## GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia
2. The State may accept or reject in part, or in whole, any bid
3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee
4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
5. Payment may only be made after the delivery and acceptance of goods or services
6. Interest may be paid for late payment in accordance with the *West Virginia Code*
7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties
12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at [www.state.wv.us/admin/purchase/vrc/hipaa.htm](http://www.state.wv.us/admin/purchase/vrc/hipaa.htm) and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>
15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities
16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or Fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

---

### INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6)

## Addendum #2 RMA10017 – SBVR Surfacing

Any items not specifically addressed in this addendum remain the same as stated in the original RFQ.

Project Limits: The limits have been shortened. They are now MP 22 to MP 47.

Railroad Protective Insurance: Not required

Private Grade Crossings: Contractor will remove the crossings, tamp the track and reinstall the crossing with the existing material. If any material is required, the SBVR will supply it and the contractor will install it. Contractor will also dispose of the old timbers

Wooden Cattle Guards: Contractor will remove and reinstall the wooden cattle guards.

Ballast: SBVR will have ballast placed ahead of the contractor. **Contractor will regulate ballast before and after tamping. This is changed from the statement at the pre-bid.**

Tamping: The maximum raise will be two inches. Emphasis will be placed on raising low joints and other low spots in the track so as to restore a smooth surface to the track. The contractor will make as many passes as necessary to achieve the required result. Any locations requiring greater than 2" lift will be marked for the SBVR to finish. As stated in the RFQ, tamping will continue for a distance of at least 100 feet onto the side track to ensure uniform surface through the turnout. The contractor is responsible to fix any raised spikes or high ties. The SBVR will be responsible to fix any broken rails on the 85 # light weight rail section.

Alinement: The contractor will remove line deviations from tangents and restore best fit to curves and spirals.

MP 40: There is a line defect in the tangent approaching the US 220 (Southern States) crossing from the north. The SBVR will survey and mark the line corrections necessary to put this tangent in line with the road crossing from the last curve north of the crossing to the first curve south of the crossing. It will be necessary to remove a short piece in both rails just north of the crossing, adjust and reweld the rail. This section of track has 133RE rail.

Radios: The contractor will not be required to supply radios to communicate with the railroad. As stated in the RFQ, an SBVR employee will obtain the necessary work authorities and provide radio communication.

Welded vs. Jointed Rail: There are 9.1 miles of welded rail and 15.9 miles of jointed rail.

CWR: MP 22.0 – 23.4, MP 31.6 – 32.0, MP 34.3 – 38.3, MP 38.9 – 40.8, MP 41.3 – 42.7

Jointed: MP 23.4 – 31.6, MP 32.0 – 34.3, MP 38.3 – 38.9, MP 40.8 – 41.3, MP 42.7 – 47.0

Bolt Tightening: The SBVR will do any bolt tightening required after the surfacing.

Track Charts: A copy of track charts for this portion of the railroad is provided. The location of turnouts, bridges, public crossings and private crossings are shown on these charts.

Bridges: All bridges are open deck.

Flood Gates: SBVR employees will operate the flood gates as necessary to ensure they swing properly after track is surfaced.

Excursion Train: The excursion train will be operating one round trip between Romney and Moorefield each Saturday beginning on May 22, 2010. It will also be operating between Romney and Petersburg on June 23 – 27.

FRA Track Class: Track is maintained to FRA Class II between MP 22 and MP 42. Track between MP 42 and MP 47 is maintained to FRA Class I.

Superelevation: This will be ½" in all curves.

Flagmen: There will no flagmen required since SBVR will be providing protection for work crews.

Rail Anchors: All of the track in this project has rail anchors applied.

Debris in Trough: The SBVR will remove the majority of the rocks that have fallen on the rail in the "trough" before the contractor begins.

Work Window: The main track will be clear of traffic by 9:00 am. The contractor will have the rest of the day to work. Unit trains do not arrive on a schedule and cannot be delayed during their time on the SBVR. The contractor should expect that work will be interrupted on six days during the project due to unit trains. The SBVR will provide as much notice as possible to the contractor concerning unit trains.

Debris Removal: The contractor is only responsible for removal and disposal of debris and refuse that it generates as a result of this project.

## REQUEST FOR QUOTE

The West Virginia Purchasing Division, for the West Virginia State Rail Authority (SRA), is soliciting bids for track surfacing on the South Branch Valley Railroad (SBVR).

