Department of Administration  
Purchasing Division  
Building 15  
2019 Washington Street, East  
Charleston, WV 25305-0130

To whom it may concern:

Attached is the bid packet for RFQ 661C005. Buildings quoted are manufactured by Accu Steel Building solutions from Templeton, IA. All buildings include engineered to 35 psf snow and 90 mph wind sealed drawings. Each cover is tan with green trim HL-13 fabrene.

Please note the sealed engineering drawings are not entirely included as we only found out about your project on Monday, August 15, 2011. As an example of our capability and prints we offer, we have included a set of prints we recently provided to the West Virginia Parkways Authority. We would be happy to provide a similar set of prints for all buildings related to this bid. Please also feel free to contact Ron Hamilton, Director of Engineering and Maintenance at 304-256-6680.

Please note we currently are not ISO 9001:2008 certified; however, our references and track record indicate a display a proven history of the highest possible quality structures and installation.

Please see below for our list of references for buildings in use for at least 5 years:

Also, the primary construction supervisor for these projects would be Jim Iams. He has been with Log Cabin Fence since 1981 and installing hoop structures since 1996. Jim is the primary contact on the majority of our larger projects including ten structures for Waste Management, two structures for Cleveland Brothers Caterpillar, and numerous other single build, unique install projects.

If there are any questions I can answer for you please do not hesitate to contact me.

Sincerely yours,

Clint Iams

- REACTION NOTES:**
1. THE VERTICAL (V) AND HORIZONTAL (H AND Z) REACTION ARE STATED IN KIPS. (1 KIP = 1000 POUNDS) POSITIVE DIRECTION IS AS SHOWN IN THE FOLLOWING DIAGRAM.
  2. MOMENT REACTIONS ARE STATED IN INCH-KIPS AND ARE POSITIVE IN A COUNTERCLOCKWISE DIRECTION.
  3. THE FORCE ON THE ANCHOR BOLTS OR FOUNDATION WILL BE IN THE OPPOSITE DIRECTION TO THAT SHOWN.
  4. MAXIMUM REACTION SUMMARY IS THE MAXIMUM POSITIVE AND NEGATIVE REACTIONS BASED ON THE REQUIRED LOAD COMBINATIONS.
  5. THE WIND LOAD BRACING REACTIONS DO NOT INCLUDE EMP, EMS AND IP REACTIONS FROM THE INTERMEDIATE FRAME. THESE REACTIONS SHOULD BE ADDED TO GET THE TOTAL REACTIONS FOR THE FOUNDATION DESIGN.

RFQ No. 6612005

STATE OF WEST VIRGINIA  
Purchasing Division  
**PURCHASING AFFIDAVIT**

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
