have in excess of the minimum requirements at least six months of pertinent experience or equivalent pertinent training. The Director may authorize reinstatement at a rate above the market rate where the appointing authority can substantiate severe or unusual recruiting difficulties for the job class, or where the reinstated employee's last salary as a classified employee was above the market rate

5.9 Salary Advancements

(a) Basis - All salary advancements shall be based on merit as evidenced by performance evaluations and other recorded indicators of performance.

(b) Eligibility - Salary advancements are limited to permanent employees.

(c) Amount - Salary advancements are limited to a maximum established and subject to change by the State Personnel Board, and shall not cause the new salary to exceed the maximum of the pay grade to which the employee's class is allocated. The State Personnel Board shall establish the maximum for salary advancements by policy on implementation of the pay plan [i.e. as of 5/1/94, no more than 10% in any 12-month period] as specified in subsection 5.2. of this rule

(d) Exceptions - An employee with seven years of total state service who has attained the maximum or above in the range, or for whom a salary advancement would result in his or her salary exceeding the maximum in the range for the class is eligible for a salary advancement. The salary advancement is limited to the difference between two pay increments [i. e. as of 5/1/94, two pay increments equal 10%] and the total percentage of all other increases in pay in the immediately preceding twelve month period except general wage increases mandated by the Legislature.

(e) Effective Dates - Salary advancements for permanent employees are effective on or after the date on which the employees become eligible for the salary advancements.

5.10. Annual Increment Increase - The Board, by formal action, may establish uniform procedures which shall be followed by all State agencies and spending units for compensating eligible employees of the State and its spending units for the annual increment increase provided for in W. Va. Code §5-5-2.

Section 6. Applications and Examinations

6.1 Character of Examinations

(a) Examinations for appointment to a position in the classified service shall be conducted on an open competitive basis. Examinations shall be practical in nature, shall be constructed to reveal the capacity of the applicant for the particular position for which he or she is competing, and shall be rated objectively.

(b) Examinations shall, to the extent possible, be developed on the basis of objective analysis of the job and with the participation of appropriate job experts in the affected agencies and may include: written tests, performance tests, ratings of training and experience, oral examinations, job simulations, or other assessment procedures shown to be related to the content of the job and/or to be predictive of successful job performance

(c) All examination scoring procedures shall be objective. Test weights shall be established to reflect the relative importance of duties performed in the job class. Test weighting and scoring procedures shall be applied consistently to the examinations of all applicants

6.2. Notice of Examinations

(a) The Director shall give public announcement of all open competitive examinations at least 15 days in advance of the closing date for receipt of applications. He or she shall make every reasonable effort to attract qualified persons to compete in these examinations. Notices of examinations and other publicity may be restricted to the places where additional eligibles are needed. Public announcement of examinations shall specify the title and salary range of the class of position, the duties to be performed, the minimum qualifications required, the final date on which applications will be accepted, and all other conditions of competition. The announcement shall also include any special minimum or substitute position qualification standards which will be used in evaluating applicants. The Director shall develop all announced qualifications for examination on the basis of information contained in class specifications as well as job analysis information obtained with the participation of appropriate job experts in affected agencies

6.3 Filing Applications

(a) All applications shall be made on forms prescribed by the Director and must be filed with the Division on or prior to the closing date specified in the announcement or postmarked before midnight of that date. The applications shall be completed in full and may require the inclusion of documents verifying pertinent education, training, licensure, eligibility for veterans' preference points, or any other information which the Director may consider necessary. All applications shall be signed and sworn to or affirmed by the applicant. The Director may verify any information provided on or with an application.

(b) The Director may provide for continuous receipt of applications and for holding examinations as needed.

6.4. Disqualification of Applicants

(a) The Director may refuse to examine an applicant, or after examination, may disqualify the applicant or remove his or her name from a register or certification, or refuse to certify any eligible on a register if:

1. he or she is found to lack any of the preliminary requirements established for the examination or by statute for the class of position;
2. he or she has a disability and is incapable of performing the essential functions of positions in the class with or without reasonable accommodation;
3. he or she has been convicted of an infamous crime or other crime involving moral turpitude which has a reasonable connection to the position/class for which he or she is applying;
4. he or she has made a false statement of material fact or has misrepresented his or her qualifications in his or her application;
5. he or she has previously been dismissed from any public service for delinquency, misconduct, or other similar cause;
6. he or she has used or attempted to use political pressure or bribery to secure an advantage in the examination or appointment;
7. he or she has directly or indirectly obtained information regarding examinations to which he or she was not entitled;
8. he or she has failed to submit his or her application correctly or within the prescribed time limits;
9. he or she has taken part in the compilation, administration, or correction of the examination;
10. he or she has taken the same examination less than 60 days prior to the date of the current examination;
11. at least three former employers state that they would not re-employ him or her, or otherwise indicate that his or her services as an employee were unsatisfactory or that he or she is lacking in character and fitness for the position he or she applied for;
12. the register from which he or she is certified is for a class for which oral skills are essential and an oral examination was not a part of the examination process, and at least two agencies have interviewed him or her and report that he or she is not considered to be suitable for a position in the class he or she was interviewed for;
13. he or she is not eligible to work in the United States;
14. he or she fails to comply with any other reasonable requirements established by the Director for the position; or
15. he or she has otherwise violated provisions of this rule.

(b) In order to be admitted to an open competitive examination, an applicant shall have satisfied all publicly announced minimum qualifications of the position for which he or she has requested an examination, except that he or she may be admitted if he or she is qualified in all respects except for: (1) a deficiency of no more than six months of qualifying training and, at the time of application, he or she is engaged in educational pursuits that will qualify him or her; or (2) a deficiency of no more than one month of qualifying experience and, at the time of application, he or she is employed in work that will qualify him or her. An applicant admitted to an examination with deficiencies in minimum qualifications who passes the examination, is not eligible for employment until the minimum qualifications have been satisfied. The applicant is responsible for furnishing evidence of subsequently satisfying the minimum qualifications.

(c) The Director shall notify a disqualified applicant of his or her disqualification, and shall notify an applicant who is not admitted to an examination because of failure to meet the preliminary requirements by letter to his or her last-known address. The Director may permanently disqualify from examination any applicant disqualified under the provisions of paragraphs 6.4 (a) 3, 4, 5, 6, 7, and 14 of this rule.

(d) Any applicant whose application for examination has been rejected may request that the Director reconsider his or her qualifications. The Director shall consider the request if it is submitted in writing and received not later than fifteen (15) calendar days following the date the rejection notice was postmarked. The Director may admit an applicant to an examination pending the outcome of the written request for reconsideration. Admission to an examination under these circumstances shall not constitute assurance of a passing grade with respect to any portion of the examination process.

(e) Within thirty (30) calendar days after a properly submitted request for reconsideration is received, the

Director shall report his or her decision in writing to the applicant. The Director shall determine that uniform rating or review procedures have been applied. A rating in any part of an examination shall not be changed unless the Director finds that an error has been made. Any correction resulting from the reconsideration shall not affect a certification or appointment that has already been made from a register.

6.5. Conduct of Examinations

(a) Written tests shall be conducted in as many places as are necessary for the convenience of the applicants, as are practicable for proper administration, and when found necessary by the Director to administer more effectively a continuous recruitment program as provided for in subdivision 6.3(b) of this rule. The Director may designate such monitors as may be necessary to conduct examinations under instructions prescribed by him or her, and may also arrange for the use of public buildings in which to conduct the examinations. The Director shall provide for the compensation of monitors and assistants in accordance with the approved budget for that purpose.

(b) Applicants taking competitive assembled examinations shall present personal identification which includes a signature or photograph prior to admission to an examination. Applicants without proper identification shall not be admitted to examinations.

6.6 Scoring Examinations

(a) The Director shall determine a final score for each applicant's examination, computed in accordance with the weights for the several parts established by the Director. Failure in any part of an examination may disqualify the applicant in the entire examination and may disqualify him or her from participation in subsequent parts of the examination. All applicants for the same position shall be accorded uniform and equal treatment in all phases of the examination procedures.

(b) Any veteran (as defined in Section 3 of this Rule) who claims veteran's preference and who has made a passing grade in an open competitive examination shall have five points added to his or her final earned score. An additional five points shall be added to the augmented earned score of any veteran with a compensable service-connected disability or who has been awarded the purple heart. Any person claiming veteran's preference or disability preference shall submit satisfactory proof of his or her service or disability to the Director of Personnel. Veterans' preference points are not added to final passing scores on promotional examinations.

(c) The Director shall utilize appropriate scientific techniques and procedures in rating the results of examinations and in determining the final scores of competitors.

6.7 Rating Training and Experience - If training and experience form a part of the total examination, the Director shall determine a procedure for the evaluation of the training and experience qualifications of the various applicants. The formula used in the evaluation may include an appraisal of the recency and quality as well as quantity of experience and the pertinency of the training.

6.8 Oral Examinations - When an oral examination forms part of a total examination for a position, the Director shall appoint one or more oral examination boards as needed. Any person actively engaged in the work of any political organization, or any person holding political office, shall not serve as a member of any of the boards.

