The bidder understands that to the extent allowed by the West Virginia Code, the Owner reserves the right to waive any informality or irregularity in any Bid, or Bids, and to reject any or all Bids in whole or in part; to reject a bid not accompanied by the required bid security or by other data required by the Bidding Documents; to reject any condition of the bid by the Bidder that is in any way inconsistent with the requirements, terms and conditions of the Bidding Documents; or to reject a bid that is in any way incomplete or irregular.

The Bidder, if successful and awarded the contract, agrees that all work is to be complete within **180** consecutive calendar days following receipt of the Owner's written Notice to Proceed. For each calendar day of delay in achieving completion, the Contractor shall be liable for, and shall pay the Owner liquidated damages in the amount of \$500 per day.

Any work performed or any materials contracted for prior to the receipt of the Owner's written Notice to Proceed, shall be at the Bidder's risk.

PROGRESS PAYMENTS - The CONTRACTOR will make current estimates in writing once each month on AIA Forms G702 and G703 on or before the date set by the OWNER at the time of starting the WORK. The progress payments shall be a true estimate of the materials complete in place and the amount of WORK performed in accordance with the CONTRACT during the preceding month and the value thereof figured at the CONTRACT unit prices or based on the approved schedule of value. Should there be any doubt of the OWNER as to the integrity of any part of the COMPLETED work, the estimates for that portion will not be allowed modified by the CONTRACTOR accordingly. CONTRACTOR shall submit evidence to document the extent of progress payments as required by the OWNER.

Progress payments will not be made when the total value of the WORK done since the last estimate amounts to less than Five Hundred Dollars (\$500.00). From the total of the amounts ascertained as payable, an amount equivalent to and in accordance with Article 9 of A201-2007 Supplementary Conditions of the State of West Virginia will be deducted and retained by the OWNER until completion of the entire CONTRACT in an acceptable manner. The balance, less all previous payments, will be certified for payment by the OWNER.

When the WORK under contract has been completed and its acceptance is recommended by the OWNER, the retainage shall be released and paid to the CONTRACTOR.

Subject: **PRE-BID MEETING NOTES – RFQ DNRB11118**
Long Branch Dam Modification -- ID#08903
Pipestem State Park
Summers County, West Virginia
Civil Tech Project No. 08150

Dear Mr. Carney:

The pre-bid meeting for the subject project was conducted on March 10, 2011 – 1:30 pm at the Pipestem State Park Headquarters. A visit to the Dam Site followed the initial meeting at the headquarters building. The following attended the meeting:

1. Brian Carney – WVDNR – Parks and Recreation.
2. Dave Caplinger – WVDNR Superintendent for Pipestem State Park.
3. Paul Frantz – WVDEP Dam Safety Section
4. Mark Pennington -- Civil Tech Design Engineer
5. Twelve (12) Contractors – See Attached Attendance List

The following was noted:

A. Brian Carney went over administrative requirements for the contract.

B. Mark Pennington (Writer) went over the following:

1. This is a dam safety project. Quality and the need to construct the modifications in accordance with the approved plans and specifications are very important. Contractors were encouraged to review the plans and specifications carefully before bidding.
2. The Contractor should pay particular attention to the pay items since there are lump sum items and incidental work is included. Also, careful attention should be paid to surveying and layout requirements.
3. Plans and specifications can be purchased from Civil Tech Engineering or reviewed at the Contractors Association website.

Pre-Bid Meeting Notes
Long Branch Dam Modifications
Pipestem State Park
Civil Tech Project No. 08150
March 11, 2011

