SAFETY10 Specifications

Purpose

The West Virginia Division of Purchasing, "State", is soliciting quotations for a blanket, open-end statewide contract to provide safety supplies to all West Virginia State Agencies, and political sub-divisions. Attached is a list of the most common safety items that the State purchased in the previous year.

Award

1. The lowest cost, most complete bid meeting specifications shall be awarded a contract. The discount from list shall remain the same during the entire contract period, including any renewals. The award shall be based on the entire catalog.
2. Vendor shall quote a percentage discount from the lowest price listed in the price list(s)/catalogs submitted. The state prefers a single percentage discount from the price list / categories, but will consider bids containing different percentage discounts for different brands, lists or categories of supplies. Vendors **MAY** submit alternate bids using a separate or additional catalog(s). All items in the discount category must have the exact same discount. (For example, if a Eye Wear product on the pricing page has a discount of 40%, EVERY Eye Wear product sold must have the 40 % discount.) Bids must plainly and clearly indicate the different classes of products with percentage discount for each. Bids that are not clearly identified, by easily identified classes, may be disqualified. Bids that have multiple discounts by category **MUST** list a discount for a miscellaneous category that would be applied to any product not identified by a category discount shown. For evaluation purposes, an estimate of quantity has been inserted to give the miscellaneous category a value in the bid evaluation. **NOTE:** The category discount must be for all items in that category. Bidders shall not offer greater discounts for items on the pricing pages than the category discount offered for that item.

Bidders should mark the items in the catalogs that appear on the pricing pages, to assist in the evaluation and verification of the bids. This is an excel document and will be available electronically after the mandatory pre-bid. Failure to indicate the minimum order quantity on the pricing sheets shall require the vendor to ship any quantity of that product ordered, regardless of size.

Additional Information

All pricing is firm for a period of one (1) year. If the manufacture should change or discontinue a model number, then the vendor shall provide an alternate model with the same performance and construction features at the original bid price.

If bidding "or equal" brand, samples and specification sheets should be received prior to bid date.

The item(s) as specified is (are) shown only as an example of the quality level and operational characteristics requested by the agency and not intended to mean the only acceptable brand. Vendors who are bidding alternates must so state and include pertinent literature and specifications. Failure to provide information for any alternates may be grounds for rejection of the bid.

If any proprietary, trade, brand, or manufacture's name or part number is used herein in describing the required equipment, it shall be understood to indicate the minimum standard of composition and quality required, and shall not be construed to exclude equipment that equals or exceeds the functional capability and quality of the named equipment.

The equipment bid herein shall be of standard manufacture and shall be new and shall be of the current production model.

Verification of product quality is the responsibility of the vendor. The State of West Virginia may require certified mail test data, certifications or samples for testing of material bid.

Vendor may request that the catalog be updated at renewal. Purchasing reserves the right to demand the net prices remain firm from original bid. If new catalog is accepted, certified spreadsheet reflecting any price changes shall be required comparing the original net price to the changed cost. If new Catalog is submitted for such renewal, such catalog must be the catalog published by vendor that contains the lowest prices quoted in any catalog published by vendor and one that is used by the general public. If the Purchasing Division extends the offer to renew, and feels there are significant price increases, Purchasing reserves the right to re-bid the contract. If new catalog is accepted and the vendor rearranges the catalog and item classification changes, the highest discount of the two (the old and the new) shall apply to all items.

Orders shall be delivered within five (5) working days after orders are received. Emergency orders shall be delivered within one (1) working day after orders are received. Spending units must be advised in writing if orders will be delayed for

any reason. Vendor shall carry an adequate stock to insure such delivery service for the duration of the contract.

Nonconforming products and materials shall be returned to the vendor at no expense to the State of West Virginia at any time during the life of this contract.

All items stating a "**must**" or "**shall**" are mandatory requirements. Failure to provide or meet any of these mandatory requirements shall be grounds to disqualify the entire quotation.

Bidders should sign and complete the contract coordinator information at the end of the pricing pages.

Vendor Responsibilities

1. Successful vendor shall provide catalogs/price lists, etc. at no charge, upon request by any state agency or political subdivision. Additional price lists/ catalogs may be required from the vendor at any time. These shall be provided at no cost to the State.
2. Contractor shall carry an adequate stock to insure such delivery service for the duration of the contract. Excessive out of stock and back orders will not be tolerated. Substitutions of products shall only be accepted if cleared by the agency prior to shipping of such substitution.
3. Each delivery shall be placed as requested in any one location at the delivery site. Dock deliveries are not acceptable unless so requested by the agency. All deliveries must be made during normal working hours for the delivery location. All orders (including back orders) shall not be invoiced until the actual item is delivered. Agencies shall have 30 days in which to return un-opened/un-used items at no charge. Normal returns may be done during a future delivery from the vendor. Agencies may request non-ordered items to be picked up within five days of delivery, even if there are no deliveries within this five-day time frame.
3. Successful vendor must be able to accept orders via phone, fax, internet, USPS.
4. Credits must be handled quickly and efficiently, promptly replacing incorrect items and processing credits in a timely manner..

5. Internet Access – Vendor must be able to provide internet ordering access. The successful bidder shall be responsible for training agency personnel in using their internet site for placing orders and coordinating the return pick ups. Successful vendor must be able to ensure the discounts shall be given through the internet site.
6. Vendor must send packing slip in each order.

Reports

Successful vendor shall provide quarterly reports and annual summaries showing the quantities, dollar value, agencies and political subdivisions which have used this contract. Additionally, the reports must show the method of order placement (internet, fax, etc.) both by the percentage and dollar amount. Successful vendor shall also be able to provide report showing the top 100 items purchased during the contract period. This report is mandatory and failure of the successful bidder to supply such reports may be grounds for cancellation of contract.

4. **Application is made for 5% resident vendor preference for the reason checked:**
 Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. **Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:**
 Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (*West Virginia Code*, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