6.9. Notice of Examination Results - Each applicant passing all parts of the examination shall be notified by mail by the Director of his or her final score as soon as practical after the scoring of the examination has been completed and the register established. An eligible, upon request and presentation of proper identification, is entitled to information concerning his or her relative position on a register. The Director shall notify an applicant who fails any part of the examination or the total examination.

6.10. Special Examination - The Director may modify examination procedures to afford reasonable accommodation to otherwise qualified disabled applicants. The modifications may include changes in the existing testing procedures or the use of specific evaluations of the applicants' observable job skills and/or the applicants' record of past performance, experience and training.

6.11. Correction of Errors - If, within thirty days after receipt of his or her score notice, an applicant notifies the Director of a manifest error in the scoring of an examination or other evaluation of the applicant's qualifications, the Director shall, after verification of the error, promptly correct that error. The Director shall send formal written notice of the correction to the applicant. These corrections of errors shall not invalidate any certifications or appointments made prior to corrections of the errors.

6.12. Examination Records - The Director is responsible for the maintenance of all records pertinent to the examination program in accordance with official retention schedules and shall hold the records in confidence as specified in W Va Code §29B-1-1 et seq and §5A-8-21 and §5A-8-22.

Section 7 Registers

7.1. Establishment of Registers -

(a) Competitive registers: After each examination, the Director shall prepare a register of persons with passing grades. The names of these persons shall be placed on the register in the order of their final ratings starting with the highest.

(b) Preference registers: After the layoff of permanent classified employees, the Director shall prepare registers of qualified permanent classified employees who have been laid off. The names of these employees shall be arranged on the register in order of seniority.

7.2. Duration of Registers

(a) Competitive Registers: The life of scores on a register shall be one year from the date of establishment, but this period may be reduced by the Director. If the Director reduces the life of a register, he or she shall notify each eligible remaining on the register to this effect by mail to his or her last-known address.

(b) Preference Registers: A laid off permanent classified employee is eligible for employment from a preference register for no longer than one year and the eligibility ceases immediately upon employment in a classified position.

(c) Notice of Vacancies: It is the duty of the appointing authority to notify the Director as far in advance as possible of vacancies which may occur in the agency. The Director is responsible for determining the adequacy of existing registers and for the establishment and maintenance of appropriate registers for all positions exclusive of exempt positions.

(d) The Director shall nullify a register for any of the following reasons:

1. Changes in the minimum qualifications or classification standards of a class of positions;
2. Abolishment of the class for which the register was established; or
3. Substantial revision of the examination used to establish the register

(e) When a register is declared null and void by the Director, he or she shall notify the affected persons of the action in writing at their last known address.

7.3 Removal of Names from Registers

(a) Competitive Registers: The Director may remove the name of an eligible from a register:

1. for any of the causes stipulated in subdivision 6.4(a) of this rule;
2. on evidence that the eligible cannot be located by letter to his or her last known address;
3. on receipt of a statement from the eligible declining an appointment and stating that he or she no longer desires consideration for an appointment; or,
4. if he or she declines an offer of a probationary appointment for the class for which the register was established in a location for which he or she has declared himself or herself available.

(b) Preference Registers: The Director may remove the name of an eligible from a preference register:

- 1 for any of the causes stipulated in subdivision 7.3(a) of this rule;
- 2 upon appointment of the eligible to a classified position; or
3. on evidence that the eligible does not meet the applicable standards of qualifications and fitness

for a position

(c) The Director shall notify the eligible by mail to his or her last-known address that his or her name has been removed from the register and the reasons for the removal. All notices of changes of address shall be filed in writing by eligibles with the Director.

(d) Any person whose name has been removed from a register allegedly for reasons specified in this rule may appeal to the Board for reconsideration. The appeal must be filed in writing with the Director within fifteen (15) calendar days after the date on which notification to the applicant was postmarked. The appeal shall state the reasons why the applicant should not be removed from the register.

(e) The Board shall review all relevant information to determine if the action appealed was taken in accordance with this rule. Within thirty (30) calendar days after a properly submitted appeal is received, the Director shall report the Board's decision in writing to the applicant.

7.4. Reinstatement to Register

(a) A person who has had his or her name withdrawn from a register at his or her request may have his or her name reinstated on the currently effective register for the same position class provided that the original register is still in effect and that his or her examination score is still valid. His or her rank on the register shall be determined by his or her final earned examination score.

(b) Reinstatement to a register as provided for in the previous subdivision is subject to the following conditions:

1. The person petitioning the reinstatement shall make his or her request to the Director in writing and shall furnish whatever information the Director may require.
2. No person may be reinstated to a register who does not satisfy the current minimum qualifications for the position class for which the register is maintained. The Director may require that he or she pass an appropriate examination in the case of position classes requiring special skills.
3. No person may be reinstated to a register from which he or she has been or may be disqualified under subsections 6.4, 7.3, or 8.2 of this rule.

Section 8 Certification of Eligibles

8.1. Request for Certification - If a vacancy occurs in any position in an agency or if new positions are established and new employees are needed, requisitions shall be submitted by the appointing authority to the Director upon a prescribed form. This requisition shall state the number of positions to be filled in each class, identifying each class title and all other pertinent information.

8.2 Certification Methods

(a) Upon receipt of a requisition, the Director shall first certify and submit to the appointing authority the names of available persons from the appropriate preference register. If no appropriate preference register exists, the Director shall then certify and submit to the appointing authority the names of available persons from the appropriate competitive register established as a result of open competitive examination for the class of position. The number to be certified and submitted will be governed by this subdivision. Nothing in this subdivision shall be construed as altering the exhaustion point of a register as described in subdivision 7.2(a) of this rule.

1. The Director shall first certify and submit the names of all available eligibles from the appropriate preference register. If there are no available qualified eligibles on the appropriate preference register, then the Director shall certify the top ten names or the names of any persons scoring at or above the ninetieth

percentile on the open competitive examination. The Director may certify additional names at his or her discretion.

2. If the competitive register established as a result of a Division of Personnel examination for a specific class of position is exhausted, the Director may certify names from the register, or registers, most appropriate. If there is no register which the Director considers appropriate, then the Director may certify and submit names from a register established as described in subsection 7.1 of this rule.

3. Appointments may be made from a certification anytime within six months of the date of the certification. Six months after the date of the certification, the certification shall be null and void.

(b) If an eligible receives a probationary or permanent appointment, the appointment constitutes for its duration, a waiver of his or her right to certification from any other register on which his or her name appears for a class of position, the salary of which is either equal to or lower than that salary covered by his or her appointment, unless at the time of the appointment he or she requests in writing that his or her name be retained for certification from the register or registers. If a laid-off permanent classified state employee receives a probationary or permanent appointment to a classified position, that employee is no longer eligible for appointment from any preference register.

(c) The name of each employee whose name appears on a register for a class of position with a higher salary range than the salary range of his or her present class of position shall be certified and submitted by the Director and given consideration by the agency for the higher class of position if his or her name is reached.

(d) If in the exercise of his or her choice provided under subsection 9.2 the appointing authority passes over the name of an eligible on a competitive register in connection with three separate appointments he or she has made from the register, written request may be made of the Director that the name of the eligible be omitted from any subsequent certification of the same appointing authority from the same competitive register. The name of the eligible shall thereafter not be certified to the appointing authority from that register for future vacancies in that class of position, or from subsequent registers established for that class of position. However, upon change of the person occupying the position of appointing authority, the Director shall reinstate the name of that person for certifying purposes and shall inform the agency of the reinstatement. If, subsequently, the eligible is interviewed by the agency and rejected once for the same position, his or her name shall not again be certified for that position to that agency during the tenure of the then incumbent appointing authority.

(e) An eligible may be considered not available by the Director if he or she fails to reply to a written inquiry after five days or to telecommunication within 48 hours in addition to the time required for the transmission of the inquiry to his or her last-known address and the reply to the inquiry.

8.3. Selective Certification - Any certification may limit consideration to only those individuals who possess specific qualifications determined to be essential for performance of the duties of a specific position. Selective certification must be approved by the Director.

(a) If a specific position requires special qualifications that are not common to all positions in that class, the appointing authority may request that certification be limited to candidates possessing those qualifications. Eligibles shall have adequate opportunity for special qualification consideration. The specific criteria for the restriction of certification shall be based on the duties of the position as verified by job analysis or by an official position description and written justification.

(b) The Director of Personnel may approve a request for selective certification by gender if the appointing authority provides written justification which clearly shows that only persons of the required gender can perform the duties of the position and the Director has conferred with the Human Rights Commission.

(c) The Director of Personnel may limit certification to candidates available to work at the location of the job. The Director of Personnel may further limit certification geographically when the duties of the position require rapid response to unscheduled emergencies during off duty hours. The appointing authority shall provide written justification of any request for geographic selective certification based on essential duties of the position. The Director shall establish the boundaries of the acceptable geographic areas based on the specific location and demands of the job. The appointing authority shall consider candidates living outside the boundary if they are willing to relocate to the area.

