## **Dry Cell Batteries - Specifications**

### DCBatt11A

### I. PURPOSE AND SCOPE:

The West Virginia Purchasing Division is soliciting bids in the form of this RFQ to establish a state-wide contract for small disposable and rechargeable batteries commonly used in households and small mechanical devices (excluding automobile, heavy equipment, and other large batteries). The Contract resulting from this RFQ shall be awarded to the lowest responsible bidder and shall cover Eligible Items from Vendor's Catalogue. This Contract may be utilized by West Virginia State agencies and all political subdivisions of the State in all 55 counties.

### II. DEFINITIONS:

The terms listed below shall have the meanings assigned to them as follows:

- 1. "Agency" or "Agencies" means West Virginia Purchasing Division or any public entity seeking to procure Eligible Items under this Contract.
- 2. "Catalogue" means the price list or sales catalogue that includes all items that Vendor can and will sell under this Contract.
- 3. "Contract" means the binding agreement that is entered into between the State and the Vendor to provide the Eligible Items as specified herein.
- 4. "Discounted Unit Price" means the unit price of an Eligible Item purchased under this Contract. The Discounted Unit Price is calculated by reducing the submitted Catalogue unit price for an Eligible Item by the discount percentage quoted by Vendor on the Pricing Page.
- 5. "Eligible Item" or "Eligible Items" means any or all small disposable and rechargeable batteries commonly used in households and small mechanical devices (excluding automobile, heavy equipment, and other large batteries) included in Vendor's Catalogue submitted by Vendor as required herein.
- 6. "Pricing Page" means the schedule of catalogue unit prices, discount percentage, estimated purchase volume, Discounted Unit Prices, totals, and other information attached hereto as Exhibit A and used to evaluate the Vendors' responses to this RFQ.
- 7. "Purchasing Division" means the West Virginia Department of Administration, Purchasing Division.
- 8. "RFQ" means the official RFQ published by the Purchasing Division and identified as DCBATT11A.

# **Dry Cell Batteries - Specifications**

### DCBatt11A

- 9. "State" means the State of West Virginia and/or any of its agencies, commissions, boards, etc.
- 10. "Vendor" or "Vendors" means the successful bidder.

### III. GENERAL REQUIREMENTS

- 1. Mandatory Eligible Item Requirements: Eligible Items must meet or exceed the mandatory requirements listed below.
  - a. Eligible Items must be new and unused upon delivery to the Agency.
  - b. Eligible Items must be Rayovac brand or EQUAL.

# IV. CONTRACT AWARD, PERCENTAGE DISCOUNT, CATALOGUE

- 1. Contract Award: This Contract is intended to provide Agencies with a single discount percentage on the purchase of all Eligible Items, including those items specifically listed on the Pricing Page. The Contract shall be awarded to the Vendor that provides the lowest total cost for the items listed on the Pricing Page.
- 2. Percentage Discount: Vendor shall quote a single percentage discount that will reduce the lowest price shown in the Catalogue for every Eligible Item. The resulting Discounted Unit Price shall be the price Agencies pay for purchases of Eligible Items under this Contract.
  - The percentage discount and subsequent Discounted Unit Price derived from that discount must take into account any and all fees, charges, or other miscellaneous costs that Vendor may require, including delivery charges as indicated below, because those fees, charges, or other miscellaneous costs will not be paid separately. The Agency shall only pay the appropriate Discounted Unit Price for items purchased under this Contract.
- 3. Pricing Pages: Vendor should complete the Pricing Pages by inserting Manufacture's Part Numbers, Vendor's Part Numbers, Catalogue unit prices, Discounted Unit Prices, totals, the minimum order quantity (if any), the single discount percentage applied to all Eligible Items, and all other information requested thereon. Vendor should fully complete the Pricing Page in its entirety as failure to do so may result in disqualification of Vendor's bid.

# **Dry Cell Batteries – Specifications**

### DCBatt11A

As indicated in the definition of Discounted Unit Price above, the single discount percentage quoted on the Pricing Page must be applied to the Catalogue unit price to arrive at the Discounted Unit Price.

**Example:** If Vendor lists a discount percentage of 10% and submits a catalogue unit price of \$10 for the first item then the Discounted Unit Price of that item on the Pricing Page must be \$9 (\$10 reduced by 10%) and the total item cost of that item must be \$31,500 (\$9 multiplied by estimated purchase volume of 3,500).

The Pricing Pages contain a list of frequently purchased items and estimated purchase volume. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied. The estimated purchase volume is listed on an individual rather than packaged basis. Accordingly, all Catalogue unit prices listed on the Pricing Page must reflect the price of an individual battery. Modification of the estimated purchase volume by Vendor is prohibited and may result in bid disqualification.

