7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.

Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. **Addendum #1 - Questions During Pre-Bid Meeting
Kingwood Route 7 Highwall
DEP15308**

The following comments and questions were identified from the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflict between the two.

Questions:

- Q.** What are the requirements for handling the timber from the clearing & grubbing operations?
- A.** The standard timber specification, as addressed in Sections 4.2.4, 4.2.5, 4.2.6, 4.2.7, and 4.2.8 of the Technical Specifications applies on Site 1. On Site 2, the landowner has requested that material generated from the clearing and grubbing operations that can be utilized for firewood be saved and stockpiled in an accessible location on-site.
- Q.** How long are sediment control structures to remain in place; i.e., will the contractor have to remobilize to take them out?
- A.** Possibly. The sediment control structures have to remain in place until adequate vegetation has been established to prevent sediment erosion from storm water runoff. Some structures, such as waddles may be allowed to stay in place.
- Q.** Can As-Builts be prepared by the contractor himself or do they have to be sub-contracted?
- A.** The requirement states only that As-Builts have to be certified by a Registered Professional Engineer or by a Licensed Land Surveyor.
- Q.** Will the consultant's digital survey information provided to the Contractor be compatible with his electronic system?
- A.** The consultant uses Civil D 2010, and will attempt to make it compatible with the contractor's system.
- Q.** Are any of the drainage channels on Site 2 proposed to cross the existing fiber optic cable?
- A.** No.
