RFQ No. _____

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

NOTARY PUBLIC Betty L. Jones
Purchasing Affidavit (Revised 07/01/2012)

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

1. Application is made for 2.5% resident vendor preference for the reason checked:

- Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
- Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
- Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,

2. Application is made for 2.5% resident vendor preference for the reason checked:

- Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,

3. Application is made for 2.5% resident vendor preference for the reason checked:

- Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,

Application is made for 5% resident vendor preference for the reason checked:

- Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,

5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:

- Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,

6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked:

- Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

7. Application is made for preference as a non-resident small, women- and minority-owned business, in accordance with *West Virginia Code* §5A-3-59 and *West Virginia Code of State Rules*.

- Bidder has been or expects to be approved prior to contract award by the Purchasing Division as a certified small, women- and minority-owned business.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (*West Virginia Code*, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

Bidder: Capitol Business Interiors.

Signed: Kelli D. Prange

Date: 6/19/13.

UniGroup[®] Too

HAWORTH[®]

What can you do with UniGroup Too?

Sure, underneath is one of the industry's most widely installed furniture systems, renowned for its durability and simplicity. But with squared top trim and tight tolerances, it's sleek and rectilinear, sophisticated and classic. Scalable panel and component options can meet your interior needs with ease.

UniGroup Too—a fresh look for the essential office.

Panel's *de Jû* and Maham Charikkin Promise
Trim Chalk Workspaces Espresso Walnut, Teign Island
Storage *A Series* in Espresso Walnut and
Mint Champagne Translucent with Taper Pulls
Task Seating *Xiro* in Ultra French Vanilla, Metallic Silver Trim
Lounge Seating *Hollo* in Maharam Regent Classic Sempolinda
and Maharam Strut Lumogreiss

Panel: Shimmery Wet Glass, Landscape (solid) and
Trim: Shell, Worksurfaces: Espresso Walnut, Edge Band
Overhead Storage: Shell
Storage X: Panel in Shell
Seating: X52 in Shell, Lurech Vanilla, Matilla, Silver, Inis
Guest Seating: L007 in Shell, Finesse Vanilla, Metalar Silver Trim

You can customize your space with monolithic or segmented panels. Select wood to contrast or complement the fabrics you choose.

Panel: Maharam Glim Ice
Table: Metallic Silver
Workspaces: Chalk Cascade
Storage: X Series in Metallic Silver with Matrix Perforated Metal with Radius Pull
Slat Pad: Metall: Silver with Jump Stuff Mini Shell in Chalk
Task Seating: X4 in Standard Pattern 270, Metallic Silver Trim
Lounge Seating: Hillo in Maharam Align Spring and Kvadrat Pouffe 770

You can create task and open spaces with the same components. Pair shimmering fabrics with slat tiles and marvel at how rich and textured a panel can be. Slim, too, since rigid panel inserts create a flatter look. Segmented panels create an architectural look in a 120-degree layout. X Series® stationary and mobile storage help define workspace parameters and easily adapt to change.

Panela 100 R, 1000
Trim C, 100 Work Surface, 1000
Overhead Storage, 1000
Storage 20 Series, 1000
Tackboards, 1000
Seating 100, 1000

You can bring subtle sophistication to a basic application with work surfaces, file storage, and up-mount overhead storage units in soft chalk tones. And bring Power Base™, the industry's most intelligent power delivery system, plus unmatched data management that easily integrates tools and technology. A contrasting fabric on the tackboards adds interest to a shared workspace.

A fresh look for the essential office.

UniGroup Too brings a sleek look that's loaded with possibilities. There are segmented panels for an architectural look, up-mount storage units for landscaping, and slat pads or markerboards for personalization. Plus, UniGroup Too works brilliantly with Haworth seating and storage.

So, what else can you do with UniGroup Too?

Panels Chalk Laminate
 Trim Metallic Silver Worksurfaces Chalk, Cassate
 Tackboard Kenyon Yendra 427
 Storage X Series In Metallic Silver with Taper Pulls and Bette White Translucent
 Seating LCNK in Kvadrat Tondo #27

Add privacy with screens that attach directly to mobile tables and tie it all together for a clever impact with matching fabric on tackboards and mobile storage modules.

Panel: Mirage Dream
Trim: Platinum Worksurfaces: Platinum, Edge Sand
Taskboards: Kio Smart
Overhead Storage: Smoke and Basic White Translucent
Storage: V Series™ in Smoke, cabinet in Maharam Calyx Jungle
Seating: LOOK in Bribe Cambridge Blue

You can add variety to the landscape with up-mount overhead storage units, achieving added height and privacy without added costs. In fact, you could design this entire workspace quickly and on a tight budget because all components, including the V Series™ storage units, are readily available through Haworth's Start It Up Program.

