July 1, 2012

Connie,

We respectfully decline this project, WSWP-TV studio tower, and issue a "No Bid" as we do not carry any type of contractors license for any state. We have been in the tower business for over 32 years now and work all over the USA. We do not do any type of construction building, as our expertise are directed to only the building and maintance of tower structures. If you are needing any quotes in the future that do not require a state contractor's license then please include us in the bidding process.

Thank you,

Bob Evans
