BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Dore & Associates Contracting, Inc
of 900 Harry Truman Parkway, Bay City, MI 48706, as Principal, and Western Surety Company
of 101 S. Phillips Ave, Sioux Falls, SD 57104, a corporation organized and existing under the laws of the State of SD
with its principal office in the City of Sioux Falls, as Surety, are held and firmly bound unto the State
of West Virginia, as Oblige^e, in the penal sum of Five Percent of Amount (\$ 5%) for the payment of which,
well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
Demolition of Clarksburg/Fairmont State Office Buildings

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event, exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by any extension of the time within which the Oblige^e may accept such bid, and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, Principal and Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be affixed hereunto and these presents to be signed by their proper officers, this
13th day of July, 20 11.

Principal Corporate Seal

ADMINISTRATION

Western Surety Company

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

James R Gargaro, Gus E Zervos, Steve M Zervos, Angelo G Zervos, Donald W Burden, Christina M Serra, Individually

of Southfield, MI, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature

- In Unlimited Amounts -

and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the By-Law printed on the reverse hereof, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Senior Vice President and its corporate seal to be hereto affixed on this 5th day of May, 2011.

WESTERN SURETY COMPANY

Paul T. Bruflat
Paul T. Bruflat, Senior Vice President

State of South Dakota }
County of Minnehaha } ss

On this 5th day of May, 2011, before me personally came Paul T. Bruflat, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is the Senior Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

My commission expires
November 30, 2012

D. Krell
D. Krell, Notary Public

CERTIFICATE

I, L. Nelson, Assistant Secretary of WESTERN SURETY COMPANY do hereby certify that the Power of Attorney hereinabove set forth is still in force, and further certify that the By-Law of the corporation printed on the reverse hereof is still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said corporation this 13th day of July, 2011.

Proposal Form

State of West Virginia – General Services Division
Demolition of Clarksburg / Fairmont
State Office Buildings

Project No. GSD 116461

Name of Bidder: Dore & Associates Contracting, Inc.

The undersigned, hereinafter called Bidder, being familiar with and understanding the Bidding Documents and also having examined the site and being familiar with all local conditions affecting the project hereby proposes to furnish all labor, material, equipment, supplies and transportation and to perform all Work in accordance with the Bidding Documents within the time set forth for the sum of:

Clarksburg State Office Building Demolition Base Bid:

Six hundred thirty nine thousand, two hundred & 00/100 Dollars

(\$ 639,200.00)

(Show amount in both words and numbers)

Fairmont State Office Building Demolition Base Bid:

Two hundred fifty seven thousand, six hundred & 00/100 Dollars

(\$ 257,600.00)

(Show amount in both words and numbers)

Total Base Bid (Sum of Clarksburg and Fairmont):

Eight hundred ninety six thousand, eight hundred & 00/100 Dollars

(\$ 896,800.00)

(Show amount in both words and numbers)

(In the event of a difference between the written amount and the number amount, the written amount shall govern.)

Clarksburg Unit Prices (to be used for Clarksburg Project only):

UNIT PRICE #1: UNIT PRICES – CLARKSBURG BUILDING ONLY

Unit Price No. C001:	Additional abatement and disposal of 9"x9" asbestos containing floor tile that exceeds quantities specified by 10%.	\$ <u> 2.25 </u>	Per Square Foot.
Unit Price No. C002:	Additional abatement and disposal of asbestos containing window glazing that exceeds quantities specified by 10%.	\$ <u> 7.00 </u>	Per Linear Foot.
Unit Price No. C003:	Additional abatement and disposal of asbestos containing ceiling texture that exceeds quantities specified by 10%.	\$ <u> 9.25 </u>	Per Square Foot.
Unit Price No. C004:	Additional abatement and disposal of lead paint.	\$ <u> 8.50 </u>	Per Square Foot.

Fairmont Unit Prices (to be used for Fairmont Project only):

UNIT PRICE #1: UNIT PRICES – FAIRMONT BUILDING ONLY

Unit Price No. 1:	Additional abatement and disposal of asbestos containing floor tile other than materials indicated on drawings	\$ <u> 2.00 </u>	Per Square Foot.
Unit Price No. 2:	Additional abatement and disposal of asbestos containing mastic other than materials indicated on drawings	\$ <u> 1.50 </u>	Per Square Foot.
Unit Price No. 3:	Additional abatement and disposal of asbestos containing transite	\$ <u> 4.00 </u>	Per Square Foot.
Unit Price No. 4:	Additional abatement and disposal of asbestos containing pipe insulation	\$ <u> 22.00 </u>	Per Linear Foot.
Unit Price No. 5:	Additional abatement and disposal of asbestos containing duct wrap	\$ <u> 18.00 </u>	Per Square Foot.
Unit Price No. 6:	Additional abatement and disposal of asbestos containing plaster	\$ <u> 9.25 </u>	Per Square Foot.
Unit Price No. 7:	Additional abatement and disposal of asbestos containing roofing material	\$ <u> 3.85 </u>	Per Square Foot.