### DESCRIPTION OF WORK

#### Surfacing Between MP 17 and MP 47

The single main track between MP 17 (Vanderlip) and MP 47 (south of Durgon) will receive a "skin lift" to correct line and surface defects. There are 10 main track turnouts, 16 bridges, 11 public crossings, 47 private crossings and two flood gates within the project limits.

### CONDUCT OF WORK

#### General

The SBVR normally operates freight trains Monday through Friday. These trains will be rescheduled during this project to provide the contractor with an eight-hour window during daylight hours without traffic. Freight trains do not normally operate on weekends. The SBVR reserves the right to run at any time should an emergency situation develop. An excursion train operated by an outside party begins its season in May. It typically operates on Saturdays and holidays. The contractor must have the track available and safe for train operations at the end of each work day.

There will be a mandatory pre-construction meeting held with the successful contractor prior to the start of work. This meeting will be with SRA and SBVR employees and the contractor's project manager. The purpose of this meeting is to assure that everyone understands the entire scope of work as outlined in the awarded purchase order.

A weekly status report must be submitted to the SRA. This report will be signed by the contractor and railroad representative and will list the work completed for the week. A final inspection of all completed work will be conducted by the contractor, SRA and SBVR to assure that all work is completed as stated in the specifications. Final payment will be withheld until this inspection is complete.

The contractor will comply with all safety rules and regulations as required by the Federal Railroad Administration, SBVR and other parties as applicable. An SBVR employee will obtain the necessary work authorities and provide radio communication.

The contractor is responsible for repair of any damage done to grade crossing signal systems. Repairs must be done that same day.

The contractor is responsible for clean-up of the work site. All debris and refuse will be removed from SBVR property and disposed of properly.

Materials and equipment can be stored at Vanderlip (MP 16.9), Sector (MP 25.7), Moorefield (MP 38.5) and Durgon (MP 46.3). Each location has vehicular access and a track to store on-track equipment.

Contractor will use Heavy & Highway Construction Rates as established for the counties where the work will take place. The rates are pursuant to WV Code § 21-5A, et. Seq. and are available at [www.wvsos.com/adlaw/wagerates](http://www.wvsos.com/adlaw/wagerates). Contractor will be responsible for submitting certified payrolls to the SRA.

#### Surfacing, Alinement and Ballast Regulation

The contractor will use a Jackson 6700, Mark IV or equivalent to give the entire track a "skin lift" and establish best fit for curves including appropriate spirals. Surfacing will taper into bridges and public grade crossings. Private crossings will be raised and replaced. Two insertions will be made for each tie. Track lifts will be made in increments of 2" or less.

SBVR will provide information regarding the amount of superelevation to be placed in curves. When surfacing a turnout, tamping will continue for a distance of at least 100 feet onto the side track to ensure uniform surface through the turnout. A ballast regulator will follow the tamper to regulate ballast and reshape shoulders. Minimum ballast shoulder with jointed rail is six inches. Minimum ballast shoulder with welded rail is 12 inches. Cribs must be full with no ballast on top of ties.

SBVR will provide any ballast that may be required.

#### COMPLETION DATE

The completion date for this project is June 18, 2010. The cost to the SBVR for the administration of the contract as well as train delays that will be incurred after that date make it necessary for the agency to assess liquidated damages against the contractor for each calendar day any work remains uncompleted after that date. The charge will be \$500.00 per day.

### BID REQUIREMENTS

Interested bidders must attend a mandatory prebid meeting to be held on February 23, 2010 at 10:00 am at the SBVR office in Moorefield. This meeting will include an inspection trip of the track to be surfaced. Bidders must provide their own hi-rail equipment or make arrangements with other potential vendors to ride with them if they are interested in visiting the work area. Questions prior to the prebid inspection must be submitted in writing and will be addressed at the meeting. Please e-mail any questions to Frank Whittaker at [Frank.m.whittaker@wv.gov](mailto:Frank.m.whittaker@wv.gov). ALL questions prior to the prebid inspection and all questions after the prebid inspection are to go to Frank Whittaker at the Purchasing Division. Other than questions addressed the day of the prebid meeting, contractors are not to contact the State Rail Authority directly.

The contractor must have previous experience with railroad track maintenance including surfacing of welded rail

Bid must be one lump sum including all associated costs for the project. The project will be awarded to the lowest qualified bidder.

## PURCHASING AFFIDAVIT

**West Virginia Code §5A-3-10a states:** No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate

### DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated
