If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 49. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

- 52. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:
 - a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
 - b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or

such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.

The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

- a. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- b. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.
- 53. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

4. CONTRACT AWARD, PERCENTAGE DISCOUNT, CATALOG:

4.1 Contract Award: The Contract is intended to provide the State with a discounted price on all Eligible Items. The Contract shall be awarded to the Vendor that meets the RFQ specifications and provides the lowest Total Bid Cost on the Pricing Pages.

Notwithstanding the foregoing, the Purchasing Division reserves the right to award this Contract to multiple Vendors if it deems such action necessary, and to disqualify a Vendor if that Vendor's bid fails to include sufficient items to meet the State's needs.

4.2 Discount Percentage: Vendor shall attach a current catalog/price list to their bid. Vendor shall quote a Single Discount Percentage (please list a Single Discount Percentage on page 13 of the pricing page) that will reduce the lowest price shown in the Catalog for every Eligible Item. The resulting Discounted Price shall be the price Agencies pay for purchases of that Eligible Item under this Contract.

Vendor shall not incorporate Discount Percentages into its Catalog unless the Vendor clearly shows the Catalog Price and then separately lists the applicable Discount Percentage and the Discounted Price for each Eligible Item.

The Discount Percentage and subsequent Discounted Price derived from that discount must take into account any and all fees, charges, or other miscellaneous costs that Vendor may require, including delivery charges as indicated below, because those fees, charges, or other miscellaneous costs will not be paid separately. The Agency shall only pay the appropriate Discounted Price for items purchased under this Contract.

- 4.3 Pricing Pages: Vendors are strongly encouraged to complete the Pricing Pages electronically in Microsoft Excel. Doing so will reduce the number of calculations required and the possibility for calculation errors as explained below:
 - 4.3.1. Information Requested. Vendor should complete the Pricing Page by filling in any blank spaces with the information requested. The information requested on the Pricing Pages for each frequently purchased Eligible Item includes the Vendor's Eligible Item manufacturer, the manufacturer's number for each Eligible Item, Ounces of Product (recommended in dilution formula), Ounces of Water (recommended in dilution formula), Adjustment to Price to Account for Concentrated Product, Catalog Prices, Units Provided for Catalog Price, Unit Prices, , Unit Price (Adjusted for Concentrated Products), Discounted Unit Prices, and item total costs. The Vendor should also include the Total Bid Cost, Discount Percentage for all Eligible Items and Contract Coordinator contact information. Vendor should complete all columns as failure to complete the Pricing Pages in their entirety may result in Vendor's bid being disqualified.
 - 4.3.2. Pricing Page Calculations. The pricing pages require Vendor to insert its Ounces of Product, Ounces of Water, Catalog Price, Units Provided for Catalog Price, and Discount Percentage for each Eligible Item listed thereon. That information, along with information that is already included on the Pricing Pages will be used to calculate the Unit Price, Discounted Unit Price, Item Total Cost, and Total Bid Cost. If Vendor completes the Pricing Pages electronically using the Microsoft Excel version

from the Purchasing division, these calculations will be automatically completed.

a. Adjustment to Price to Account for Concentrated Product – The Adjustment to Price to Account for Concentrated Product is a percentage calculated by dividing the Ounce of Product by the sum of the Ounces of Product and Ounces of Water recommended in the dilution formula. Do not use this column for non-concentrated items or bleach. Vendors must submit verification from the manufacture of the dilution ratios used in this column.

Example: 1 oz. of product diluted with a 4 oz. of water would lead to 1 oz. of product divided by 5 total oz. and an Adjustment to Price to Account for concentrated Product of 20%.

b. Unit Price Calculation – The Unit Price is calculated by dividing the Catalog Price by the Units Provided for Catalog Price.

Example: \$10 per box divided by 10 scouring pads per box equals a Unit Price of \$1.

c. Unit Price Adjusted for Concentrated Product – The Unit Price Adjusted for Concentrated Product is calculated by multiplying the Unit Price by the Adjustment to Price (to Account for Concentrated Products only).

Example: If the Adjustment to Price for Concentrated Product is 20% and the Unit Price is \$1.00 the Unit Price Adjusted For Concentrated Product \$0.20.

d. Discounted Unit Price – The Discounted Unit Price is calculated by applying the appropriate Discount Percentage to the Unit Price.