A Unit Price is an amount stated in the Bid as a price per unit of measurement for materials, equipment or services or a portion of the Work as described in the bidding documents. Unit prices shall be used solely for the formulation of any unforeseen change orders subsequently requested for the awarded project.

The Bidder, if successful and awarded the contract, agrees that all work is to be complete within the specified time period following issuance of the OWNER'S written notice to proceed. For each calendar day of delay in achieving completion, the Contractor shall be liable for, and shall pay the OWNER liquidated damages in the amount specified in the Contract Documents.

No work shall be performed prior to issuance of a signed Purchase Order and Notice to Proceed issued by the Owner. Any materials contracted for prior to the issuance of the OWNER'S written Notice to Proceed shall be at the Bidder's risk.

Signature of Bidder:

The Certificate of Insurance on the reverse side of this form does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.

Reference No. 1

Type of contract/order: *Demolition & Abatement of Stroger Hospital.*

Dates of contract performance: *2007-2009*

Place of contract performance: *Chicago, Illinois*

Name and address of customer or Government Agency: *Capital Planning & Policy County of Cook, IL; 60 West Washington, 30th Floor, Chicago, IL 60602*

Name, telephone number and e-mail address of Contracting Officer or equivalent customer contact: *Ms. Elizabeth Melas, Deputy Director; P (312) 603-0300 F (312) 603-9997*

email: emelas@cookcountygov.com

Dollar Value of contract/order as initially awarded: *\$9,707,000.00*

Current value of contract/order or, for completed tasks, the value at contract/order completion: *\$9,129,650.00*

Why contract is considered recent and relevant: Project involved the removal of asbestos and floor by floor selective demolition of major structures in close proximity to systems and structures scheduled to remain undisturbed and undamaged. Four large wings of a hospital were successfully removed from the main hospital scheduled to remain. This is noteworthy given that the Cook County Hospital is on the National Registry of Historic Places and the structure was faced with ornate terra cotta. Remaining structures and 240' stack were selectively removed from the top down and in close proximity of a new 340 million Hospital. In addition, the project site was located in the middle of the Illinois Medical District with other major hospitals in close proximity. This was one of the largest demolition projects completed in the US during this contract period. Detailed structural analysis was required to separate wings from the main hospital and to engineer floor by floor demolition of steel structures. Contract was completed timely and pursuant to contract completion milestones.

management approach and organizational structure: Dore assigned a key Project Manager specifically to this project to ensure corporate compliance with all specification requirements. All management decisions were made on the job-site including but not limited to selection of Project Superintendent, labor, safety, value engineering, equipment selection, and resolution of any problems encountered. This approach ensured the project was completed in a timely and safe manner. In addition, MBE requirements were exceeded.

Reference No. 2

Type of contract/order: *KD Station Demolition/Hazardous Material Removal*

Dates of contract performance: *2009/2010*

Place of contract performance: *Sioux City, Iowa*

Name and address of customer or Government Agency: *City of Sioux City, 405 6th Street, Sioux City, Iowa 51102*

Name, telephone number and e-mail address of Contracting Officer or equivalent customer contact: *Michelle M. Brady, P (712) 279-6245 F (712) 224-5218*

Dollar Value of contract/order as initially awarded: *\$3,156,400.00*

Current value of contract/order or, for completed tasks, the value at contract/order completion: *Pending*

Why contract is considered recent and relevant: Project includes the removal of a 450,000 sq. ft. former meat packing plant in close proximity to adjacent occupied structures. A structural steel bridge used for meat packing equipment and personnel was selectively removed that was located between the structure to be razed and the occupied building to remain. This is noteworthy given that an entrance to a restaurant existed directly below the bridge. Detailed engineering was required to selectively remove the bridge and main meat packing structure.

Management approach and organizational structure: Dore assigned a key Project Manager specifically to this project to ensure corporate compliance with all specification requirements. All management decisions were made on the job-site including but not limited to selection of Project Superintendent, labor, safety, equipment selection, and resolution of any problems encountered. This approach ensured the project was completed in a timely and safe manner.

