Crystal Rink
State of West Virginia, Department of Transportation
2019 Washington Street East
Charleston, WV 25305-0130

Dear Ms. Rink:

AdvizeX Technologies is pleased to respond to the WV DOT RFQ 6314C0017 for mainframe application programmer analyst assistance. We have provided consultants that meets or exceeds the technical requirements of the RFQ with what we believe are very competitive rates. AdvizeX is a vendor in good standing with the State of WV.

There are a number of factors that make AdvizeX the best choice WV DOT's mainframe consulting needs. The first is our breadth of on-staff technical consultants with expertise in a wide variety of mainstream technologies (i.e. Oracle, VMware, Citrix, Microsoft, and Mainframe) and other enterprise technology areas.

Our consulting services business supports our customers' project and staff augmentation needs throughout the United States, though we are still headquartered in Ohio and have a WV based office. Additionally, we are part of a parent organization (ROLTA International) which is an international consulting firm with hundreds of technical resources here in the U.S. and abroad. With this business relationship, we can leverage their Managed Services, Database, Application and Middleware expertise in addition to our own resources.

AdvizeX also has extensive presence in state government clients. These include the State of WV (Tax & Revenue, Supreme Court, Auditor's Office, DHHR, DEP, DOT), State of Ohio, State of Massachusetts, and State of Vermont.

For this response we have provided resumes for multiple candidates and are available to start immediately. We have enclosed their hourly rates, example resumes and references as per the RFQ requirements.

We look forward to the opportunity to meet with the evaluation team and discuss the benefits of our response to WV DOT.

Sincerely,

A handwritten signature in black ink that reads "Todd May". The signature is written in a cursive, slightly slanted style.

Todd May

EXPERIENCE SYNOPSIS

Over thirty years IT expertise encompassing programming, business analysis, scope and design development, project leadership, software installation and applications support. Strengths include superior communications, analytical and organizational skills, problem solving, multi-tasking, and detail orientation. Possesses significant expertise in data analysis and process re-engineering. Experience includes:

- Leading efforts to document data mapping rules and report development
- Database Design and Data Modeling (data, ER & process diagrams); mapping data from various hierarchical, flat and relational sources
- Facilitating Joint Application Design (JAD) Sessions; User interaction to gather data information
- Data design and mapping from legacy system to client server environments
- Working in blended team environments (on and off-shore resources)
- DMV/Homeland Security-required "Real ID"
- Implementation of changes to State Government systems to accommodate the new Affordable Care Act (aka "Obamacare")
- Vendor software installation, support and mentoring with tools such as MicroFOCUS products (MicroFOCUS COBOL, NetExpress, Mainframe Express (MFE and MFEEE), XDB, SQL Wizard, and Mainframe Access (MFA)) as a Support Analyst, as well as, using the tools for development.
- HIPAA-oriented medical insurance, health care, financial, purchasing and materials management applications, and with MicroFOCUS.
- Recent experience with data transformation and conversion in a merger / acquisition environment. Translation of data between different systems.

DETAIL WORK HISTORY

NATIONWIDE INSURANCE, Des Moines IA (08/2013-12/2013), COBOL Developer. Short-term assignment to help out with a variety of claims and premium-oriented applications to accomplish the transformation and conversion of data from a recently acquired company. Required the creation and maintenance of MS Excel spreadsheets to track and document the data field by field, and the programming of interfaces between existing Nationwide systems and those currently being used by the acquired company. Some of the work was done using the "Agile" methodology, but most of it in the traditional "waterfall" manner. Tools used: COBOL, JCL, DB2, VSAM, IBM and 3rd party utilities such as File Manager and Syncsort, on IBM Z/OS systems. Microsoft's Share Point was used for project planning and tracking.

STATE OF IOWA, Department of Human Services, Des Moines IA (06/2012-06/2013). Worked on a project to replace portions of their legacy Medicaid eligibility applications with Accenture's ELIAS, and making changes to the systems to accommodate the "Affordable Care Act". Required the creation of interfaces to existing mainframe systems with a new server-based system. Some of the work involved the use of "Agile" methodology, with most of it done the traditional "waterfall" way. Work included programming in COBOL, building JCL and control cards, and working with a scheduler. The two primary DHS environments are a Legacy Cobol/CICS/VSAM systems and a client server/Web systems. Most current systems are centralized, but there are distributed systems as well that are used in field offices and DHS-owned and operated facilities. Many systems are home-grown, while some systems use third-party applications. Requirements included working from provided requirements with little or no supervision, mimicking existing code styles and making changes that maintain the "look and feel" of the original program, translating business requirements into technical specifications and design; building application programs based upon technical design. Tools used include CICS, VSAM, JCL, IBM utilities on IBM Z/OS systems, with Microsoft's Share Point being used for project planning and tracking.