(d) Except for preference certifications, the Director may determine, for certain unskilled or semiskilled job classes for which no previous education, training, or experience is required, that eligibles may be selected for certification by lot. In those cases, all eligibles shall have equal opportunity for certification. No rank order shall be established for the register. Selection for certification by lot will be determined as vacancy requests are received. Once the certification has been made for a particular vacancy, a new certification shall not be issued for the same class and location for sixty days. The employing agency shall offer opportunities for interviews to candidates in the order in which they appear on the certification. It is the responsibility of the employing agency to insure, to the extent practicable, that appointments from the certifications are made based on job-related merit and fitness.

8.4 Corrections of Errors

(a) In the event that a name is certified in error and the error is discovered before one of the named applicants is notified that he or she is appointed, the Director shall withdraw the erroneous certification and make a correct certification. If a certification is to fill more than one position, the Director shall withdraw only that portion of it pertaining to positions for which applicants have not been notified that they are appointed.

(b) In the event a name is certified in error and the error is discovered after one of the named applicants is notified that he or she is appointed but prior to the effective date of the appointment, the Director shall withdraw the certification and appointment as in subdivision (a) of this subsection unless:

1. Acceptance of the appointment caused the named applicant to change his or her place of residence; or,
2. Acceptance of the appointment caused the named applicant to resign from a position that cannot be regained.

(c) In the event a name is certified in error and the error is discovered after the effective date of the appointment of one of the named applicants, the appointment shall continue.

Section 9 Appointments

9.1. Appointees in Positions Added to the Classified Service

(a) When additional state agencies or parts of state agencies are added to the classified service by executive order of the Governor with the consent of the Board and the appointing authority concerned, and when additional county or municipal agencies are added to the classified service by agreement between the local government and the Director with the approval of the Board, a date for the addition shall be fixed by agreement.

(b) All appointments made on and after that date to the positions added to the classified service shall be made in accordance with this rule.

(c) The Director shall administer qualifying examinations to any person employed in a position added to the classified service who has been employed in that position continuously for six months immediately prior to the addition. If recommended by the appointing authority, the Director may admit the employee to a qualifying examination regardless of the minimum qualifications for the class to which his or her position is allocated. The appointing authority shall appoint each person passing the qualifying examination for probationary or permanent employment. The qualifying examinations shall be held within six months after the date of addition of the position to the classified service. The examinations shall include appropriate written and performance tests where these tests are included in open competitive examinations for the class. The appointing authority shall, within thirty days after the examination, separate from employment any employee who fails to pass the qualifying examination unless there are no available eligibles on the register for the class, in which case his or her employment may be continued but he or she must be separated from employment within thirty days after certification of available eligibles.

(d) The appointing authority shall, within thirty days of the date of affiliation, separate from employment any person employed in a position added to the classified service for less than six months preceding that date of affiliation unless there are no available eligibles on the register for the class. If there are no available eligibles, his or her employment may be continued but he or she must be separated from employment within thirty days after

certification of available eligibles. He or she may be given a probationary appointment if he or she has passed an open competitive examination for the class and is eligible for appointment within the provisions of subsection 9.2 of this rule.

(e) In making the appointments provided for in subdivisions 9.1(c) and (d) of this rule the appointing authority may count employment in the agency immediately prior to the appointments as part or all of the probationary period required under Section 10 of this rule. The appointing authority shall promptly report to the Director his or her decision for the records.

9.2. Original Appointments

(a) Appointing authorities shall make all original appointments to classified positions in accordance with this rule. An appointing authority shall select for each position first from the eligibles on an appropriate preference register in accordance with subdivision 12.4 (i) of this rule. Upon exhaustion of the preference register, the appointing authority shall select for each position from the top ten names on the register, including any persons scoring the same as the tenth name, or any persons scoring at or above the ninetieth percentile on the open competitive examination, as provided by subsection 8.2 of this rule. The appointing authority may exclude the names of those eligibles who failed to answer or who declined appointment or of those eligibles to whom the appointing authority offers an objection in writing based on subsection 6.4 of this rule and the objection is sustained by the Director.

(b) In selecting persons from among those certified, the appointing authority may examine their applications and reports of investigations and may interview them. Final selection shall be reported in writing by the appointing authority to the Director.

(c) If the eligible selected declines the appointment, the appointing authority shall transmit evidence of declination and other data to the Director for the permanent record. The Director may consider an eligible as having declined appointment if the eligible fails to reply after five days in addition to the time allowed for transmission of the letter and return of reply, or 48 hours, if notified by telegram. If an eligible accepts an appointment but fails to present himself or herself for duty at the time and place specified without giving reasons for the delay satisfactory to the appointing authority and the Director, he or she shall be considered to have declined the appointment.

9.3. Provisional Appointments

(a) If there are urgent reasons for filling a position and there is no appropriate preference register and there are fewer than three available eligibles on the competitive register established as a result of an examination for the position, and no other appropriate register exists, the appointing authority may submit to the Division of Personnel the name of a person to fill the position pending examination and establishment of a register. If that person's qualifications have been certified by the Director as meeting the minimum qualifications as to training and experience for the position, that person may be provisionally appointed to fill the existing vacancy until an appropriate register is established and appointment made from the register. The position must be classified and minimum qualifications established for the position in accordance with this rule before provisional appointments may be made. No provisional appointment shall be continued for more than thirty days after an appropriate register has been established for the class of position and in no event for more than 6 months from the date of appointment, nor shall successive provisional appointments of the same person be permitted, nor shall a position be filled by repeated provisional appointments.

(b) Time spent on a leave of absence without pay shall not extend the period of a provisional appointment.

9.4. Intermittent Appointments

(a) The Director shall prepare lists of names of persons who have successfully passed an examination for intermittent positions. The lists shall consist of the names of the successful candidates arranged in the order of final scores on the examination. Appointing authorities shall make their selection for each position from the ten highest available names on the list or from the names of any persons scoring at or above the ninetieth percentile. Once a person has received an intermittent appointment in accordance with this subdivision he or she may be given

successive intermittent appointments without regard to standing on the list.

(b) In no case shall intermittent employment of an individual continue for more than 945 hours worked and/or hours of paid sick and/or annual leave in any twelve-month period beginning with the date of the original intermittent appointment, nor shall an intermittent appointment be preceded or followed by a temporary appointment or any other limited term employment within the twelve-month period.

9.5 Temporary Appointments

(a) If an employee is needed for a temporary period, the Director shall make a certification of the names of those eligibles who have indicated a willingness to accept temporary employment in the order of their places on an appropriate competitive register. The Director shall make the certification in the manner prescribed in Section 8 of this rule. Appointing authorities shall make temporary appointments in the same manner as prescribed in this rule for probationary appointments

(b) The duration of a temporary appointment shall be limited to the period of the need and in no event shall a temporary appointment continue for more than 6 consecutive months in any twelve-month period. The acceptance or refusal of a temporary appointment shall not affect an eligible's standing on a register or his or her eligibility for a probationary appointment. Successive temporary appointments to the same position shall not be made nor shall an employee receive continued temporary appointments in the same agency, nor shall a temporary appointment be preceded or followed by an intermittent appointment or any other limited term employment within the twelve-month period.

9.6. Limited Term Employment - Appointing authorities may employ individuals for a limited period of time in accordance with the provisions of this Rule and W.Va Code §29-6-1 et seq. Limited term employment includes, but is not limited to, 30-day emergency, 90-day exempt, temporary, intermittent, and student appointments and seasonal employment with a state forest, park or recreational area

9.7. Posting of Job Openings - Whenever a job opening occurs in the classified service, the appointing authority shall post a notice within the building, facility or work area and throughout the agency that candidates will be considered to fill the job opening. The notice shall be posted for at least ten (10) working days before making an appointment to fill the job opening. The notice shall state that a job opening has occurred, describe the duties to be performed, and the class to be used to fill the job opening.

(a) The term job opening refers to any vacancy to be filled by original appointment, promotion, demotion, lateral class change, reinstatement, or transfer except any vacancy filled as a result of an employee exercising his or her bumping rights as provided in subdivision 12.4 (g) of this rule.

(b) The posting notice shall include a description of the duties to be performed by the person selected, the minimum qualifications for the position, the job class to be used in filling the job opening, the salary level or range that will be considered, the full-time equivalent for the position, and the job location

(c) An established closing date, if any, for the receipt of applications shall allow sufficient time to ensure that the job vacancy circulation has been posted throughout the agency for ten (10) working days. The naming of an individual to fill the position is the appointment and is not altered by the fact that the individual will not assume the duties until a later date. Therefore, the agency shall not make an appointment to a position prior to the deadline for receipt of applications as listed on the posting.

(d) The appointing authority shall give due consideration of those employees who apply and are eligible for the posted vacancy.

(e) If a posted vacancy is not filled within six months of the established closing date, the appointing authority must re-post the vacancy prior to an appointment to the vacant position.