Reference No. 3

Type of contract/order: *Demolition of K Building/Power Plant*

Dates of contract performance: *2008/2009*

Place of contract performance: *St. Louis, Missouri*

Name and address of customer or Government Agency: *State of Missouri (Landmark Contract Management)*

Name, telephone number and e-mail address of Contracting Officer or equivalent customer contact: *Scott Kolath, P (636) 537-1200 ext. 113 F (636) 537-1373*

Dollar Value of contract/order as initially awarded: *\$1,288,400.00*

Current value of contract/order or, for completed tasks, the value at contract/order completion: *\$1,390,479.00*

Why contract is considered recent and relevant: Project involved the removal of asbestos and demolition of an industrial-type steel structure in close proximity to systems and structures scheduled to remain undisturbed and undamaged. Subject project was completed next to an occupied Hospital.

Management approach and organizational structure: Dore assigned a key Project Manager specifically to this project to ensure corporate compliance with all specification requirements. All management decisions were made on the job-site including but not limited to selection of Project Superintendent, labor, safety, equipment selection, and resolution of any problems encountered. This approach ensured the project was completed in a timely and safe manner.

Reference No. 4

Type of contract/order: Asbestos Abatement & Demolition of 8 Buildings

Dates of contract performance: 2007

Place of contract performance: St. Louis, Missouri

**Name and address of customer or Government Agency: Land Clearance for
Redevelopment of City of St. Louis**

**Name, telephone number and e-mail address of Contracting Officer or equivalent
customer contact:**

Chad Howell (314) 622-3400

Dollar Value of contract/order as initially awarded: \$676,700.00

**Current value of contract/order or, for completed tasks, the value at contract/order
completion: \$982,432.07**

**Why contract is considered recent and relevant: Project involved the removal of asbestos
containing material and demolition of a major ammunition plant in close proximity to
Interstate I-70. The 21 acre St. Louis Army Ammunitions Plant (SLAPP) site was
converted from small arms production to the production of Howitzer 105 mm shells. The
industrial-type heavy steel plant was the largest producer of 105 mm shell in the world.
Demolition was completed in preparation of environmental activities including explosive
residues and PCB's. Demolition of the main plant had to be completed without disturbing
below grade soils.**

**Management approach and organizational structure: Dore assigned a key Project
Manager specifically to this project to ensure corporate compliance with all specification
requirements. All management decisions were made on the job-site including but not
limited to selection of Project Superintendent, labor, safety, equipment selection, and
resolution of any problems encountered. This approach ensured the project was
completed in a timely and safe manner. All MBE requirements were met.**

Re: RFQ GSD116461 – Demolition of Clarksburg/Fairmont State Office Buildings

Subj: Statement of Experience

Dear Sir or Madam:

Dore & Associates is proud of its reputation in the demolition and environmental industry, and is eager to share its background with potential clients. The management of Dore & Associates has more than fifty years of expertise. Dore & Associates has earned a reputation worldwide in demolition. It has razed over 35,000 structures throughout the United States and Canada since its inception in 1958 and has evolved into a "single source" contractor. Dore has the ability to provide you with a total, comprehensive and cost-effective package, eliminating the problem of multiple layers of contractors. Our full range of services includes:

- DISMANTLING ENTIRE/PARTIAL PLANTS
- FLOOR TILE REMOVAL
- COMMERCIAL DEMOLITION
- INTERIOR/EXTERIOR RENOVATION
- MARKETING/SALES OF USEABLE EQUIPMENT
- ENVIRONMENTAL REMEDIATION
- ASBESTOS & LEAD ABATEMENT
- SITE EXCAVATION & RESTORING
- MINE & PLANT CLOSURES

Though our main office is located in Bay City, Michigan, satellite offices in Detroit, Michigan; Little Rock, Arkansas; and Tampa, Florida, enable Dore & Associates the ability to provide services to a diverse geographic business clientele.

Page two – State of West Virginia

Dore & Associates is a founding member of the National Association of Demolition Contractors (NADC) with membership for twenty years and in 1995 became a member of the Investment Recovery Association. I am confident you will find our qualifications acceptable, however, should you need additional information please feel free to contact me at (989) 684-8358. Please feel free to visit our website at www.doreandassociates.com.

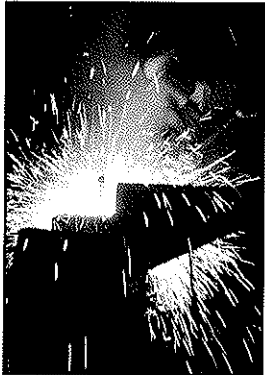

Sincerely,

DORE & ASSOCIATES CONTRACTING, INC.

