Attention: Lane Ferguson

Re: Contractor Work for TMMWV

To Whom It May Concern:

I'm pleased to recommend Nitro Electric / Nitro Mechanical to other companies for their electrical, mechanical and HVAC needs. Over the past several years, I have worked with the electrical and mechanical divisions on numerous projects at Toyota Motor Manufacturing of West Virginia. Nitro HVAC division has taken care of our 1600 ton Carrier units, 1800 ton York chillers, and 2000 ton York unit along with DDC control system. We have been very pleased with the work they have done for us.

Through the years, Nitro Electric has been on time and on budget with their projects for our company. I recommend them without hesitation, and we continue to use their services daily within our facilities.

Sincerely,

Randy Adams

Facility Team Leader
Toyota Manufacturing of West Virginia

Nitro has been the primary contractor that has provided HVAC services to Acetone, Glue, Catalyst, Glycol, and the tone Polyols production units. Nitro has provided not only HVAC service and DDC Controls to these production units, but also has been the main caretaker of 2 refrigeration chiller machines, which provide process cooling to two separate process units. Nitro has always, without delay, been more than able to supply services when asked for these production units during business hours, and has always been able to provide excellent response to the needs of the production unit in the off-hours.

Nitro has assumed responsibility for a 200-ton refrigeration chiller machine after another contractor was given the contract to bring the system on-line after it was relocated from another production unit. After several months and a huge overrun of the budget to bring this machine on-line, Nitro was asked to see if they could make necessary adjustments to get the machine on-line. Nitro came thru, and the machine was started and is now in service. Nitro was also given a contract to do the repairs and upkeep on this machine, as well as the a maintenance contract to keep the maintenance up on another 20 refrigeration machines. At this time, the machine has been kept in good service and good operating condition.

Without any hesitation, I give Jerry Priddy and the Nitro guys that provide HVAC and Process cooling support a great job. If any questions, feel free to contact me.

Thanks,

Bill Potter

Maintenance Coordinator

Letter of Recommendation (Nitro)

To Whom It May Concern:

I'm the Gatekeeper (maintenance/scheduler/budget controller) at the Larvin Unit at Bayer CropScience. We have an 1800-ton refrigeration unit for our -10 Glycol System, a 200-ton +5 chilled water system, three 20-ton York refrigeration machines at our CarboFuran Unit, a 300-ton FES chiller Rhoidmet Unit, as well as numerous HVAC units with DDC control systems for our office buildings. All of these systems are maintained and serviced by Jerry Priddy and his staff at Nitro.

It is mandatory for our equipment to run 24/7 with minimal outages. When we have issues, we know that Nitro will respond very quickly, and can depend on a quick resolution to any problem. We've made calls as all times, day and night, and have never been dissatisfied with their service. I personally would recommend their services to anyone who had to have their equipment maintained and/or serviced by technicians that know their craft and care about the needs of the customer.

Gilbert Swisher

Gatekeeper/WCC

VENDOR PREFERENCE CERTIFICATE

Certification and application is hereby made for Preference in accordance with West Virginia Code, §5A-3-37. (Does not apply to construction contracts). West Virginia Code, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

- 1. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification, or, Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. Application is made for 5% resident vendor preference for the reason checked: Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: Nitro Electric Company, Inc. Signed: [Signature]
Date: 9/14/2011 Title: HVAC Manager

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (West Virginia Code §61-5-3), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