(f) Any employee in the classified service who believes that the posting time and notice requirements of this subdivision have been violated or who is denied consideration for the job opening has the right to initiate a grievance

as provided for in W. Va. Code §29-6A-1 et seq

(g) The vacancy posting requirements in this subdivision shall apply to all classified position vacancies except demotions with prejudice and/or transfers for cause:

Section 10. Probationary Period

10.1 Nature, Purpose, and Duration

(a) The probationary period is a trial work period designed to allow the appointing authority an opportunity to evaluate the ability of the employee to effectively perform the work of his or her position and to adjust himself or herself to the organization and program of the agency. It is an integral part of the examination process and the appointing authority shall use the probationary period for the most effective adjustment of a new employee and the elimination of those employees who do not meet the required standards of work.

(b) Appointing authorities shall make all original appointments to permanent positions from officially promulgated registers for a probationary period of not more than one year. The Board shall fix the length of the probationary period for each class of position. The appointing authority shall notify the Director of Personnel when a probationary period has been completed and permanent status has been granted. This subdivision shall not be construed to prohibit application of time served in a provisional status to completion of a probationary period. The period of provisional appointment may apply toward completion of the probationary period only for that part served continuously, in the same class, and immediately prior to an original appointment. However, it is the responsibility of the appointing authority to state in writing at the time permanent status is being granted that the time served in a provisional status has been applied toward completion of a probationary period.

(c) Time spent by probationary employees on a leave of absence without pay extends the probationary period.

10.2 Conditions Preliminary to Permanent Appointment

(a) Four weeks prior to the end of the probationary period, the appointing authority shall obtain from the probationary employee's supervisor a statement in writing recommending that the employee be continued or not be continued in service. This statement shall include an appraisal of the employee's services and should include a service rating in conformity with the system of performance evaluation prescribed by the Director. If the appointing authority determines that the services of the employee shall be retained, the appointing authority shall notify the employee and the Director of Personnel of the action no later than the last day of the probationary period.

(b) In the event the appointing authority takes no action on the status of a probationary employee before the expiration of the probationary period, either to retain or terminate, the employee shall be considered as having attained permanent status. Permanent status begins the first day following the expiration of the probationary period.

10.3. Demotions during Probation - The serving of a probationary period shall not, of itself, prevent an employee from being demoted to a position in a lower class, provided he or she meets the minimum qualifications of the lower class. However, the appointing authority may not take this action until the employee has been presented with the reasons in writing and has been given a reasonable time to reply in writing, or to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall not take this action until the employee has completed one-third of the probationary period. The probationary period for the class of position to which the employee is demoted begins with the date of demotion.

10.4 Transfers during Probation - An appointing authority shall not transfer an employee during his or her probationary period to a position in another class. An appointing authority shall not transfer an employee, certified to a vacancy on a geographic selective certification in accordance with the provisions of subsection 8.3 of this rule, from that geographic area to any other geographic area or class.

10.5 Dismissal during Probation

(a) If at any time during the probationary period, the appointing authority determines that the services of the employee are unsatisfactory, the appointing authority may dismiss the employee in accordance with subsection 12.2. of this rule. If the appointing authority gives the fifteen calendar days notice on or before the last day of the probationary period, but less than fifteen calendar days in advance of that date, the probationary period shall be extended fifteen days from the date of the notice and the employee shall not attain permanent status. This extension shall not apply to employees serving a twelve month probationary period.

(b) The Director may restore the name of a dismissed probationary appointee who has been dismissed to the register from which he or she was certified, in accordance with the procedure described in subsection 12.7 of this rule, but the Director shall not in the future certify the name of that person to the same appointing authority from the same register.

Section 11. Promotions, Demotions and Transfers

11.1. Method of Making Promotions

(a) In filling vacancies, appointing authorities shall make an effort to achieve a balance between promotion from within the service and the introduction into the service of qualified new employees. Whenever practical and in the best interest of the service, an appointing authority may fill a vacancy by promotion, after consideration of the eligible permanent employees in the agency or in the classified service based on demonstrated capacity and quality and length of service.

(b) The Director must certify that a candidate for promotion possesses the qualifications for the position as set forth in the specifications for the class of position for which he or she is a candidate, and the appointing authority may require the candidate to qualify for the new position by a promotional competitive or non-competitive examination administered by the Director.

11.2. Promotion by Competitive Examination

(a) If it is determined by the appointing authority to fill vacancies in a particular class of position by promotion by competitive examination, the examination shall be given under the direction of the Director. To be eligible for promotion, an employee must, at the time the promotion is effective, have permanent status and must meet the minimum qualifications as to training and experience for the class of position. A promotional competitive examination shall consist of any combination of the following: written tests, ratings on training and experience, evaluation of recorded service ratings and seniority, performance tests and oral examinations. The combination in each case and the procedure for the determination of the passing grade shall be announced by the Director in advance of the examination, and shall take into consideration approved practices.

(b) The Director shall place the names of all employees who receive a passing grade on a promotional register for the class of position in order of their examination ratings.

(c) If a promotional and an original register exist, the Director shall certify the same number of names from each register in accordance with Section 8 of this rule. The appointing authority may make his or her selection from the names submitted from either register, giving such preference to present employees as the good of the service will permit.

11.3 Promotion by Noncompetitive Examination - If it is determined by the appointing authority to fill a vacancy by a non-competitive promotional examination, an employee proposed for promotion shall be examined by the Director in accordance with subsection 11.2 of this rule, and if found to qualify for the class will be certified.

11.4. Demotions - There are two types of demotion, demotion with prejudice and demotion without prejudice. A demotion with prejudice is a reduction in pay and/or a change in job class to a lower job class due to the inability of an employee to perform the duties of a position or for improper conduct. A demotion without prejudice is a change in job class of an employee to a lower job class, a transfer of an employee to a lower job class, or a reduction in the employee's pay due to business necessity. An appointing authority may demote a permanent employee after presenting the employee with the reasons for the demotion stated in writing, and allowing the

employee a reasonable time to reply in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall file the statement of reasons for the demotion and the reply with the Director of Personnel. An appointing authority may demote a probationary employee as provided for in subsection 10.4 of this rule.

11.5. Lateral Class Change - An appointing authority may move a permanent employee from a position in one class to a vacant position in another class in the same pay grade if the employee is found by the Director to qualify for the vacant position

11.6 Transfers

(a) Except as otherwise provided in subsection 10.4 of this rule, appointing authorities may transfer a permanent employee from a position in one organizational subdivision of an agency to a position in another organizational subdivision of the same or another agency at any time. In the case of inter-agency transfers, an appointing authority shall transfer all hours of accumulated annual and sick leave and all service credit with the employee. An appointing authority shall not treat an inter-agency transfer as a resignation and shall not require an employee transferring inter-agency to submit a resignation letter except when the employee is resigning from a classified position to accept employment in a classified-exempt position.

(b) Appointing authorities shall report all inter and intra-agency transfers within a class to the Director on appropriate forms at the time of the transfer. The Director shall approve transfers to comparable classes prior to the transfers and shall require that the employee meet the minimum qualifications of the new class

Section 12. Separations, Suspension, and Reinstatement

12.1. Resignations - An employee who resigns shall present the reasons for the resignation in writing to the appointing authority. The appointing authority shall forward a copy of the resignation to the Director of Personnel who shall record the resignation. If a written resignation cannot be obtained, the appointing authority shall notify the Director of Personnel in writing of the resignation of the employee and the circumstances of the resignation. The appointing authority shall not treat an intra-agency nor an inter-agency transfer as a resignation except when the employee is resigning from a classified position to accept employment in a classified-exempt position

12.2. Dismissals

(a) An appointing authority may dismiss any employee for cause. Prior to the effective date of the dismissal, the appointing authority or his or her designee shall: meet with the employee in a predetermination conference and advise the employee of the contemplated dismissal; give the employee oral notice confirmed in writing, or written notice of the specific reason or reasons for the dismissal; and, give the employee a minimum of fifteen calendar days advance notice of the dismissal to allow the employee a reasonable time to reply to the dismissal in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. The appointing authority shall file the reasons for dismissal and the reply, if any, with the Director of Personnel. A predetermination conference and fifteen days notice are not required when the public interests are best served by withholding the notice or when the cause of dismissal is gross misconduct. An appointing authority may dismiss an employee after oral notice stating specific reasons, confirmed in writing, when the dismissed employee's action(s) constitute a threat to the safety or welfare of persons or property.

(b) An appointing authority may require that an employee dismissed for cause immediately vacate the workplace, or an employee dismissed for cause may elect to do so. If the appointing authority requires a dismissed employee to immediately vacate the workplace in lieu of working during the notice period, or if an employee who receives notice of dismissal for cause elects to immediately vacate the workplace, the employee is entitled to receive severance pay attributable to the time he or she otherwise would have worked, up to a maximum of fifteen calendar days after vacating the workplace. Receipt of severance pay does not affect any other right to which the employee is entitled with respect to the dismissal

(c) An appointing authority may dismiss an employee for job abandonment who is absent from work for more than three consecutive workdays without notice to the appointing authority of the reason for the absence as required by established agency policy. The dismissal is effective fifteen calendar days after the

appointing authority notifies the employee of the dismissal. Under circumstances in which the term job abandonment becomes synonymous with the term resignation, an employee dismissed for job abandonment is not eligible for severance pay.