Arthur M. Dore,
President

Demolition/Dismantling

The initial design and construction of any structure often requires numerous firms and contractors; however, when it comes time to be razed, there is only one turnkey contractor whose name is synonymous with demolition and dismantling:

Dore & Associates Contracting, Inc.

With the experience of 25,000+ razed structures throughout the world, Dore & Associates can deliver the knowledge and expertise to safely and efficiently handle any complete dismantling/demolition, asbestos/lead abatement, as well as all environmental remediation projects with security and peace of mind. Fully insured and licensed throughout the United States, Dore has "A-rated" insurance and has the financial strength to maintain premium

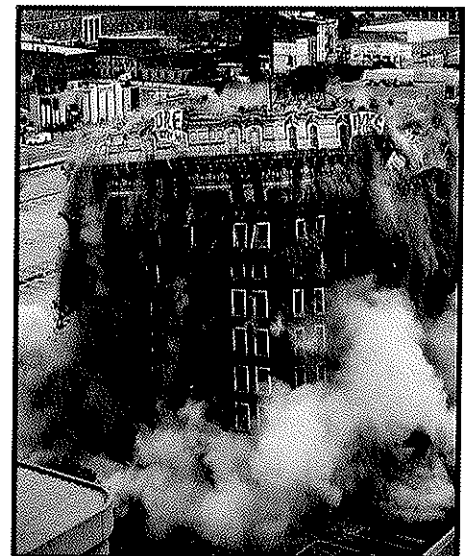

bonding capacity. All insurances are listed in the Treasury Circular 570 and licenses are in compliance with the required industry regulation standards.

Our safety record depicts the careful planning and attention that Dore gives to each and every project beginning with the review and recommendations of our in-house support staff of estimators, engineers, environmentalists and safety specialists. Experienced, on-site field representation and an informed and qualified workforce ensures that every project is handled expertly from start to finish.

Dore's supervisors and workers are experienced in environmental procedures; thereby offering unique insight into each individual project. Their capability to perform jobs without work schedule interruption, often results in considerable savings for a building owner. Whether explosive or conventional, every job is carefully considered and the solution custom-tailored to meet its particular needs. Safety manuals are prepared and meetings conducted to ensure worker awareness and guarantee the safest work practices are utilized on every project. Regardless of the project's nature and complexity, Dore has the appropriate demolition remedy and the services to do the job right:

- demolition by explosives • implosion • conventional demolition
- dismantling entire or partial plants • commercial/industrial
- interior/exterior • renovation • mine and plant closures
- salvage and asset recovery • automotive strip-out
- recycling • marketing and sale of useable equipment
- 24-hour, on-call service • total environmental Remediation

Dore has the safety record, expertise, and experience that discriminating commercial and industrial customers trust for all of their demolition/dismantling needs. When it comes to quality razing and a second-to-none reputation, there's only one name, one choice for the job: Dore & Associates Contracting, Inc.

Dore & Associates Contracting, Inc.

Asbestos/Lead Abatement

When it comes to the safe and efficient removal, encapsulation or enclosure of asbestos or lead, Dore & Associates Contracting, Inc. has the expertise that commercial and industrial organizations demand for any abatement need. For a turnkey contractor with a reputation for safety and experience, Dore is the only full-service, responsible choice for the job.

Every project we encounter is strategically reviewed by our in-house staff of qualified environmentalists and safety specialists and custom-designed to meet the requirements of each job, ensuring peace of mind that all projects will be performed correctly from start to finish. Experienced, on-site supervisors and workers are fully licensed and highly-trained in the proper methods of removal and disposal of asbestos and lead according to NESHAPS, EPA, and OSHA

guidelines. All of Dore's workers are required to attend stringent training programs for certification, as well as refresher courses and annual physicals to guarantee knowledge of current developments in the industry. Safety manuals are prepared and meetings conducted to thoroughly prepare employees for the unique hazards of each job in order to ensure worker awareness, and guarantee the safest work practices are utilized on every project.

When it comes to experience and reputation, Dore & Associates Contracting, Inc. is second-to-none. Completing thousands of projects throughout the world, from industrial facilities and shopping malls to hospitals and educational campuses, Dore's diverse client base and work scope is the foundation of our expertise. Fully insured and licensed throughout the United States and the world, Dore has "A-rated" insurance and has the financial strength to maintain premium bonding capacity, and is intensely prepared to meet any abatement challenge. All insurances are listed in the Treasury Circular 570 and licenses are in compliance with the required industry regulation standards.

