BVH391
ADDENDUM NO. 1

Q1: What type of Grade 1 hardware do you mean? For instance there is lower grade 1 like US Lock, Falcon, Hager and Dorma. Then there is top of the line like Schlage.

A1: The specifications state Grade 1, of a current production, with available repair or replacement parts for at least a (3) three year period after the date of installation. That is all we are requiring. Our main concern is the availability of replacement parts the lower or higher end of Grade 1 is not a factor.

Q2: What is meant by certified locksmith? We have carpenters that do this type of work all the time.

A2: As per our specifications, a certified locksmith is a member of the Associated Locksmith of America or an equally accredited organization. Must be someone with the certified knowledge of locks and the internal workings of those locks and locksets.

Q3: We have one supplier that is certified by Ingersoll Rand Company, would this be OK?

A3: If the supplier is also going to be the installer or supervise the work, then yes. If not, then no.

Q4: Would the carpenters union be considered as an equally accredited organization?

A4: No.

Q5: Bid item #8 – are these doors all rated one-hour?

A5: All doors are a minimum one-hour. Not sure how this relates to the locks.

The bid opening is scheduled for 10/05/2011 at 1:30 pm.

No additional questions will be accepted on this RFQ.
