GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
5. Payment may only be made after the delivery and acceptance of goods or services.
6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

SCOPE OF WORK

The successful bidder shall provide appropriate equipment, materials, labor and any technical services needed for the successful reclamation of Buffalo Coal Company, Permit S-2006-86, and any disturbance associated with such operation. The General Performance Standards shall apply to all items in Scope of Work.

Work necessary on this site will include the following items, but is not limited to these:

1. Upon mobilization to the site, which will be directed in a written Notice to Proceed, the main access road shall be developed in accordance with bid item #4.0. If, fuel and lubricants are to be stored on site, bid item #2.0 shall be in place before fuel is delivered. Project sign is to be obtained and installed.
2. Storm water management in the form as described in bid item #5.0 shall be installed.
3. Concurrent and continuous reclamation / construction work shall begin as shown on the site plan and detailed in the Scope of Work. Backfill will be required for areas of excess spoil disposal as detailed in the specifications and as directed at the Pre-bid Conference. Regrading and topsoiling is required for ALL areas disturbed during the construction process. Revegetation and soil improvement is required for ALL areas disturbed during the construction process. Reclamation is to be according to the attached specifications, plans, and clarifying discussions at the Pre-Bid Conference.
4. Construction stakeout as necessary to carry out work. (Bid Item #3.0)
5. Primary access to the site will utilize the existing bonded haulroad on Vindex Energy, Inc. WV/Art 3 Permit O-2015-96. This haulroad will be maintained in its current condition throughout the life of project and will be repaired as necessary to its current condition prior to completion of the project, per bid item #4.0. The road will be inspected by the onsite DEP representative at the appropriate time and this item will be included and paid for in the last invoice submitted.

SITE ONE

6. Beginning on the outlet end of the existing 36-inch haulroad culvert, excavate down to intercept and cut off the 6" HDPE pipe (buried beneath the haulroad culvert). After clearing the pipe of debris and / or sediments, install a perforated riser on the discharge end of the cut pipe exiting from under the roadway. The pipe section remaining in place thru the ditch outslope berm will be grouted 100% full with a cement type grout and sealed such that leakage through the pipe and around the outside edges does not occur. Excavation, riser installation and grouting will be inclusive to one bid item, #6.0. See the attached plans and / or specifications.
7. The existing conveyance Ditch A from the road culvert area to the discharge into Pond #1 will be cleaned and reshaped using the existing rock as described in the attached specifications per bid item #7.0. The Ditch A reconstruction will be supplemented by placement of loosely distributed 2-1/2" limestone Crusher Run material. Approximately 450 LF of ditch will be reshaped and treated. Existing rip-rap will also be inspected and repaired as needed to achieve a final 18" thickness prior to application of the crusher run. All work and materials to complete the Ditch A reconstruction will be inclusive to one bid item. See

the attached plans and / or specifications.

8. Construct new access road 'A' beginning from the existing haulroad down to the pond #1 area. Access road location and construction details will be as shown in the attached plans and/or specifications. Access road construction and all materials will be per bid item #8.0.
9. Pond #1 will be cleaned out by excavation to a depth of 7 feet below the invert of the existing spillway. All vegetation, trees and / or other debris will be removed from within the impounding area. All roots and root balls will be excavated out. Rocks, boulders or other materials which protrude and interfere with liner and liner bedding installation will also be removed. Existing holes in the pond structure will be repaired by placing a one-foot layer of compacted clay soil throughout the pond impounding area, including to the top of the embankment. An additional six-inch layer of fine sand will be placed throughout the pond bottom for the final liner bedding. A 60-mil textured HDPE liner will be installed and keyed into all sides and inlet / discharge spillways. The finished pond construction must be demonstrated to not leak and to discharge water prior to invoicing. All excavation, clay soil and sand placement and work to complete this item will be per bid item #9.0. Liner installation will be per separate bid item #10.0. See the attached plans and / or specifications.
10. The existing outlet spillway from Pond #1 is to be cleaned of all vegetative materials, the spillway reshaped where required to achieve the minimum design dimension and adding an additional layer of three-inches (3") of 2-1/2" crusher run limestone to 'choke-off' the riprap for the full cross-section of the spillways, per bid item #9.1.
11. Fencing of the Site One project area will be required. Approximately 1,300 LF of 4 strand, 12 gauge barbed wire fencing will be utilized with heavy duty metal T-posts. Corners, braces and gate supports will be treated wood posts. T-posts, treated wood posts and metal cattle gates will be installed at the points designated in the attached plans and / or specifications. All fencing, posts, gates and installation will be inclusive to one bid item #11.0.
12. Concurrent regrading and topsoiling shall be performed during disposal of pond #1 cleanings, per bid item #12.0. All disturbed areas shall be graded to match the surrounding terrain, eliminating all ability to impound water or concentrate flow, and create a sheet flow across the regraded areas. Also includes clearing and grubbing all vegetative cover within the entire disposal work area to bare ground. (see attached plans and/or specifications).
13. All disturbed areas within the Site One project area will be regraded and tracked and revegetated with seed, lime, fertilizer, and mulch per bid item #13.0, as detailed in the attached plans and / or specifications.