4. Questions were answered unofficially. Important Dates and information were noted as follows:
 - Bids due March 29, 2011 @ 1:00 pm.
 - All questions must be submitted in writing to Frank Whittaker by 4:00pm March 14, 2011. Any questions answered today are not official.
 - Response to questions will be provided by addendum after the deadline.
 - 5% Bid Bond
 - 100% Performance Bond
 - 180 days to complete the project after the Owner issues NTP. A mid summer NTP date is anticipated. The question was raised as to whether the owner will consider weather delay if not complete by December of this year. The writer answered that there were no provisions in the contractor for weather delay. However, we will consider a request for legitimate delay caused by weather as long as the dam is not left in an unsafe condition for the winter season. The writer emphasized that it will be very important to complete the floodwall and backfill the same before the fall and winter wet seasons.
 - Liquidated damages in the amount of \$ 500 per day apply after 180 days.
 - *Federal and State Wage Rates Apply.*
 - After receiving NTP and attending the pre-construction meeting, the contractor will mobilize to the site and begin work within 10 days.
5. Civil Tech will administer the construction contract and provide full time inspection and testing required except as noted in the specifications. Brian Carney pointed out that all correspondence during construction must be routed through Civil Tech. Our engineer will also visit the site weekly to provide direction and verify conformance with the approved plans and specifications.
6. All deviations from the approved plans must be approved by the Engineer and WVDEP Dam Safety Section. If problems are discovered which require revision of the approved plans, the Engineer must be notified immediately to avoid project delay required for agency approval. Also the project must be certified by our engineer as completed in accordance with the approved plans and specifications at completion. Therefore, any problems with the approved plans must be worked out during construction to avoid problems with certification at the end of the job.
7. Pay estimates will be reviewed and approved during the last week of the month during a routine site visit by our Engineer. Pay estimates are due in the Engineer's office during the first week of the month following the period

 Civil Tech Project No. 08150

covered by the application for payment.

8. A final inspection will be conducted with the Owner, Dam Safety, Engineer, and Contractor to verify the project is substantially complete and is in accordance with the approved plans and specifications. The project will not be accepted until as-built drawing information is submitted in accordance with the specifications.
9. **Project Overview:** Modifications are required to correct deficiencies and bring the Dam into compliance with the current WVDEP Dam Safety Regulations and obtain a certificate of approval. The following work items are required:
 - Erosion and sediment control measures.
 - Dewatering and water control.
 - The dam crest will be raised approximately 2 ft. with a reinforced concrete floodwall to Elevation 2468 ft.
 - It will also be necessary to tie the new flood wall into the existing ESW and raise the ESW walls approximately 2 ft. to match the flood wall.
 - The flood wall will include water stops at joints and at its connection to the ESW.
 - The existing foot bridge crossing the ESW will be raised to the new flood wall elevation and earthen ramps will be created for access from the crest.
 - The wall will be backfilled with cohesive soils excavated from the dam for wall construction.
 - Rip rap will be provided at the toe of the dam and two existing PVC pipes will be extended through the rip rap and concrete outlet blocks provided.
 - Asphalt demolition and repair will be necessary on the left end of the dam.
 - Sediment and vegetation will be removed from the stilling basin of the emergency spillway.

10. Important parts of the construction specifications were emphasized and discussed in general. The writer encouraged the Contractors to read and understand the specifications since it is a Dam Safety Project and we expect the modifications to be constructed in accordance with the approved plans and specifications. Important points concerning the specifications included:

Section 1.03 Access To Site:

- The contractor is responsible for all damage to private, park, county, or state roads. Please note the condition of the access road to the site.

Pre-Bid Meeting Notes
Long Branch Dam Modifications
Pipestem State Park
Civil Tech Project No. 08150

Repair of this roadway to original condition will be incidental to the project and no separate payment will be made. The condition of the existing road was questioned by one of the contractors and whether the project would include complete replacement of this roadway if damaged beyond repair by the construction. The writer pointed out that there was no provision in the contract to provide payment for road repair and that this item is considered incidental to the project. The writer suggested the Contractor video the roadway, at his expense, if he was concerned about damage to the roadway and liability for the same. The writer also suggested the contractor consider using concrete trucks with half loading to minimize road damage. Regardless, the writer pointed out that the contractor will be held responsible for repair of any and all road damage caused by the construction.

