SAFETY10 Specifications

Purpose

The West Virginia Division of Purchasing, "State", is soliciting quotations for a blanket, open-end statewide contract to provide safety supplies to all West Virginia State Agencies, and political sub-divisions. Attached is a list of the most common safety items that the State purchased in the previous year.

Award

- The lowest cost, most complete bid meeting specifications shall be awarded a contract. The discount from list shall remain the same during the entire contract period, including any renewals. The award shall be based on the entire catalog.
- 2. Vendor shall quote a percentage discount from the lowest price listed in the price list(s)/catalogs submitted. The state prefers a single percentage discount from the price list / categories, but will consider bids containing different percentage discounts for different brands, lists or categories of supplies. Vendors MAY submit alternate bids using a separate or additional catalog(s). All items in the discount category must have the exact same discount. (For example, if a Eye Wear product on the pricing page has a discount of 40%, EVERY Eye Wear product sold must have the 40 % discount.) Bids must plainly and clearly indicate the different classes of products with percentage discount for each. Bids that are not clearly identified, by easily identified classes, may be disqualified. Bids that have multiple discounts by category MUST list a discount for a miscellaneous category that would be applied to any product not identified by a category discount shown. For evaluation purposes, an estimate of quantity has been inserted to give the miscellaneous category a value in the bid evaluation. NOTE: The category discount must be for all items in that category. Bidders shall not offer greater discounts for items on the pricing pages than the category discount offered for that item.

Bidders should mark the items in the catalogs that appear on the pricing pages, to assist in the evaluation and verification of the bids. This is an excel document and will be available electronically after the mandatory pre-bid. Failure to indicate the minimum order quantity on the pricing sheets shall require the vendor to ship any quantity of that product ordered, regardless of size.

Additional Information

All pricing is firm for a period of one (1) year. If the manufacture should change or discontinue a model number, then the vendor shall provide an alternate model with the same performance and construction features at the original bid price.

if bidding "or equal" brand, samples and specification sheets should be received prior to bid date.

The item(s) as specified is (are) shown only as an example of the quality level and operational characteristics requested by the agency and not intended to mean the only acceptable brand. Vendors who are bidding alternates must so state and include pertinent literature and specifications. Failure to provide information for any alternates may be grounds for rejection of the bid.

STATE OF WEST VIRGINIA Purchasing Division

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