SITE TWO

14. Construct new site access roads B1, B2 and B3 per bid item #14.0. Roads B1 and B2 will be combined to form a continuous roadway thru the site to the end of Pond #2. Road B3 will be separate and provide access to the back side of the project area to the seep and Underdrain #2. Excess spoil generated by construction of access roads B1 and B2 will be hauled back and disposed of in the existing sediment cells (C1 thru C5) located along the new road B1. Placement of material will begin in C1 and progress

sequentially to C5. Material will be placed such that the cells are filled to capacity and eliminated as part of the construction process.

Each road will require differing construction specifications as detailed in the attached technical specifications and drawings. Each road will be considered a separate bid item and include all work and materials necessary to complete the work, including all work necessary for proper handling, disposal and compaction of excavated materials into cells C1 through C5.

Road B1 will begin at the existing haulroad and continue 1450 LF beside and above the existing sediment cells to the final discharge of sediment cell C5. Material excavated will be hauled back and utilized to fill in and reclaim the existing sediment cells (C1 through C5).

Road B2 will begin at the end of Road B1 and continue 900 LF to the end of the existing pond 2 area. Road B2 will cross an existing wet / seep area and require that the area be excavated and sandstone Underdrain #1 installed beneath the road. Excess material from this road construction will also be hauled back and utilized to reclaim existing sediment cells (C1 through C5) in a continuous and sequential fashion.

Road B3 will begin at the existing haulroad and will continue approximately 1200 LF to intersect with the seep excavation area. Road B3 will be a cut and fill type road and will include a vehicle turn around area. Materials generated during the roadway cut will be retained and included in the road construction.

15. Clean out the existing sediment control Pond #2 to an overall depth of five (5) vertical feet below the discharge elevation of the existing spillway per bid item #17.1. Pond #2 will be cleaned lengthwise from the discharge spillway to the location of the uppermost containment barrier #3 as shown on the attached plans and / or specifications. This item includes all work and materials necessary to complete the work, including all work necessary for proper handling, disposal and compaction of excavated materials into cells C1 through C5.

16. Dispose of all excavated road material, pond cleanings any other materials generated during execution of the project in the C1 thru C5 sediment cells, per bid items #14.0 and #17.1, by constructing small dirt dikes within the cells and placing material behind them to dewater. Material will be disposed of in a sequential manner and begin with C1 or the appropriate cell designated by the onsite WVDEP/OSR representative. As this material dries it may be covered by additional materials generated by further road construction. See the attached plans and/or specifications.

17. Construct three (3) containment barriers (#1, #2 and #3) with spillways within the cleaned out sediment control Pond #2 as shown in the attached plans and / or specifications. All work, materials and cost associated with these items will be inclusive to separate bid items, #17.2 and #17.4. See the attached plans and / or specifications.

18. The area between the constructed barriers #1 and #2 (Alkalinity Cell) is to be filled with three separate graded layers of limestone aggregate material to the level of the invert of the finished barrier spillways, per bid item #17.3