12.3. Suspension - An appointing authority may suspend any employee without pay for cause or to conduct an investigation regarding an employee's conduct which has a reasonable connection to the employee's performance of his or her job. The suspension shall be for a specific period of time, except where an employee is the subject of an indictment or other criminal proceeding. Accrued leave shall not be paid to employees during any period of suspension. Prior to the effective date of the suspension, the appointing authority or his or her designee shall: meet with the employee in a predetermination conference and advise the employee of the contemplated suspension; give the employee oral notice confirmed in writing, or written notice of the specific reason or reasons for the suspension; and, give the employee a minimum of three working days advance notice of the suspension to allow the employee being suspended a reasonable time to reply in writing, or upon request to appear personally and reply to the appointing authority or his or her designee. A predetermination conference and three working days advance notice are not required for employees in certain cases when the public interests are best served by withholding the notice. The appointing authority shall file the statement of reasons for the suspension and the reply, if any, with the Director of Personnel.

12.4. Layoff

(a) When it becomes necessary by reason of shortage of work or funds, abolition of position, material changes in duties or organization, or to permit reinstatement of employees released from periods of military service in the armed forces of the United States or to implement the provisions of this subdivision, the appointing authority may initiate a layoff in accordance with the provisions of this rule.

(b) Organizational Unit. The appointing authority shall submit to the State Personnel Board for approval a description of the unit or units to which a layoff will apply. The organizational unit may be an entire agency, division, bureau, or other organizational unit.

(c) Prior to the separation or demotion without prejudice of any employee by layoff, the appointing authority shall file with the Director a proposed plan which shall include:

1. a statement of the circumstances requiring the layoff;
2. the approved organizational unit(s) in which the proposed layoff will take place; and,
3. a list of the employees in each class affected by the layoff in order of retention.

(d) It is the duty of the Director to verify the details on which the lists are based and to notify the appointing authority in writing of the plan's approval.

(e) The plan followed by the appointing authority shall be available, upon request in writing, to any employee or adversely affected former employees.

(f) Order of Separation. After the appointing authority has determined the number of positions to be abolished and the Board has approved the organizational unit to which the layoff will apply, the order of separation shall be applied in the following manner:

1. employees without permanent status in the same class or classes identified for layoff in the following order: emergency, ninety-day exempt, student, seasonal, contract, intermittent, temporary, exempt part-time professional, provisional, and probationary.
2. permanent employees by job class on the basis of tenure as a permanent employee of a state agency or in the classified service regardless of job class or title. No tenure credit accrues for periods during which terminal annual leave is paid nor for periods during which an employee is not paid a wage or salary except for military leave, educational leave, or periods during which the employee is paid temporary total disability benefits under the provisions of WV Code §23-4-1 for a personal injury received in the course of and resulting from covered employment as a permanent employee of a state agency or in the classified service, or unless otherwise provided by

State or Federal statute. In the event of a tie in the order of separation, the appointing authority or his or her representative and those employees who are tied shall agree on a means of breaking the tie by either a coin toss or lot drawing and shall notify the Director in writing of the agreement and the results.

(g) **Bumping Rights** A permanent employee who is to be laid off may request a lateral class change or a demotion without prejudice to a job class in a lower pay grade in the occupational group in the same unit approved by the Board for reduction in force unless the results would be to cause the layoff of another permanent employee who possesses greater seniority than the employee who is exercising the request for lateral class change or demotion without prejudice. The employee requesting the lateral class change or demotion without prejudice must be available for the work schedule and at the work location of the job to which he or she has requested the change or demotion. A permanent employee who is laid off under these provisions as a result of another employee having a greater seniority requesting a lateral class change or demotion with prejudice has the same bumping rights as provided for in this procedure. The Director shall develop the occupational groups in the classified service based on similarity of work and required knowledges, skills and abilities.

(h) **Salary Reductions for Layoff.** Salary reductions resulting from provisions of this subdivision shall follow subsection 5.6 of this rule for pay on demotion.

(i) **Recall.** Recall of a permanent employee shall be to the agency as a whole and in reverse order of the layoff to the class from which the employee was laid off or any lower class in the class series or to any class previously held in the occupational group. A permanent employee shall remain on the recall list for the length of his or her tenure on the date of the layoff or for a period of two years, whichever is less. The agency shall first consider for reemployment those former permanent employees whose names appear on the recall list for the class in which a vacancy has occurred and no original appointment of a new employee or reinstatement of a former permanent employee shall be made to the class until all former permanent employees on the recall list have been given first chance of refusal of the vacancy. A permanent employee shall be recalled to jobs within the county wherein his or her last place of employment is located or within a contiguous county. The agency shall notify any laid off permanent employee who is eligible for recall to a position under these provisions by certified mail of the vacancy. It is the responsibility of the employee to notify the agency of any change in mailing address.

(j) **Preference Hiring** When filling vacancies at agencies, appointing authorities shall, for a period of twelve months after the layoff of a permanent classified employee in another agency, give preference to those laid-off qualified permanent classified employees based on seniority and fitness over all but existing employees of the agency or its facilities. This preference shall not supersede the recall rights of employees who have been laid off in the agency. Preference hiring shall be accomplished by original appointment.

(k) **Reporting.** The appointing authority shall report the names of all employees who are to be laid off to the Director in writing no later than the date notification of the layoff is mailed to the employee.

(l) **Appeals** Employees shall file appeals from layoffs in accordance with W Va. Code §29-6A-1 et seq.

12.5. **Like Penalties for Like Offenses** In dismissals for cause and other disciplinary actions, appointing authorities shall impose like penalties for like offenses.

12.6 Reinstatement

(a) A former employee who had attained permanent status under the Division of Personnel who has resigned or who has been laid off is eligible for reinstatement, provided that he or she has been certified by the Director as meeting the current minimum qualifications as to training and experience of the class of position to which he or she is being appointed. Prior to making the certification, the Director may require the employee to pass a qualifying examination. The Director may refuse to reinstate a former employee for any of the causes stipulated in subdivision 6.4.(a) of this rule.

(b) Appointing authorities shall reinstate provisional, probationary, or permanent employees who leave the classified service to enter the armed forces of the United States in time of war or national emergency or under compulsory provisions of law of the United States in time of peace to their former positions or to positions of like

class, seniority and pay within 30 days following application provided that within 90 days after release from active military service the employees indicate in writing or in person to the agency their readiness and ability to return to classified employment. Veterans hospitalized immediately on release from the armed services due to service-connected disabilities must apply for reinstatement within 90 days of their release from hospitalization

(c) Any veteran who has been in the armed services of the United States and who has been granted military leave from one of the agencies and who returns to the agency shall be granted all within-grade salary adjustments and may be granted salary advancements he or she would have received had he or she remained in active status in the classified service. He or she shall be credited with all annual and sick leave accumulated and unused at the time the military leave began. The appointing authority shall uniformly apply the provisions in this subdivision to all veterans within an agency having had military leave and who return to the agency

Section 13 Reconsideration - Any applicant or employee may request that the Director reconsider a decision which directly affects the applicant or employee. Unless otherwise specified in this rule, the request must be submitted in writing within fifteen days of the applicant's or employee's notification of the decision. Within thirty days of receipt of the applicant's or employee's request for reconsideration, the Director shall notify the applicant or employee of his or her decision.

Section 14. Attendance and Leave In compliance with West Virginia Code §21-5C-1 et seq., §2-2-1 et seq., §15-5-15a, and §29-6-10 the following provisions apply to classified employees

14.1 Official Holidays

(a) Employees shall be released from work with pay in observance of the following official holidays: New Year's Day, the first day of January; Martin Luther King's Birthday, the third Monday of January; Lincoln's Birthday, the twelfth day of February; Washington's Birthday, the third Monday of February; Memorial Day, the last Monday in May; West Virginia Day, the twentieth day of June; Independence Day, the fourth day of July; Labor Day, the first Monday of September; Columbus Day, the second Monday of October; Veterans' Day, the eleventh day of November; Thanksgiving Day, the fourth Thursday of November; Christmas Day, the twenty-fifth day of December; any day on which an election (Primary, General, or Special) is held throughout the State, and, such other days as the President, Governor or other duly constituted authority proclaim to be official holidays or days of special observance or thanksgiving, or days for the general cessation of business

(b) When a holiday falls on a Sunday, the following Monday shall be observed as the official holiday. When a holiday falls on a Saturday, the previous Friday shall be observed as the official holiday. When Christmas or New Year's Day occurs on Tuesday, Wednesday, Thursday, or Friday, the last half of the scheduled workday immediately preceding the holiday will be given as time off not to exceed four hours. When an agency must modify holiday observances to accommodate around-the-clock shifts or other special needs, the agency shall notify employees in advance of the modification and shall schedule alternate holiday observances on days as close as possible to the holidays. The total amount of paid time off for holidays shall not exceed eight hours per full day holiday.