Section 1.05 Grades, Position, and Alignment:

- The contractor is responsible for all surveying to layout the project and to obtain cross sections for as-built drawings and pay quantities.
- Surveying must be performed by a professional engineer or surveyor licensed in West Virginia.
- Initial cross sections must be obtained and approved before grading work associated with the dam modifications can begin.
- Attention is directed to the grade tolerances provided in this section and the cross sections required.
- As-built drawings will be provided by the contractor plotted over the original design drawings in Autocad format.
- A lump sum pay item is provided for surveying.

Section 1.07 Control and Review of Work by the Design Engineer:

- Civil Tech Engineering will provide inspection during construction. This will include routine visits by our technician and weekly visits by our engineer.
- The importance of CQC and constructing the project in accordance with the approved plans and specifications was stressed since it is a Dam Safety project and, our engineer must certify the work at completion of the project.

Section 1.10 Borrow Area:

- No borrow area is proposed. Materials for construction will come from onsite excavation and/or a commercial source.
- The contractor is responsible for sampling and testing fill materials for classification and compaction. Pay particular attention to these requirements.

Section 1.12 Waste:

- Waste fill will be placed as compacted fill as shown on the plans.
- Waste including demolition debris, unsuitable, and excess material will be incidental to the project and no separate payment will be made.

Section 1.13 Field Office:

- A field office is not required.

Section 1.14 Subcontractors:

- A list of subcontractors must be furnished prior to the pre-construction meeting. The Owner reserves the right to reject any and all subcontractors suggested.

Section 1.15 Construction Schedule:

- A construction schedule must be furnished by the successful contractor prior to beginning construction.

Section 1.16 Subsurface Investigation:

- Subsurface investigation was performed as shown on the plans.
- Copies of boring logs and lab test results are included in the Project Manual.
- The results of the subsurface investigation are not a warranty of subsurface conditions and the contractor must make investigations deemed necessary to prepare his bid.

Section 1.17 Quality Control:

- Quality control will be provided by Civil Tech Engineering, Inc.
- A representative will be onsite to monitor the contractors' work, not to supervise.

Section 1.18 Submittals:

- Submittals will be provided to the engineer a minimum of 15 days before work on that particular item begins.

Section 1.19 Acceptance:

- The contractor is responsible for constructing the project in accordance with the plans regardless of acceptance by any quality control inspector, engineer, or owner.

Section 1.20 Safety:

- The contractor is responsible for safety and will indemnify the WVDNR, it's personnel, and Engineer from liability associated with

the project.

- As a minimum, weekly safety meetings are required and injuries must be reported as required by OSHA.
- Copies of safety meeting notes must be submitted to the engineer weekly along with the contractor's daily reports.

Section 1.21 Environmental Protection:

- The contractor is responsible for compliance with all environmental permits.
- The cost of fines levied by the WVDEP or other agency is the responsibility of the contractor.

Section 1.22 Measurement and Payment:

- This section is very important because there are lump sum items and some of the work is incidental to lump sum and other pay items.
- Before and after cross sections are required for payment and as-built drawings. *Cross sections will be furnished by the Contractor in Autocad format and plotted on the design sections for comparison.*
- Any item of work not included in a pay item which is shown on the plans is incidental to the project.

Section 2.01 Mob/demob:

- The contractor must mobilize and begin work within 10 days after NTP. Demob must occur within 15 days after completion and acceptance by the WVDNR, Engineer, and WVDEP Dam Safety Section.
- This item is lump sum.

Section 2.02 Clearing and Grubbing:

- This item is incidental to the project and no separate payment will be made.

Section 2.03 Stripping:

- This item includes removal and stockpiling of topsoil for revegetation.
- This item is paid as excavation.

Section 2.04 Excavation:

- Work includes all excavation required to construct the project complete.
- Excavation includes all soil, rock, rip rap regardless of size. No hard rock excavation is included.
- Fill placement and compaction including stockpiling is incidental to

this item.

- The contractor is fully responsible for protection of work in progress and the existing dam. Care must be taken when removing sediment from the ESW stilling basin to avoid damage to the structure.
- The lake will be lowered by the Contractor a minimum of 5 ft. and maximum of 10 ft. below normal when work is performed. Pumping will be necessary since the existing drain gate is not operable.
- Pay items: Payment will be made based on before and after cross sections.