Dore's commitment to state-of-the-art technology is complemented by our affiliate company, Aerospace America, Inc., one of the country's largest manufacturers of asbestos and lead abatement equipment. With their complete line of air filtration products, Aerospace America, Inc. has the capability to tailor-fit any provision a specific application may require. Due to this association, Dore & Associates Contracting, Inc. will continue to be an industry leader by utilizing the latest in technologically sophisticated equipment enabling competitive abatement costs and aggressive pricing.

Dore & Associates Contracting, Inc. specializes in a full range of services for asbestos and lead abatement projects:

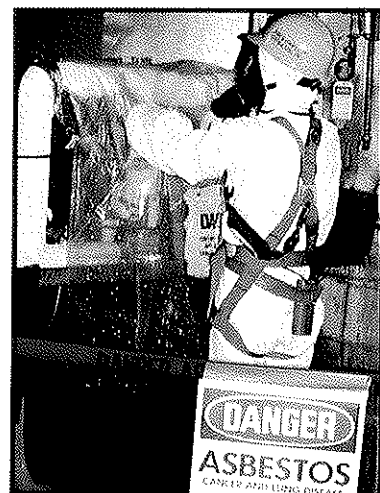

- fireproofing • thermal and mechanical insulation • transite
- vinyl asbestos tiles • refractory materials • roofing/flashing
- cooling towers • routine maintenance • 24-hour, on-call service

For any commercial or industrial asbestos or lead abatement project, Dore & Associates Contracting, Inc. is the professional, experienced and efficient contractor discriminating customers rely on for high quality safety standards and the latest in high-tech equipment. For the best trained workforce in the industry, look to Dore to get the job done right.

Environmental Remediation/Decontamination

Environmental Remediation/Decontamination is a serious business that demands experienced, professional attention. When it comes to environmental protection, Dore & Associates Contracting, Inc. is the full-service, responsible turnkey contractor with the reputation to perform the job safely and efficiently.

When soil contamination is a problem, Dore & Associates provides the solution. We offer a full range of services for the correction or removal of contaminated soils, buildings, equipment, etc. and possess the experienced and highly-trained staff to do the job right. Our safety record depicts the careful planning and attention that Dore gives to each and every project beginning with the review and recommendations of our in-house support staff of estimators, engineers,

environmentalists and safety specialists. Experienced, on-site field representation and an informed and qualified workforce ensures that every project is handled expertly from start to finish.

If necessary, the Public Relations Department at Dore & Associates is readily available to assist customers in developing press releases to inform the media about an upcoming project, and answer any questions that may arise concerning the surrounding community and its inhabitants.

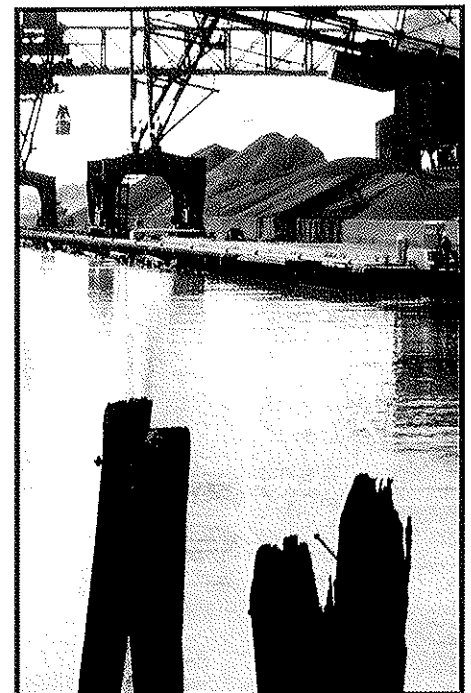

Fully insured and licensed throughout the United States and the world, Dore has "A-rated" insurance and has the financial strength to maintain premium bonding capacity, and is intensely prepared to meet any challenge. All insurances are listed in the Treasury Circular 570 and licenses are in compliance with the required industry regulation standards.

Dore has the heavy duty equipment to handle even the most complex projects with the most demanding schedules. Our operators are licensed professionals, equipped with the knowledge and skills necessary to accomplish the job.

Dore & Associates Contracting, Inc. offers informed solutions and the equipment and resources to satisfy any environmental service need:

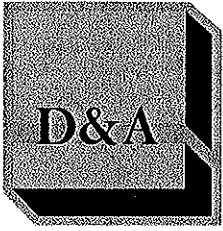

- soil remediation
- underground tank removal and tank closures
- PCB clean-up
- excavation
- HAZMAT
- 24-hour, on-call service

Environmental remediation/decontamination is a hazardous and risky business that demands a high standard, reputable contractor who can ensure peace of mind in experience and safety. For serious results you can trust, rely on the reputation of Dore & Associates Contracting, Inc. for the performance high demand projects require. When the job is done by Dore, you know it's done right.