(c) Part-time employees are entitled to receive time off with pay for holidays, regardless of whether the holidays fall within the employees' regular work schedules, in proportion to the amount of time worked as compared to the employer's standard workweek for a full-time employee

(d) An employee must either work or be on approved paid leave for either the full scheduled workday before or the full scheduled workday after the holiday and either work or be on approved paid leave for any fraction of the scheduled workday before or the scheduled workday after the holiday to receive pay for the holiday. No employee is entitled to payment for any holiday that occurs prior to the first day of work or after the date of separation (sub-section 3.25)

(e) Agencies shall make reasonable accommodation to an employee's religious holidays as required by law

14.2. Agency Work Schedules - Each appointing authority shall establish the work schedule for the employees of his or her agency. The work schedule shall specify the number of hours of actual attendance on duty for full-time employees during a workweek, the day and time that the workweek begins and ends, and the time that each work shift begins and ends. The work schedules and changes must be submitted to the Director within fifteen (15) calendar days after employees commence work under the schedule.

14.3. Annual Leave

(a) Amount, Accrual - Except as otherwise noted in this rule, each employee is eligible to accrue annual leave with pay and benefits. The table below lists the rates of accrual according to the employee's length of service category and the number of hours of annual leave that may be carried forward from one calendar year to another. Annual leave is accrued at the end of each pay period or on the last workday for separating employees. It may be prorated for employees granted a medical leave of absence or satisfying the conditions for approval of a medical leave of absence in accordance with subdivision 14.8(c) of this rule. Prorated leave is computed in proportion to normal hours worked and/or hours of paid sick and/or annual leave during the pay period based on the proper length of service category. Annual leave cannot be accrued for hours not paid nor for hours worked beyond the normal workweek which shall not exceed 40 hours.

Length of Service Category	Accrual Rate: Hours Equal To	Carry-forward Rate: Hours Equal To
Less than 5 years of qualifying service	1.25 days/month	30 days
5 years but less than 10 years of qualifying service	1.50 days/month	30 days
10 years but less than 15 years of qualifying service	1.75 days/month	35 days
15 years or more of qualifying service	2.00 days/month	40 days

(b) Service to Qualify - Qualifying service for length of service category is based on State employment or employment in the classified service. No service credit accrues for periods during which an employee is not paid a wage or salary unless otherwise provided by State or Federal statute.

(c) Requesting, Granting - Accrued annual leave shall be granted at those times that will not materially affect the agency's efficient operation or when requested under the provisions of W Va. Code §21-SD-1 et seq., the Parental Leave Act and 29 U.S.C. §2601-2654, The Family and Medical Leave Act of 1993. The employee shall request annual leave in advance of taking the leave except as noted elsewhere in this subdivision. Annual leave may not be granted in advance of the employee's accrual of the leave. Agencies are encouraged to grant annual leave when hazardous conditions make going to and from work difficult.

(d) Coverage

1. 30-day emergency, per diem, student, seasonal, or 90-day exempt employees shall not accrue annual leave.
2. Annual leave accrued by provisional, intermittent, irregular part-time and temporary (appointed from the register) employees shall be computed in proportion to normal hours worked and/or hours of paid sick and/or annual leave during the pay period not to exceed the full-time work schedule of the employer. These employees must take their accrued annual leave prior to the expiration of the period of appointment, unless immediately followed by an appointment from the register, or the leave is forfeited.
3. Annual leave accrued by part-time employees shall be computed in proportion to normal hours worked and/or hours of paid sick and/or annual leave during the pay period based on the proper length of service.

category.

(e) Minimum Charge - The minimum charge against annual leave shall be one quarter (¼) hour. Additional leave shall be in multiples of a quarter hour.

(f) Separation from Employment - The appointing authority shall pay an employee who separates from employment for any reason for all accrued and unused annual leave. An employee does not accrue annual leave after his or her date of separation. The payment shall be made according to one of the following methods:

1. An employee may elect to be paid in semi-monthly installments at his or her usual rate of pay as if employment were continuing until the pay period during which the accrued annual leave is exhausted. If the last day for which leave payment is due falls before the day on which the pay period ends, terminal annual leave payment for those days within that pay period shall be calculated using the daily rate for the half-month in which the last day on payroll occurs. Employees in positions allocated to job classes assigned to an hourly pay schedule or per diem pay schedule approved by the Board shall be paid according to those standard procedures. No deductions may be made for contributions toward retirement from the payment for terminal annual leave;

2. Any eligible employee as defined in W Va. Code §5-5-1 who is separated from employment by resignation, layoff, dismissal, retirement, death, or termination, may be paid in a lump sum, at his or her option, for accrued and unused annual leave. Terminal annual leave payment for an employee who selects a lump sum payment shall be calculated as if employment were continuing until the pay period during which the accrued annual leave is exhausted in accordance with paragraph one of this subdivision. Employees in positions allocated to job classes assigned to an hourly pay schedule or per diem pay schedule approved by the Board shall be paid according to those standard procedures. The lump sum payment shall be made by the time of what would have been the employee's next regular pay day had his or her employment continued. No deductions may be made for contributions toward retirement from the lump sum payment; or

3. An employee who retires may elect not to receive payment for any or all terminal annual leave and may apply the balance towards extended insurance coverage under guidelines established by the Public Employees Insurance Agency or to acquire additional credited service in the appropriate state retirement system.

(g) Transfer of Annual Leave

1. When a classified employee transfers or otherwise changes employment from one agency to another, all service credit and hours of accrued annual leave shall be transferred. The previous employer shall provide written documentation of the employee's annual leave balance to the other agency within thirty (30) calendar days after the employee commences work.

2. Annual leave accrued while in exempt or classified-exempt permanent employment shall be transferred to classified employment.

(h) When Sick Leave Exhausted - Annual leave, if requested, shall be granted in circumstances when sick leave or the sick leave allowance for an employee's immediate family is exhausted. The provisions of subdivision 14.4.(g) of this rule regarding the necessity for a physician's statement when sick leave is used apply when annual leave is used under these circumstances.

14.4 Sick Leave

(a) Accrual - Except as otherwise provided in this subdivision, each employee shall receive accrued sick leave with pay and benefits. Sick leave is computed on the basis of hours equal to 15 days per month for full-time employees. Sick leave is accrued at the end of each pay period or on the last workday for separating employees. It may be prorated for employees granted a medical leave of absence or satisfying the conditions for approval of a medical leave of absence in accordance with subdivision 14.8(c) of this rule. Prorated leave is computed in proportion to normal hours worked and/or hours of paid sick and/or annual leave during the pay period. Sick leave cannot be accrued for hours not paid nor for hours worked beyond the normal workweek which shall not exceed 40 hours. There is unlimited accumulation of sick leave.

(b) Coverage

1. Sick leave shall not be accorded 30-day emergency, 90-day exempt, student, or per diem employees
2. Provisional, temporary (appointed from the register), irregular part-time and intermittent employees shall accrue sick leave in proportion to normal hours worked and/or hours of paid sick and/or annual leave in the pay period. The leave expires at the termination of the period of employment unless immediately followed by an appointment from the register for a permanent position.
3. Part-time, probationary, and permanent employees shall accrue sick leave with pay and benefits in proportion to hours they are employed to work annually.

(c) Minimum Charge - The minimum charge against sick leave is one quarter (¼) hour. Additional leave is charged in multiples of one quarter hour.

(d) Maximum Charge - The maximum charge against sick leave is one work year per substantially continuous absence. The appointing authority may at his or her discretion grant additional accrued sick leave if the employee's disability, as verified by a physician, is not of such a nature as to render the employee permanently unable to perform the essential duties of the position.

(e) Separation from Employment - Sick leave does not accrue after the date of separation as defined in this rule.

1. Retirement - An employee eligible to retire at the time of separation from employment may use unused sick leave to purchase extended insurance coverage upon retirement under guidelines established by the Public Employees Insurance Agency or upon retirement to acquire additional credited service in the state retirement system under guidelines established by the Consolidated Public Retirement Board.

2. All Other Separations - All accumulated sick leave shall be cancelled as of the date of separation. If an employee returns to eligible employment, as provided in subdivision (b) of this subsection, within twelve (12) calendar months, including the first working day the reinstatement could be accomplished, all cancelled sick leave shall be restored. However, if the employee returns to eligible employment after more than twelve (12) calendar months from the effective date of separation of employment, no more than thirty (30) days of cancelled sick leave shall be restored. If an employee is recalled from a layoff all cancelled sick leave shall be restored.

(f) Granting - Sick leave may not be granted in advance of the employee's accrual of the leave. Appointing authorities shall grant accrued sick leave requested by employees for the following reasons:

1. Illness - Sick leave shall be granted in the event of an illness of, or injury to, an employee which incapacitates him or her from performing his or her duties;

2. Death in the immediate family of the employee - Sick leave shall be granted up to 3 days to an employee for the death of any member of his or her immediate family as defined in this rule;

3. Exposure to Contagious Disease - Sick leave shall be granted in the case of exposure to a contagious disease when a physician determines and states in writing that the employee's presence on duty may jeopardize the health of others;

4. Pregnancy - An incapacity due to pregnancy shall be charged to sick leave under the same conditions applying to any illness;

5. Routine Dental and Medical Appointments-Employee - Routine dental and medical appointments for treatment or examination of the employee shall be charged to sick leave. Reasonable travel time for the appointments may also be charged to sick leave not to exceed a total of three hours per occurrence;

6. Illness and/or Routine Dental and Medical Appointments-Immediate Family - Absence for illness or routine medical and dental appointments of a member of an employee's immediate family as defined in this rule shall be charged to accrued sick leave, not to exceed 40 hours per calendar year. Reasonable travel time for the appointments may also be charged to sick leave not to exceed a total of three hours per occurrence; or,

7. Work related illness or injury - An employee may elect to use sick leave due to a personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. Va. Code §23-4-1. However, an employee who elects not to use sick leave under this paragraph must apply for a medical leave of absence without pay as provided under part 14.8(c)1.a.2 of this rule.