UST GLOBAL INC (01/2012-04/2012), pre-sales consultant. Worked on preparation and pre-sales for multiple clients, using Micro Focus Modernization Workbench and Mainframe Express Enterprise Edition (MFEEE). Performed analysis on customer code, including mainframe elements such as COBOL programs, JCL, CICS screens and programs, and other related mainframe entities. Participated in presentations to customer, performed statistical and performance analysis, ran demos for customer.

CITIGROUP (CITIBANK), Buffalo NY (05/2011-09/2011), contractor/developer. Worked on modification and maintenance of batch and online mainframe applications, particularly with SWIFT applications. Wrote new programs to automate the generation of confirmation letters, plus other miscellaneous maintenance projects as assigned. Work included the writing of new programs, maintaining old ones, changing JCL and parameter information, and testing. Tools used included COBOL, CICS, VSAM, DB2, SQL, TSO/ISPF, IBM ZOS JCL, CHANGEMAN, SYNCSORT, SPUFI, and INTERTEST.

STATE OF MARYLAND MOTOR VEHICLE ASSOCIATION (MVA), Glen Burnie MD (04/2009-12/2010), contractor / developer. Worked on US Homeland Security-required "Real ID" project, making changes to programs, screens, data bases, reports, and files, to incorporate new and expanded fields and data.

A ROLTA COMPANY

Member of a 5-man team performing the work, which affected virtually every system in production at the MVA. Duties included research to find which programs were affected and needed to be changed, making the changes in files, data bases, programs, reports and screens, then testing the changes, first in a Unit Test environment, then eventually in a QA, and subsequent implementation. Tools used included COBOL, CICS, VSAM, DB2, TSO/ISPF, IBM MVS JCL, IDCAMS, FILE MANAGER, SYNCSORT, ENDEVOR, CHANGEMAN, and FTP.

SOLO CUP COMPANY, Owings Mills MD (04/2008-10/2008), contractor / developer. Worked on ASI Material Management Supply Line software, specifically the Purchasing, Material Request, Bill of Materials (BOM) and Inventory modules. Maintenance and support programming, including modifications, trouble-shooting, one-off interfaces and extracts, ad hoc report programs, on-call support. Program code, JCL and utility changes are made utilizing IBM MVS-related tools such as TSO/ISPF, COBOL, EZTRIEVE PLUS, IBM MVS JCL, IDCAMS, FILEAID, SYNCSORT, CA-7, LIBRARIAN, IMS/DC, DL1, CICS, FILEAID and VSAM. Also ancillary use of PC-based tools such as Microsoft Word, Excel, Access and FTP.

ING CORPORATION, Hartford CT (05/2006-03/2008), contractor, technical support consultant. Contract extended four times. Consultant on project converting a mainframe COBOL conversion to Micro Focus MFEEE (Mainframe Express Enterprise Edition) on a 3-tier network system. Responsible for planning, designing, installing and implementing MFEEE software on Intel Windows-based network servers, configuring server installation and tutoring and mentoring internal support personnel. Built test XDB databases and created Export functions to transfer data between the network and the mainframe. Development of documentation, including user guides, "how-to" instruction procedures and technical write-ups. Testing, from "smoke test" through full integration parallel testing of software installation. Follow-up support, installation of vendor software upgrades, patches and fixes, maintenance of software in a "steady-state" environment. In addition to MFEEE, other Micro Focus tools used include XDB, SQL Wizard, "DOS" Commands. Also used mainframe tools such as ISPF, IBM Utilities and JCL, as well as PC/Network facilities such as Windows Active Directories, network security and Citrix access.

WACHOVIA BANK (now Wells Fargo), Charlotte NC, (10/2004-03/2006), contractor, technical lead. Contract extended twice. Involved in major project converting mainframe APS applications to PC and network-oriented APP Master Builder (AMB), which is part of Micro Focus Mainframe Express Enterprise Edition (MFEEE). Conducted requirement-gathering user meetings to determine needs and plan the effort, then completed the actual migration of modules from the mainframe to the PC network, generation of COBOL code for debugging purposes, followed by unit testing on the network, and, finally, completion of the project by migrating the modules back to the mainframe via Changeman for final mainframe testing and verification. Also responsible for follow-up mentoring and support. Used mainframe tools such as ISPF, APS, CLIST, IBM Utilities and JCL, and PC/Network facilities such as Active Directories, network security access. Limited programming tasks, primarily in the conversion of PL/1 programs to COBOL.

STATE OF MONTANA DEPARTMENT OF TRANSPORTATION, Helena MT, (05/2004-10/2004), contractor, Programmer Analyst for highway maintenance equipment inventory and management. Miscellaneous PL/1 Maintenance programming, trouble-shooting and systems analysis. IBM JCL and Utilities modification and usage.