Trim Metallic Silver **Worksurfaces** Espresso Walnut, Edge Band
Overhead Storage Espresso Walnut
Storage Espresso Walnut with Linear Brushed Nickel Pulls
Seating Hello with Backrest White Hello Swivel, Marillo, Silver Trim
Guest Seating Hello in Espresso Walnut with Manhattan Walnut Carlini

You can mix warm woods with cool metallic finishes to create private workspaces that welcome light through glass panels. Wood worksurfaces and overhead storage units complement X Series storage and Hello guest chairs.

You can do great things with a system this intuitive.

Durable

- UniGroup Too's monocoque construction integrates a rugged steel frame with a honeycomb core and a perforated steel skin. The unique universal hinge accommodates any panel angle and up to one million bends.

Simple

- Monolithic or segmented—you can mix and match and choose fabric, glass, or markerboard. Rigid panel inserts slide in and deliver a slimmer look than stretched fabric.
- Pre-finished trim rails eliminate the need for finish posts. Rails slide to offer easy access for panel removal—even at the center of a run.
- Power Base, the industry's most intelligent power delivery system, handles up to six circuits, 120 amps of power, and works with every building's wiring configuration.

- Built-in outlet covers slide to reveal powered panel outlets; they slide back if you need to configure for a non-powered panel.

Sustainable

UniGroup Too is GREENGUARD® certified.

UniGroup Too's standard panel has an average recycled content of 33% with 20% post-consumer content. Panels can be ordered with 100% recycled polyester fabrics.

PRE- MIERE

Offices. Perfectly Tailored.™

It's more than an evolution in styling... It's advanced manufacturing and enhanced craftsmanship backed by renown and impeccable Three H customer service. For more than 25 years we've been quietly perfecting the private office. Now we're ready to launch a complete re-engineering of private office furniture for a more sophisticated world of higher expectations. Get ready to experience Three H like never before.

three-h.com/premiere

Introducing The Premiere Series™

The New Concept in Furniture: Ultimate, High-End Performance at an Affordable Price.

The newest Three H series comes out in style, with a fresh complement of enhancements and styling cues. There are more elegant lines and a smart appearance, highlighted by a unique mix of all the most modern and advanced materials made in North America. Including our well-regarded and admired laminate-surface collection, proprietary designs in crafted aluminum accents, limitless selection of painted glass, and unique integration of textiles components.

Designed and engineered by Jean Bourassa and Three H. Powered by RED.

New, slim-line metal-frame cabinet doors frame a striking array of clear, frosted or painted glass. A highly visual manifestation of enhanced and personalized design. The total effect is empowering. How about painted glass, available in many standard colors including white, graphite & black on metal or design your suite with classic laminate framed clear glass cabinet doors.

Design your own office at:
www.three-h.com/RED

With a Single Look, You'll Recognize the Difference

The eye-catching bold design matched with finessed trim accents including a wealth of fabric choices now also featured on the wall-mounted and under-surface modesty panels, enhances the design value of your suite. But the choices do not end there.... Consider new post-leg designs. Look deeper, there are now more changes beneath the surface. New disk and square steel post legs, in silver or black, follow styling cues of surface shapes. And the new laminate box leg is elegantly trimmed at the base for a finished look. Add color and texture with fabrics on tack boards... and now on modesty panels. Best of all, no matter how you build your office, your environment will acquire a personalized feel. Discover the combination that speaks to you.

Advancing our Service Model – Yet Again

Our new engineering model ensures the smoothest, fastest transition from your ideas to the design, pricing, manufacture and delivery of your office.

Build and customize on your own with our RED software or with the assistance of our customer service team – who are standing by to do all the pricing and drawings for you, if you choose. Our RED technology is integrated directly into manufacturing. And with all standard materials pre-stocked in the factory, we can build and deliver in the extraordinary quickness that Three H is renown for.

See lots more Ideas at:
www.three-h.com/typicals

Every Inch of Each Suite is Designed to Please and Inspire

What you'll notice first is the clean lines and inherent harmony of the design: uncluttered, elegant cabinet fronts and neatly arranged pulls meet best-in-class material and top workmanship. The overall feeling is that you have arrived in the right office. Later you will notice that the design is not only attractive, it is also extremely functional: everything is designed for typical Three H high performance. The shared office should also be functional... but why not pleasing too.

Introducing the new Wavecrest™ solid wood edge detail.
Joining a family of hand-stained and applied wood edge
trims for surfaces and tops of cabinets.