(g) Physician's Statement

1. The Director shall prescribe a physician's statement form to be supplied by all agencies to its employees. All agencies shall use this form or an alternate form or method, approved by the Director, to obtain the necessary information.

2. Within two days of return to work, an employee shall furnish a prescribed physician's statement form from the attending physician/practitioner for all consecutive days of sick leave granted beyond three working days. If the employee's physician/practitioner has placed restrictions or limitations on the employee's work activities, the employee must furnish the prescribed physician's statement immediately upon return to work. The physician's statement form shall specify the period of incapacity and state that the employee was unable to perform his or her job or that the employee's absence was due to reasons provided in Paragraph 14 4(f)6 of this rule for a member of the employee's immediate family.

3. In the absence of a prescribed physician's statement form, the entire absence shall be charged to unauthorized leave as provided in subsection 14.6 of this rule, and the employee's pay shall be docked the following pay period for the entire period of absence. The appointing authority shall notify the employee in writing that his or her pay is being docked.

4. For extended periods of sick leave, a prescribed physician's statement form confirming the necessity for continued leave must be submitted within thirty (30) calendar days of the commencement of the sick leave and must indicate a date the physician will release the employee to return to work or a date the physician will re-evaluate the employee's medical condition. For employees being re-evaluated, an additional physician's statement must be submitted upon re-evaluation. Failure to produce the required statement is grounds to terminate further sick leave benefits and the appointing authority shall immediately place the employee on unauthorized leave and notify the employee in writing of such action as provided in subsection 14 6 of this rule. This written notice shall allow the employee fifteen days to submit the required physician's statement. Failure of the employee to submit the required statement within the fifteen day notice period, except for satisfactory reasons submitted in advance to the appointing authority, is cause for dismissal. The necessity for absence because of exposure to contagious disease must be verified on a prescribed physician's statement form regardless of the length of absence.

(h) Return At Less Than Full Duty - The appointing authority may permit an employee to return to work from sick leave at less than full duty, but the terms of return shall be in writing and are subject to review by the Director. The review may include the requirement of additional information from a physician regarding the employee's ability to perform the essential duties of his or her job.

1. Any denial of an employee's request to return to work at less than full duty must be approved by the Director.

2. The Director may deny the request to return to work at less than full duty under conditions including, but not limited to, the following:

- (a) the employee cannot perform the essential duties of his or her job;
- (b) the nature of the employee's job is such that it may aggravate the employee's medical condition; or,
- (c) the approval of the request would seriously impair the conduct of the agency's business

3. Approval of a return to work at less than full duty shall be granted for no longer than 30 days. Requests to continue at less than full duty for more than 30 days shall fall under the same requirements as an original request.

(i) Transfer of Sick Leave

1. When a classified employee transfers or otherwise changes employment from one agency to another, all hours of accrued sick leave shall be transferred. The previous employer shall provide written documentation of the sick leave balance to the other agency within thirty (30) calendar days after the employee commences work.

2. At the discretion of the appointing authority, sick leave accrued while in other State employment may be transferable to covered agency employment.

(j) Illness While on Annual Leave - An employee who becomes ill and who is admitted to a hospital or has

medical services performed in an emergency room while on previously approved annual leave may request that all or part of the time spent in a hospital or emergency room be charged to sick leave. The employee shall request that action immediately upon return to work and shall provide a physician's statement or hospital statement listing the specific dates of hospitalization or emergency room services. Sick leave may be charged only for the period of time the employee is hospitalized or in the emergency room. The remainder of the time shall be charged to annual leave.

14.5. Suspected Leave Abuse - When an employee appears to have a pattern of leave abuse, including such frequent use of sick leave as to render the employee's services undependable, the appointing authority may request appropriate substantiation of the employee's claim for leave, for example, verification of an illness of less than three days. The appointing authority shall give the employee prior written notice of the requirement for appropriate substantiation.

14.6. Unauthorized Leave - When an employee is absent from work without authorization for sick or annual leave, the appointing authority shall dock the employee's pay in the next pay period for an equal amount of time paid during which no work was performed. The appointing authority shall notify the employee in writing that his or her pay is being docked and that the unauthorized leave is misconduct for which discipline is being imposed. The appointing authority shall use unauthorized leave only in cases when the employee fails to obtain the appropriate approval, according to agency policy, for the absence. The appointing authority shall transmit notice of the action in writing to the Director of Personnel.

14.7. Overtime Work and Holiday Work - An appointing authority or his or her designated representative may require an employee to work in excess of the prescribed working hours or on holidays when

the work is considered necessary to the public interest. Compensation shall be made in accordance with the Fair Labor Standards Act of 1938 and W. Va. Code §21-5(C)-1 et seq.

14.8. Leave of Absence Without Pay

(a) Personal Leave - An appointing authority may grant a permanent, probationary, or provisional employee a leave of absence without pay for a specific period of time which normally should not exceed one year. The employee shall apply for the leave of absence in writing to the appointing authority. If the appointing authority approves the request, the approval shall be in writing. A leave of absence without pay may exceed the normal one year limitation and the appointing authority may grant the leave of absence at his or her discretion based on the agency's personnel needs. Time spent by provisional employees for leaves of absence does not extend the provisional period limitation. Written approval of the appointing authority is required in all cases. Approval of personal leave is discretionary with the appointing authority.

(b) Family Leave - The Board, by formal action, may establish uniform procedures, which shall be followed by all appointing authorities, for granting leave to eligible employees under the provisions of W. Va. Code §21-5D-1 et seq., the Parental Leave Act, and 29 U.S.C. § 2601-2654, the Family and Medical Leave Act of 1993.

(c) Medical Leave; Notice to Employee

1. An injured or ill permanent employee upon written application to the appointing authority shall be granted a medical leave of absence without pay not to exceed six (6) months within a twelve month period provided:

a. The employee (1) has exhausted all sick leave and makes application no later than fifteen (15) calendar days following the expiration of all sick leave or (2) has elected not to use sick leave for a personal injury received in the course of and resulting from covered employment with the State or its political subdivisions in accordance with W. Va. Code §23-4-1 and makes application no later than fifteen (15) calendar days following the date on which the employee filed a claim for Worker's Compensation;

b. The employee's absence is due to an illness or injury which is verified by a physician/practitioner on the prescribed physician's statement form stating that the employee is unable to perform his or her duties and giving a date for the employee's return to work or the date the employee's medical condition will be re-evaluated;

c. A prescribed physician's statement form is submitted each time the employee's

condition is re-evaluated to confirm the necessity for continued leave; and,

d. The disability, as verified by a physician/practitioner on the prescribed physician's statement form, is not of such nature as to render the employee permanently unable to perform his or her duties.

2. The appointing authority shall, at least 15 days prior to, if possible, but no later than five (5) days following the expiration of the employee's sick leave, mail to the employee a written notice of the employee's right to a medical leave of absence without pay and informing him or her that the leave will not be granted if he or she fails to apply within the time limits specified in subparagraph 14.8(c)1.a. of this rule

(d) End of Leave

1. At the expiration of a leave of absence without pay, the employee shall be returned to duty to either his or her former position, or one of comparable pay and duties, without loss of rights, unless the position is no longer available due to a reduction-in-force

2. If the leave of absence without pay was granted due to personal illness, the employee must furnish from the attending physician/practitioner a prescribed physician's statement form indicating the ability of the employee to return to work. The appointing authority may permit an employee to return to work at or before the expiration of the leave of absence at less than full duty, but the terms of return are subject to the same conditions specified in subdivision 14.4(h) of this rule.

