The request for said approval should include a description of the extended maintenance actions and the estimated length of the period of non-service, and should be made well enough in advance so that the down-time can be scheduled.

Should any equipment covered by this contract be removed from service by the Agency, or at the direction of the Agency, for any extended period of time for renovations or like

reason, the Contractor shall reduce the contracted monthly charges proportionately each day that the equipment is out of service.

All replacements shall be equal to or better than original manufacturer's parts.

Any mechanical or electrical part, component, or assembly that must be replaced, repaired, or renewed as a result of wear or breakage, but is unavailable from the manufacturer due to obsolescence, still remains the Contractor's responsibility to replace, repair or renew from another available, reliable source.

The State of West Virginia shall award this Contract according to the following award criteria.

Preventative maintenance will be performed by Contractor in exchange for a flat monthly

cost per each item of equipment listed on Attachment A. Contractor shall provide a monthly cost in the Monthly Cost column of Attachment A for each equipment item listed on Attachment A. Contractor should then add the Monthly Cost for each item of equipment together to arrive at the Preventative Maintenance Monthly Cost Total, also found on Attachment A. (Please note that all amounts that Contractor lists on Attachment A will be considered monthly amounts.)

Contractor shall perform Corrective Maintenance on an hourly basis and must provide an hourly rate on Attachment B at which all such Corrective Maintenance will be performed.

Contractor should also provide a markup percentage for parts used under this Contract, other than non-reusable parts defined in Section 2.2 above, on Attachment B.

Failure to complete Attachment A – Preventive Maintenance Bid Detail Form (6 pages) or Failure to list the hourly rate on the Bid Form (Attachment B) will result in disqualification of the Contractor's bid. If the Contractor fails to list the markup percentage and Multiplier on Attachment B, the parts will be provided at Contractor's cost.

The amounts of hours and the aggregate expenditure of supplied parts listed below and included in the Attachments are estimates, used only as a basis for award of the Contract. Actual amounts required during the life of the Contract may be greater or lower.

The following formula shall be used to award the Contract: $A + B + C = D$ (Total Bid)

Following is a sample bid tabulation for reference only. The award shall be based on the lowest combination of hourly rate total and parts markup total and preventative maintenance bid per the attached bid scenario.

NOTE: The multiplier listed below is derived by taking the parts percentage markup and converting it to a multiplier factor. For example, a 20% markup would equal a multiplier of 1.20.

Flat Hourly Rate For Corrective Maintenance	\$ <u>50</u> X 200 hours =	\$ <u>10,000</u> (A)
Cost for Parts \$10,000.00 X Markup (<u>20</u> %)	<u>1.20</u> =	\$ <u>12,000</u> (B)
Preventative Maintenance Monthly Cost Total from Attachment A		\$ <u>90,000</u> (C)
Total Bid		\$ <u>112,000</u> (D)

**The volume of the work to be performed during each period of the day is approximate and for reference only:

90% performed Monday through Friday 7am-5pm
04% performed Monday through Friday 5:01pm-6:59am
04% performed on Saturday or Sunday
02% performed on Holidays

****No different hourly rate shall be provided for any hour(s) of any day(s) regardless of whether work is performed day or night, weekday, weekend, or holiday.**

The control system also monitors and controls exhaust fans within the building. There is a single, standalone, TSI 8600 Series Room Pressure Controller that maintains a constant negative pressure set point in the autopsy suite. The equipment here was put into service in the fall of 2005.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.