19. The existing outlet spillways from both sludge cell C5 and Pond #2 are to be cleaned of all vegetative materials, the spillways reshaped where required to achieve the minimum design dimension and adding an additional layer of three-inches (3") of 2-½" crusher run limestone to 'choke-off' the riprap for the full cross-section of the spillways, per bid item #17.5.
20. The existing seep at the northeast side of Site Two will be excavated and sandstone Underdrain #2 installed to convey seepage to Pond #2 via Ditch B2, per bid item #16.0. The existing outslope will not be undercut or disturbed during the excavation and / or grouting process. Beginning upgrade 50 LF from the seep located over the hill, Ditch B2 will be excavated to pavement in the seep area. The area will be cleaned to a 4-foot wide bottom depth. The excavation of Ditch B2 will continue downgrade toward Pond #2 approximately 450 LF at a 1% grade such that the final end of the excavation will daylight into Ditch B2. The excavated underdrain will be lined along the outer berm side with a synthetic liner with the bottom edge sealed with cementitious grout. Also, the opposite (inner) side of the ditch will be lined with a non-woven filter fabric and keyed into the bottom beneath the liner and grout. The top of the sandstone underdrain will be open to the surface. The excavated area will be filled in with sandstone per bid item #16.1. This underdrain will be trapezoidal shaped in final completion. See the attached plans and/or specifications.
21. Reconstruct Ditch B2 below the seep underdrain area by cleaning to the cross sectional area shown in the attached specifications. Apply additional 2-½" limestone crusher run material to the existing regraded sediment conveyance Ditch B2 surface area after reconstruction. This crusher run application will be from the back of the pond #2 cat-tail area and continue to the seep construction area. Limestone will be applied loosely. Approximately seventy five (75) tons will be required. Existing rip-rap will also be inspected and repaired as needed to achieve a final 18" thickness prior to application of the crusher run. Cleaning, haulage, repair, application and tonnage will be inclusive to one bid item, #15.0.
22. Concurrent regrading and topsoiling shall be performed during elimination of approximately fifteen hundred (1,500) linear feet of diversion ditch B1 (above seep) and sludge cells C1-C5, as necessary, per bid item #20.0. All ditch and cell areas shall be graded to match the surrounding terrain, eliminating all ability to impound water or concentrate flow, and create a sheet flow across the regraded areas. Also includes clearing and grubbing all vegetative cover within the entire ditch and cell regrading work areas to bare ground. (see attached plans and/or specifications).
23. Fencing of the Site Two project area will be required. Approximately 6,000 LF of 4 strand, 12 gauge barbed wire fencing will be utilized with heavy duty metal T posts. Corners, braces and gate supports will be treated wood posts. T-posts, treated wood posts and metal cattle gates will be installed at the points designated in the attached plans and / or specifications. All fencing, posts, gates and installation will be inclusive to one bid item, #18.0.
24. All disturbed areas within the Site Two project area will be revegetated with seed, lime, fertilizer and mulch, per bid item #21.0, as detailed in the attached plans and / or specifications.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Green Mountain Company
of 511 50th Street, Charleston WV 25304, as Principal, and Ohio Farmers Insurance Company
of One Park Circle Westfield Center OH, a corporation organized and existing under the laws of the State of Ohio
with its principal office in the City of Westfield Center, as Surety, are held and firmly bound unto the State
of West Virginia, as Obligee, in the penal sum of Five Percent (\$ 5%) for the payment of which,
well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
DEP15497, Buffalo Coal Company in Grant County WV, according to plans and specifications.

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached
hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the
agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full
force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event,
exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no
way impaired or affected by any extension of the time within which the Obligee may accept such bid, and said Surety does hereby
waive notice of any such extension.

IN WITNESS WHEREOF, Principal and Surety have hereunto set their hands and seals, and such of them as are corporations
have caused their corporate seals to be affixed hereunto and these presents to be signed by their proper officers, this

22nd day of September, 2011.

Know All Men by These Presents, That WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY, corporations, hereinafter referred to individually as a "Company" and collectively as "Companies," duly organized and existing under the laws of the State of Ohio, and having its principal office in Westfield Center, Medina County, Ohio, do by these presents make, constitute and appoint

ROSS E. JOHNSON, H. RANDOLPH NEVILLE, PATRICK B. KEE, SHEILA D. MCCORMICK, JOINTLY OR SEVERALLY

of **CHARLESTON** and State of **WV** its true and lawful Attorney(s)-in-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver any and all bonds, recognizances, undertakings, or other instruments or contracts of suretyship-

LIMITATION: THIS POWER OF ATTORNEY CANNOT BE USED TO EXECUTE NOTE GUARANTEE, MORTGAGE DEFICIENCY, MORTGAGE GUARANTEE, OR BANK DEPOSITORY BONDS.

and to bind any of the Companies thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seal of the applicable Company and duly attested by its Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises. Said appointment is made under and by authority of the following resolution adopted by the Board of Directors of each of the WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY:

"Be It Resolved, that the President, any Senior Executive, any Secretary or any Fidelity & Surety Operations Executive or other Executive shall be and is hereby vested with full power and authority to appoint any one or more suitable persons as Attorney(s)-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

The Attorney-in-Fact, may be given full power and authority for and in the name of and on behalf of the Company, to execute, acknowledge and deliver, any and all bonds, recognizances, contracts, agreements of indemnity and other conditional or obligatory undertakings and any and all notices and documents canceling or terminating the Company's liability thereunder, and any such instruments so executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed by the President and sealed and attested by the Corporate Secretary."

"Be It Further Resolved, that the signature of any such designated person and the seal of the Company heretofore or hereafter affixed to any power of attorney or any certificate relating thereto by facsimile, and any power of attorney or certificate bearing facsimile signatures or facsimile seal shall be valid and binding upon the Company with respect to any bond or undertaking to which it is attached." (Each adopted at a meeting held on February 6, 2000).

In Witness Whereof, WESTFIELD INSURANCE COMPANY, WESTFIELD NATIONAL INSURANCE COMPANY and OHIO FARMERS INSURANCE COMPANY have caused these presents to be signed by their Senior Executive and their corporate seals to be hereto affixed this 25th day of **AUGUST** A.D., 2008 .

STATE OF WEST VIRGINIA
Purchasing Division
PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board-of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities. as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
