Addendum # 1

Item 1: The contractor will have 60 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250 per day liquidated damage clause will be in effect after the 60 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.

Item 2: Q: Where is the soil borrow area located?

A: There is a potential soil borrow area located off site. It is shown on the inset on Plan Sheet 2. Should the Contractor decide to obtain and utilize any borrow areas outside of construction limits, or move material from one property owner to another, unless designated, the Contractor shall be responsible to obtain from the property owner(s) of the borrow areas, all necessary rights of entry, including rights of entry for WVDEP and OSMRE for inspection purposes. The said rights of entry agreement must state that the property owner(s) indemnify and hold harmless the WVDEP for Contractor's action for any injury or damages whatsoever resulting from the use of the property. Please reference Special Provision VII of the Specifications.

Item 3: Q: Is burning permitted?

A: Burning of the combustible material will not be permitted on or near refuse, mine portals, or within close proximity to coal seams or utilities. The Contractor shall obtain all permits and licenses required prior to burning the material. Prior to burning, a plan showing the location of material to be burned, and all fire control measures to be implemented, including copies of permits and licenses, shall be submitted to the WVDEP's representative for approval. Please reference section 4.2.7 of the Specifications.

Item 4: Q: Does the chain link fence near the mobile have to be removed?

A: Please refer to plan notes and specification 4.1.2. It is anticipated that the chain link fence will have to be removed and replaced to facilitate the drainage/refuse work. The fence location is shown on the plans. The fence shall not be damaged or destroyed during the removal, and shall be replaced in the original location after construction is completed. Cost for fence removal shall be included in Item 4.1, Site Preparation.

Item 5: Q: Does the trash/debris beside the chain link fence have to be removed?

A: If the trash/debris is within the construction work limits, and must be moved to facilitate the drainage/refuse work, then the trash/debris must be disposed of offsite, in accordance with Specification 4.0, Site Preparation.