3. Failure of the employee to report promptly at the expiration of a leave of absence without pay, except for satisfactory reasons submitted in advance to the appointing authority, is cause for dismissal

(e) Reporting Procedures - The appointing authority must report a leave of absence without pay to the Director. The appropriate forms must include the provision of this Rule under which the leave is being granted, the employee's last date on the payroll, and the specific anticipated date for return to duty

14.9. Military Leave

(a) State Active Duty and Reserve Military Service - In accordance with the provisions of West Virginia Code §15-1F-1(a), all officers and employees of the State who are members of the National Guard or of any of the reserve components of the armed forces of the federal government are entitled to a leave of absence from employment without loss of pay, status, or efficiency rating, on all days during which they are engaged in drills or parades, or for examination to determine fitness for duty, inactive duty training, funeral honors duty for the State or federal government, active duty for training or active service for the State all to include reasonable travel time to and from the duty location, for a maximum period of thirty working days in any one calendar year when ordered or authorized by proper authority. The term "without loss of pay" means that the employee continues to receive his or her normal salary or compensation, notwithstanding the fact that the employee may have received other compensation during the same period. An employee need not exhaust all annual leave or sick leave. Furthermore, the leave of absence is considered as time worked for the agency in computing seniority, eligibility for salary increase and experience with the agency. The terms of this subdivision do not apply under the provisions of any military selective service act. An employee shall provide to the appointing authority advance written or verbal notification of an obligation or intention to perform military duty and such written orders or other documentation, if available, in support of the request for military leave. None of the unused days of military leave for which an officer or employee is eligible under this subdivision may be carried over and used in the next calendar year. An employee on extended federal active duty or full-time National Guard duty is eligible for leave provided in this subdivision only in the year he or she is called to active duty, and in subsequent years only after he or she has been discharged from military duty and returned to State employment

(b) Federal Active Duty - In accordance with the provisions of West Virginia Code §15-1F-1(b), all officers and employees of the State who are ordered or called to active duty by properly designated federal authority are eligible for an additional leave of absence from employment without loss of pay, status, or efficiency rating for a maximum period of thirty working days for each single call to active duty, active duty for training, initial active duty for training, or full-time National Guard duty, all to include reasonable travel time to and from the duty location. All officers and employees of the State called to federal active duty or full-time National Guard duty who have not used all or some portion of the thirty working days of military leave granted by subdivision (a) of this subsection are eligible to use those unused days in the same calendar year prior to using the thirty days for which they are eligible under this subdivision, up to a maximum of sixty days for a single call to active duty. None of the unused days for which an officer or employee is eligible under subdivision (a) may be carried over and used in the next calendar year.

An employee on extended federal active duty or full-time National Guard duty is eligible for leave provided in subdivision (a) of this subsection only in the year he or she is called to active duty, and, in subsequent years, only for a subsequent call to duty and only after he or she has been discharged from military duty and returned to State employment. The term "without loss of pay" means that the employee shall continue to receive his or her normal salary or compensation, notwithstanding the fact that the employee may have received other compensation from federal or state sources during the same period.

(c) Other than as provided in subdivision (b) of this subsection, any employee hired for permanent employment entering the U.S. armed services in time of war, national emergency or under compulsory provisions of law of the U.S. in time of peace shall be granted a leave of absence from his or her service with the agency. Upon completion of and discharge from the armed services and within the applicable time period prescribed by federal statute, rule, or regulation regarding return to employment, the employee has the right to resume his or her service with the agency without any prejudice to his or her status, merit rating or standing by reason of the absence, in accordance with subdivision 12.6(b) of this rule. An employee shall be credited with all annual leave and sick leave not used at the commencement of his or her military leave in accordance with subdivision 12.6(c) of this rule. This subdivision shall not be construed:

1 As an attempt to enlarge or to extend the length of employment of any temporary employee or to create a definite term where no definite term with respect to the position previously existed;

2 As providing that the salary paid by the agency shall continue to be paid to the employee while he or she is not performing the duties of his or her position with the state because of the services with the armed forces of the United States; or,

3 As having precedence over the provisions of any applicable federal statute, rule, or regulation regarding military leave or re-employment rights with which this subdivision is inconsistent or in conflict including, but not limited to, the Uniformed Services Employment and Reemployment Rights Act

14.10 Court, Jury, and Hearing Leave

(a) Upon application in writing, an employee hired for permanent employment shall be granted leave with pay when, in obedience to a subpoena or direction by proper authority, he or she serves upon a jury or appears as a witness before any court or judge, any legislative committee, or any officer, board, or body authorized by law to conduct any hearing or inquiry. This subdivision shall not apply in cases where the employee is a litigant, defendant or other principal party or has a personal or familial interest in the case or proceeding. This subdivision shall not be construed:

1 to deprive, prohibit, or infringe upon the rights of any employee who is a party to, or a witness in, a grievance proceeding or a court of law proceeding resulting from the course of his or her State and/or classified employment; or,

14.14. Leave Records - Each agency shall maintain a current leave record of its employees' accrued and used leave. Each employee shall have access to his or her leave records subject to the appropriate agency's established rules. Supervisors and employees shall attest to the accuracy of the records on a periodic basis, but not less than twice annually.

Section 15. Performance Evaluations

The Director of Personnel, after consultation with the appointing authorities, and with the approval of the Board, shall establish and make effective a system of performance evaluation designed to provide a valid evaluation of the quality and quantity of work performed by employees. Insofar as practicable the system of performance evaluation in the classified service shall be standardized. The appointing authority shall prepare and record evaluations for all permanent employees at regular intervals not to exceed twelve months. Below please find the answers to the technical questions regarding RJC677 for an Automated Time and Attendance System for the WV Regional Jail and Correctional Facility Authority;

1) For the biometric hand punch time clocks, will a maximum of 512 employees for each clock be sufficient? If not, how many of the clocks will need to be able to handle more than 512 employees?

Biometric hand punch time clocks, with a maximum capacity of 512 employees, are sufficient for the 10 facilities and the training center. However, a hand punch time clocks for the Central Office location would require only a maximum capacity of 50 employees.

2. In my experience of working with West Virginia State agencies, I have found that both the first and second semi-monthly pay periods per month vary in length depending on the number of days in the month. Pay period definitions are as follows:

30-Day Month: Pay Periods are (1) from the first day of the month through the fifteenth day of the month and (2) from the sixteenth day of the month through the last day of the month.

31-Day Month: Pay Periods are (1) from the first day of the month through the sixteenth day of the month and (2) from the seventeenth day of the month through the last day of the month.

28 or 29-Day Month: Pay Periods are (1) from the first day of the month through the fourteenth day of the month and (2) from the fifteenth day of the month through the last of the month.

Are these the pay period definitions that are used by WV Regional Jail and Correctional Facility Authority and, if so, must the Automated Time and Attendance System have the ability to configure these variable length pay periods?

Yes. The pay periods, as defined above, are required by the Auditor's Office for the State of West Virginia. The Automated Time and Attendance System for the West Virginia Regional Jail Authority must have the ability to configure these variable length pay periods for regular time hours as well as a configuration for overtime hours.

Time America's Benefit Administration allows you to track and manage all types of leave, all in one place, automatically. It streamlines the entire leave management process, from accrual calculations, leave request processing, to granting, and provides visibility into trends and patterns that can point to and help reduce the abuse of leave benefits. Benefit Administration helps you maintain compliance with FMLA and other federal, state, and union mandates. It provides automated supervision and tracking of paid and unpaid leave policies. You can identify absence trends, manage them proactively, and make better decisions regarding employee planning, coverage, and reviews.

The Benefits & Accruals Module automatically calculates the balances of each employee's available benefit time, such as vacation, personal and sick time. This ensures that leave time is administered fairly, consistently, and automatically across all classes of employees throughout the organization.

posted accruals/debits and helps ensure compliance with FMLA regulations.

The Benefits & Accruals Module accommodates a wide variety of methods for accruing leave time, as well as the many complex rules found in organizations today. The software keeps leave balances current, and automatically changes employees' rate of accrual on a specified day based on seniority and entitlement. Likewise the system will also restrict the number of leave hours that may be carried over from one year to the next.

Benefit Administration is completely integrated with Time & Labor calculations of employee leave balances and enforcement of leave policies occurs automatically without rekeying of data. Benefit Administration is also integrated with Workforce Scheduling providing managers the convenience of pre scheduling leave.

Benefit Administration is a powerful tool for preventing unauthorized leave time. Also, Workforce Accruals is flexible enough to facilitate complex leave and benefits policies and transform them into easy to understand and enforce daily practices.

Hand Geometry Technology

The HandPunch 2000 uses Ingersoll Rand's field-proven hand geometry biometric technology. The terminal captures an image of the hand each time the employee punches. The hand's size and the shape are used to verify their identity with unparalleled accuracy. No fingerprints or palm prints are utilized. Green and red lights notify the employee of the status of each punch. There's no question any more; employees have to be there to punch.

Programmable Data Management Keys

The HandPunch 2000 has two user-definable data management keys that let you collect data as employees punch. Common uses include department transfers, tips collected, job codes, or pay codes. Multi-level data entry sequences may be defined. You can also set the data management keys to allow employees to review their past punches. To reduce keystrokes, the keys can also be set to automatically enter data such as a frequently used department number or in/out status.

Communication Options

The HandPunch 2000 connects quickly to the time and attendance PC via a provided 50-foot RS-232 communications cable. An optional dial-up high speed modem is available for remote sites.

Antimicrobial Protection

Every HandPunch contains a silver-based anti-microbial agent which is embedded into the materials used to produce the platen, providing a finish that inhibits the growth of a broad spectrum of bacteria, mold, and fungi and remains active for the life of the HandPunch.

Hand Outline

The HandPunch comes standard with a blue hand outline printed on the platen. This hand outline will help new users place their hand accurately on the platen when using the terminal and decrease initial enrollment time.