**Example:** Item #6 AL-D Alkaline D batteries estimated purchase volume is 30,000 individual batteries. If Vendor's Catalogue shows the price of item #6 in units of 10, then Vendor must divide its Catalogue price by 10 to arrive at the Catalogue unit price requested on the Pricing Page.

Notwithstanding the foregoing, the Purchasing Division may correct errors as described herein. Vendor should type or electronically enter the information into the Pricing Pages to prevent errors in the evaluation. The Pricing Pages were created as a Microsoft Excel document and Vendor can access these on the Purchasing Division website for the Purchasing Bulletin.

# **Dry Cell Batteries – Specifications**

### DCBatt11A

4. Catalogue: Vendor must submit its Catalogue prior to award of this Contract for evaluation purposes. Vendor shall also mail the Catalogue free of charge to any Agency desiring to use this contract. Copies of the Catalogue may be requested in an electronic format and should be provided in that format if possible. Vendor's Catalogue will be used by Agencies to order Eligible Items under this Contract.

Vendor should identify all items listed on the Pricing Pages by circling or highlighting those items in its Catalogue and earmarking or tabbing the pages for those items, to assist in the evaluation and verification of the bids and pricing. If any discrepancies exist between the Pricing Pages and the actual price listed in the Catalogue, the actual price shall prevail and the Pricing Pages may be corrected by the Purchasing Division buyer for evaluation purposes.

The Catalogue may be updated at Contract renewal, but any price increase or renewal must be approved by the Purchasing Division at its sole discretion. Unless an updated catalogue is approved, the Eligible Items available under this Contract and prices for those items shall remain unchanged during the term of this Contract.

# V. ORDERING AND PAYMENT

- 1. Ordering: Vendor shall accept orders by regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Any on-line ordering system must have the capability to restrict prices and available items to conform to the Catalogue originally submitted with this RFQ. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.
- 2. Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. Methods of acceptable payment must include the West Virginia Purchasing Card. Payment in advance is not permitted under this Contract.

# **Dry Cell Batteries – Specifications**

### DCBatt11A

# VI. DELIVERY AND RETURN

- 1. Delivery Time: Vendor shall deliver standard orders within three (3) working days after orders are received. Vendor shall deliver emergency orders within one (1) working day after orders are received. All deliveries must be made during normal working hours to the delivery location. All shipments of products requiring a Material Safety Data Sheet (MSDS) shall include it with product shipment.
- 2. Late Delivery: The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for:
  - (a) cancellation of the delayed order, and
  - (b) obtaining the items ordered from a third party.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.

- 3. Delivery Payment/Risk of Loss: For all orders totaling \$50 or more, delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. For all orders totaling less than \$50, and for all emergency orders approved in advance by the Agency, the Vendor will still bear the risk of loss in delivery, but Agency will reimburse Vendor for the delivery charges provided that Vendor invoices those delivery charges separately with the original freight bill attached to the invoice.
- 4. Return of Unacceptable Items: Items that Agency deems unacceptable shall be returned to Vendor at Vendor's expense and with no restocking charge. Vendor shall either make arrangements for the return within five (5) days of being notified that items are unacceptable, or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the purchase price, at the Agency's discretion.
- 5. Return Due to Agency Error: Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to

### DCBatt11A

be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

### VII. MISCELLANIOUS

- 1. No Substitutions: Vendor shall supply only Eligible Items contained in its Catalogue submitted in response to the RFQ or an updated Catalogue approved by the Purchasing Division as described above. Vendor shall not supply substitute items.
- 2. Vendor Supply: Vendor must carry sufficient inventory of the Eligible Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Eligible Items contained in its bid response.
- 3. Reports: Vendor shall provide quarterly reports and annual summaries to the Agency showing the Agency's items purchased, quantities of items purchased, and total dollar value of the items purchased. Vendor shall also provide reports, upon request, showing the items purchased during the term of this Contract, the quantity purchased for each of those items, and the total value of purchases for each of those items. Failure to supply such reports may be grounds for cancellation of this Contract.
- 4. Contract Manager: During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract manager and his or her contact information below.

Contract Manager: BRENDA VANOUER
Telephone Number: 304-344-2371

Fax Number: 304-344-0324

Email Address: brenda, vanouer @gray ban. com

- 5. Mandatory Requirements: The terms "must," "will," "shall," "minimum," "maximum," or "is/are required" identify a mandatory contract requirement. Decisions regarding compliance with any mandatory requirements shall be at the sole discretion of the Purchasing Division. Failure on the part of the Vendor to meet any of the mandatory specifications shall result in disqualification of the bid.
- 6. Waiver: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein

# **Dry Cell Batteries – Specifications**

contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in remain in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.