Visit:
www.three-h.com/typicals

Moving Forward is Very Satisfying

The North American executive office is still the home for richly appointed and empowering furniture...with hand-crafted, real wood trim, and elegantly designed pulls which translates to a more luxurious office suite. And in a noteworthy design feature and at the heart of Three H's reputation of detailed craftsmanship, a new wood trim design is being added to the collection of solid wood choices. Coupled with Three H sizing by the inch on work surfaces and hutches, there are extraordinary options for custom designs.

Personalized Styling: the Hallmark of Three H

By offering the exclusive detailing of high-end office furniture and creating a captivating and inventive design, Three H delivers a wealth of elegance and sophistication. And by introducing two more new wood-finish options Dark Suede and Sand Drift, The Premiere Series retains at the core the winning attributes of Three H: Over 30 carefully selected, in-stock wood and color finishes, New power/data channel under surface management is another new advancement. Sit behind the desk and be instantly impressed with how natural it feels. From the strategic location of pulls to the power/data options easily at hand, this furniture has been crafted with your needs foremost in mind. Wall mounted backboards and tackboards are new design features expanding the styling choices to all new heights.

Your choice at:
www.three-h.com/finishes

- 1 / Solid Wood Trim Shown in WaveCrest™, also available in Prestige, Bullnose and Self Edge
- 2 / Worksurfaces D-Top, P-Top, Rectangular, Arc, Corner Desk
- 3 / Power/Data Deluxe Cable Management (see details right side)
- 4 / Tackboards Optional wall mounted or hutch supported and over 47 standard fabrics
- 5 / Accessory Rail Multiple accessories available
- 6 / Modesty Panels Upholstered or Laminate
- 7 / Worksurface Bases: Metal Square & Round (with and without plate) & Laminate box
- 8 / Handles 11 different pulls available in various finishes
- 9 / Glass Doors Painted & Frosted Glass Options in thin Metal frame or Clear Glass in Laminate frame

419020

The new, optional Deluxe Cable Management under surface box channel is a case in point. In this you can see an innovative, functional and effective approach to the cable management needs of the private office.

Make it Practical...Make it Beautiful

We've made the cabinet profiles even more emphatic. Their clean lines frame a more modern and upscale appearance. All curved surfaces and edge details are sharply defined to create an elegant and tailored finish. Proprietary designed anodized aluminum accessory rails paired with new leg designs will enhance and elevate the profile of office layouts. High quality office furniture can be very nicely priced too. New software, advanced engineering and manufacturing at Three H have made prices even better. Remember, we've been doing this for over 25 years and have the highest reputation as proof of our promise.

Our Customers speak for us at:
www.three-h.com/casestudies

Three H Loves Making Office Furniture, And You Can Tell.

It's how it's made, where it's made and who it's made for:
The customer who wants custom sizing, delivered quickly
by craftspeople in North America. Best of all, it's at a price
that will surprise and welcome you.

SYSTEMS FOR SUCCESS

Q Line Packaged Shelving

Q Line Shelving is designed for those storage applications that demand strength and versatility.

Q Line's exclusive Box Beam construction and heavy reinforced steel shelves offer increased load bearing capacity for your heaviest storage needs.

Designed to handle up to 750 pounds, Q Line Packaged shelving is available in popular standard configurations.

Heavy Duty

Shelf corners are fully lapped and welded for extra strength and durability.

Adjustable

Shelves can be adjusted quickly and easily in 1" increments.

Standard Configurations for Easy Ordering

Simply order a shelf kit consisting of six shelves in any one of four depths; then add a universal post and brace kit. Nothing could be easier!

Superior Strength

Q Line shelves use a structural box formation on the front and rear flanges. The face of the box is ribbed and the flange is welded every three inches. The shelf ends have three bends (competing shelves use only two) for added front to back strength. The net result is the strongest shelf in its class, with a load capacity up to 750 pounds!

Boltless Shelf Installation

Compression clips make adding shelves a snap. Just clip on. No bolts or tools required.

ESP Shelving

Lightweight but durable packaged shelving offers multipurpose use at a reasonable price. ESP Shelving will deliver economical, dependable storage in office stockrooms and throughout your plant or warehouse.

Standard Configurations

ESP shelving is available in a 75" height with either four or five openings. Extra shelves are also available.

Variety of Depths

Available in four depths to suit any application.

Quick Assembly

ESP shelving can be assembled quickly using the supplied nuts, bolts and shelf clips. All necessary components are in one box for easy ordering.

Adjustable

For maximum flexibility, shelves adjust in 1" increments to store a wide variety of items in different shapes, heights, and sizes.

Flanged for Extra Strength

All ESP shelves incorporate multiple-bend flanges with lapped and welded corners. The design permits loads up to 250 pounds per shelf!

Enhanced Unit Integrity

ESP shelving comes complete with end plates and back braces to assure the unit's rigidity.