Section 2.06 Concrete:

- Reinforced concrete is required to construct the flood wall and the concrete anchor blocks for the two PVC drain pipes at the dam toe.
- Concrete will comply with the specifications and shall be 4000 psi and air entrained.
- Pumping is required to convey the concrete to the location.
- Waterstops shall be provided in joints as shown on the plans.
- Rebar is incidental to this item.
- Payment will be based on unit price bid and the volume of reinforced concrete shown on the plans or as approved by the Engineer if different from the plans.

Section 2.08 Fill and Backfill

- Fill materials include cohesive fill derived from the excavation.
- Compaction is important and will be tested.
- Stockpiling, hauling, spreading, and compacting fill and backfill is incidental to excavation and no separate payment will be made.
- Before and after cross sections are required for as-built drawings for Cohesive Fill.
- Furnishing borrow (unlikely) including testing is incidental to the fill item.

Section 2.09 Rip Rap

- Rock must be sized and durable in accordance with specifications
- Payment includes rip rap from an offsite source.
- Payment for rip rap will be paid based on certified weight tickets by the ton of rock acceptably placed and approved by the Engineer.

Section 2.10 Erosion and Sediment Control

- The contractor shall adopt and comply with the Sediment Control Plan approved by the NRCS.
- The contractor will be responsible for all fines and shall modify the plan as required to prevent sedimentation of the receiving water.

Pre-Bid Meeting Notes

- The pay item is lump sum.

Section 2.11 Seeding, Fertilizing and Mulching

- Type C DOH Mix
- Pay particular attention to the warranty period
- Seeding and Mulching below the lake pool is not required.
- Loading, hauling and spreading topsoil is incidental to this item.
- The pay item is by the acre.

Section 2.12 Dewatering and Water Control

- A dewatering and water control plan will be submitted for approval prior to beginning construction. Pay particular attention to the requirements of the plan as listed in the specifications.
- The contractor will lower the lake level a minimum of 5 ft. and maximum of 10 ft. during construction with approval of the owner.
- Dewatering shall be sufficient to lower the ground water table a minimum of 1 ft. below the subgrade level during construction.
- The contractor is responsible for damage to work in progress and the existing dams and appurtenances due to flood flow, seepage, or normal flow conditions and if damage occurs, it will be repaired at no cost to the owner.
- Pay item is lump sum

Section 2.13 Asphalt Pavement and Crushed Stone Aggregate

- Pavement repair is required on the left end of the dam where the existing pavement will need to be raised to the new flood wall level.
- Payment will be made by the ton of asphalt and crushed stone aggregate as approved by the Engineer.

C. ADDENDUM ITEMS

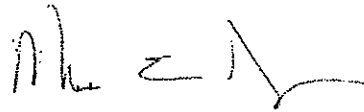

1. Work includes removal and replacement of the fence around the emergency spillway as approved by the Engineer. This work will be incidental to Item 2.06 Concrete. The fence is not in good condition and new materials will be provided as required.
2. Asphalt demolition will be placed as road fill as directed by Parks and Recreation personnel. This work including breaking the asphalt into small pieces, loading, hauling, and spreading will be incidental to excavation

GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
 2. The State may accept or reject in part, or in whole, any bid.
 3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
 4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
 5. Payment may only be made after the delivery and acceptance of goods or services.
 6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
 7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
 8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
 9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
 10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
 11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
 12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
 13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
 14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
 15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
 16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.
- I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Danhill Construction Company
of Gauley Bridge, West Virginia, as Principal, and Colonial Surety Co. of
Montvale, New Jersey, a corporation organized and existing under the laws of the State of
NJ with its principal office in the City of Montvale, as Surety, are held and firmly bound unto the State of West
Virginia, as Obligee, in the penal sum of 5 % Of Bid Amount (\$ 5%) for the payment of which, well and truly to
be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
Modification of the Long Branch Dam located at Pipestem State Park

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached
hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the
agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full
force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event,
exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
