Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- | Modify bid opening date and time
- | Modify specifications of product or service being sought
- | Attachment of vendor questions and responses
- | Attachment of pre-bid sign-in sheet
- | Correction of error
- | Other

Description of Modification to Solicitation:

To correct line 3.1.3 26,000 lbs. to 63,840 lbs. and to provide a new pricing page.

Line item 3 on header page (page 1 of the solicitation) has also been corrected to now read 63,840 lbs.

To modify the bid opening date to 11/20/2013 at 1:30 PM EST

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

ISO 9001:2008 Certified

At Consolidated Steel, Inc., you will find one of the largest inventories of Carbon & Alloy steel products in the Southeast.

We proudly use the newest & most technologically advanced equipment to cut, burn, press, shear, saw & form to any CAD specific

drawing.

Consolidated Steel's customers include manufacturers of any equipment requiring high-strength steel components fabricated to exact specifications, such as:

- Coal mining & processing equipment manufacturers;
- Renewable & nuclear energy sectors;
- Earth moving equipment manufacturers;
- Military grade armor plate solutions for defense vehicle manufacturers;
- Carbon & Alloy Steel Plate
- Structural Steel for the construction industry
- Stainless & Aluminum Products

Specializing in...

Armor Plating - Consolidated Steel processes armor plating for blast protection vehicles such as Mine Resistant Ambush Protected (MRAPs) & Medium Tactical Vehicles (MATVs) as well as various other Armored Platforms.

We also service commercial armored fabrications such as bank transports, limousines, & VIP transports. Customized warehousing & consignment programs are available for immediate access to inventories in order to minimize your onsite materials & expenditures.

Renewable Energy - The industry surrounding nuclear, wind, tide, & solar renewable energy is becoming inherently more important to the future of Consolidated Steel, our region, & our country. We embrace this future by providing steel for the market & actively seeking partnerships with which to expand these fields & their ability to address our energy demands.

Mining Equipment - Processing steel plates, angles, & channels to the assembly point for mining equipment has been instrumental in the foundation of our company & continues to be integral in the stability of our future.

Introduction

Consolidated Steel, Inc. (CSI) is a self-certified federal **SMALL BUSINESS** and is a leading steel distributor and fabricator located in Southwest Virginia. Founded in 2003, our primary purpose was to service the coal industry in Western Virginia and Southern West Virginia. Today, our expertise has expanded to include **SERVICE** to assembly plants and OEM product manufacturers in the armored vehicle, transportation, energy, and construction industries.

At Consolidated Steel, we maintain a **LARGE INVENTORY** of high-quality steel stock and state-of-the-art fabrication equipment under one roof. We use the newest and most technologically advanced equipment to cut, burn, press, shear, saw and form to any CAD specific drawing. CSI strives to meet and exceed the steel requirements of our customers and remain **RESPONSIVE** to their needs. It's been this ability to remain **FLEXIBLE** in an uncertain economy which has defined who we are today while being **FORWARD THINKING** for tomorrow.

What makes CSI Different?

We believe our **PEOPLE** sets CSI apart from the competition. With a collective 150 years of industry experience, when you contact CSI, you speak directly to helpful, **DEDICATED** service personnel, and are welcome to speak to ownership.

Consolidated Steel is centrally located in the beautiful rolling hills of Southwest Virginia capable of providing a **ONE DAY DELIVERY** proximity to over half of the continental United States. So when you need steel FAST, CSI is able to deliver.

Previous Experience

In addition to the mine, energy, transportation and construction industries, CSI has participated as a supplier to prime contractors by providing MIL-DTL 46100E and I2560 Class I **MILITARY GRADE ARMOR PLATING** for the MRAP, MATV, and JLTV Programs respectively.

Production Capabilities

- Oxy Fuel Burning up to 8" Thick Plate
- HD Plasma Burning and Beveling up to 2" Thick
- Standard Press Brake, 750 ton capacity 18 foot bed
- Vertical Saw with 18" x 20" cutting capacity
- 1/2 x 12' Shear