Example: \$1 Unit Price reduced by 10% Discount Percentage equals a \$0.90 Discounted Unit Price.

e. Item Total Cost – The Item Total Cost is calculated by multiplying the estimated unit quantity by the Discounted Unit Price.

Example: An estimated unit quantity of 10,000 scouring pads multiplied by a Discounted Unit Price of \$0.90 equals a \$9,000 item total cost for that item.

f. Total Bid Cost – The total Bid Cost is calculated by adding the item total cost for every item listed on the Pricing Pages.

Example: Item Total Costs of \$9,000 and \$1,000 would equal to a Total Bid Cost of \$10,000. (assuming that the Pricing Pages contained only two items).

- **4.3.4.** Estimated Quantities Only. The Pricing Pages contain a list of frequently purchased items and estimated unit quantity that will be purchased. The estimated unit quantity for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.
- **4.3.5.** Corrections of Errors. Notwithstanding anything contained herein, the Purchasing Division may correct errors on the Pricing Pages. Vendors are **strongly encouraged** to complete the Pricing Pages electronically in Microsoft Excel. Doing so will reduce the number of, and the possibility for, calculation errors and to prevent errors in the evaluation.
- **4.3.6. Electronic Version.** The Pricing Pages were created as a Microsoft Excel document and Vendor can request an electronic copy for bid purposes by sending an email request to the following address: [roberta.a.wagner@wv.gov]

The Purchasing Division's electronic version of the Pricing Pages contain the formulas for calculating the Unit Price, Discounted Unit Price, item total cost, and Total Bid Cost. Those items will be automatically populated by the Microsoft Excel Program when Vendor inserts its Catalog Price, Units Provided for Catalog Price, and Discount Percentage. Utilizing the Microsoft Excel will greatly reduce the number of calculations that Vendor will have to make and the possibilities for error. The Purchasing Division reserves the right to take Vendor's Pricing Pages and insert the appropriate numbers into the Microsoft Excel spreadsheet if Vendor chooses to complete the Pricing Pages in any other way.

The State requires a SINGLE PERCENTAGE DISCOUNT from the price list/eligible items, but will consider bids containing different percentage

discounts for different brands, list or any eligible items. <u>ALL items on the pricing page must be from the same catalog.</u> Vendors may submit alternate bids using an additional catalog but all items on that pricing page must also be from the same catalog.

5. CATALOGS:

5.1 Submission. Vendor must submit two (2) dated copies of its Catalog prior to award of this Contract for evaluation purposes. Vendor shall also mail the Catalog free of charge to any Agency desiring to use this contract. Copies of the Catalog may be requested in an electronic format and should be provided in that format if possible. Vendor's Catalog will be used by Agencies to order Eligible Items under this Contract.

Vendor should identify all items listed on the Pricing Pages by circling or highlighting those items in its Catalog and earmarking or tabbing the pages for those items, to assist in the evaluation and verification of the bids and pricing. If any discrepancies exist between the Pricing Pages and the actual price listed in the Catalog, the actual price shall prevail and the Pricing Pages may be corrected by the Purchasing Division buyer for evaluation purposes.

Catalog Modification. The Purchasing Division may permit Vendor to update its Catalog at each renewal date. Determination of whether or not to allow a Catalog update is at the sole discretion of the Purchasing Division. Any request by Vendor to update its Catalog must include a detailed listing of the following: (1) any Eligible Items being removed, Discounted Unit Prices for those items, Agencies quantity usage of those items, and total spent by Agencies on those items; (2) any Eligible Items being added to the Catalog and the Discounted Unit Price of those items; (3) all changes in the Discounted Unit Price to Eligible Items, estimated usage relating to items that have changed in price, and the total impact of the price change on the State; and (4) justification for updating its Catalog. The Purchasing Division may waive the detailed listing requirement if it finds that doing so is in the best interest of the State. Unless an updated catalog is approved, the Eligible Items available under this Contract and prices for those items shall remain unchanged during the term of this Contract. Also, the discount from the list shall remain the same during the entire contract period, including the renewals.

If the Purchasing Division extends the offer to renew and the new catalogs have significant price increases, Purchasing may decline and rebid the commodity.

In the event that multiple vendors are awarded a contract under the RFQ, The first priority vendor shall not be permitted to include in its updated Catalog items being sold by a vendor that is lower in ordering priority without the consent of that lower priority vendor.

6. ORDERING AND PAYMENT:

other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Any on-line ordering system must have the capability to restrict prices and available items to conform to the Catalog originally submitted with this RFQ.