BLUE CROSS BLUE SHIELD OF SOUTH CAROLINA, Columbia SC, (03/2002-04/2004), Team Lead and Business Analyst for HIPAA transaction 278, also worked on HIPAA transactions 270/271 and 276/277. Performed first-level management duties, assigning work and tracking performance. Scheduled and participated in user, project management office and information systems meetings. Wrote scope and design documents for HIPAA projects. Performed documentation tasks, including the creation of a comprehensive Systems Documentation Manual for the Managed Care Authorization system. Programming on Tricare Claims and Authorization systems. Team leader on Tricare 278 implementation, including systems and parallel testing of batch cycle. Tracked and analyzed projects using Visio, MS Excel and MS Project. Programming using APS, IMS, SYNCSORT, DB2, CICS and COBOL.

ONEBEACON INC. (formerly CGU), Foxboro, MA (5/2001-12/2001, contractor), Programmer Analyst: Analysis and coding changes to existing MicroFocus COBOL programs and screens in automobile insurance systems. Mainframe and PC/LAN environments. Coding, testing and/or animation of changed modules. Most of the work was done using MicroFocus COBOL, Workbench and NetExpress on the PC/LAN. Mainframe work was done in the MVS environment, using CICS, SQL, JCL, IMS, IBM utilities, SYNCSORT and ENDEVOR.

MERANT CONSULTING (a.k.a MICRO FOCUS INTERNATIONAL), Home-based, (2/2000-5/2001, FTE): Software installer, consultant, trainer and support representative. Performed "roll-outs", i.e., installing MicroFocus products (MicroFocus COBOL, Mainframe Express, NetExpress, Mainframe Access, and Revolve) on client workstations, Worked with systems programmers and PC administrators as necessary to make the changes to their existing systems to accommodate the MicroFocus products. Performed mentoring function in guiding and assisting the client users in becoming familiar with and using the products; worked with Merant corporate designers and engineers in solving problems that arose in the client environments. Conducted basic training sessions on the installed products. Approximately 90% percent travel, nationwide as well as international. Prepared presentations and documents using MS Project and VISIO. Environments included IBM Mainframe, PC/LAN networks using Windows NT/95/98/2000, Novell Netware, FTP, MS ACCESS, TCP/IP. Embedded. Completed CMM Project Manager training program.

WHITE CASTLE, INC., Columbus, OH (4/1999-1/2000, contractor), Programmer Analyst: Performed Analysis, evaluation, and maintenance on existing COBOL and CICS for HR and related systems. Mainframe and PC/LAN environments. Analysis, coding, testing and/or animation, implementation of changed modules. Micro Focus COBOL, Workbench, MS ACCESS, FTP, and NetExpress. Mainframe work was done in a VM/CMS, DOS/VSE environment, using COBOL II, SPUFI, QMF, JCL, DB2/SQL, SYNCSORT, and CICS (Command Level).

BLUE CROSS BLUE SHIELD NORTH CAROLINA, Chapel Hill, NC (9/1998-3/1999, contractor), Programmer Analyst: Maintenance on existing programs in the claims processing system. Analysis and evaluation of existing programs. Coding, testing, and implementation of changes. Also involved in business analysis, trouble-shooting and problem resolution. TSO, ISPF, COBOL II, PL/1, JCL, SYNCSORT, DB2, IMS, IDCAMS, INFOMAN.

KAISER PERMANENTE, Home based, third assignment with company, 6/1998-12/1998, concurrent with other assignments, contractor), Programmer Analyst: Installation and support of modifications to ASI's PMM system. Installation of programs, JCL, parameter libraries; testing of batch cycles (daily and monthly), verifying results. MicroFocus COBOL and Mainframe Express, Revolve, TSO, ISPF, COBOL and COBOL II, VSAM, JCL, IDCAMS, SAR, SYNCSORT, and INFOMAN.

A ROLTA COMPANY

PENNSYLVANIA TURNPIKE COMMISSION, Harrisburg, PA (6/1997-6/1998, contractor), Installer and Programmer Analyst: Installation, modification and testing of new release (20.1) of ASI's PMM system. Responsible for implementation planning, testing, and support of system in production. IBM mainframe environment, using COBOL, MVS, TSO/ISPF, CICS (Command), VSAM, and JCL.

HERSHEY FOODS, Lake Forest, IL (10/1996-6/1997, contractor), Technical Support Analyst: Maintenance and support of ASI (American Software Inc.) PMM Suite. Responsible for all support and maintenance functions. Also business analyst assignments involving the interface between the defunct Heath Candy Company and Hershey Foods. COBOL, PL/1, IMS DB/DC, TSO/ ISPF, JCL, PANVALET, EXPEDITER, and IDCAMS.

Work information from 1970-1996 available upon request. Companies include IBM, CSX Transportation, Kaiser Permanente, State of Montana, Henry Ford Hospital, Ford Motor Co., General Motors/EDS, Alyeska Pipeline, BP, ARCO, and Avery Dennison.

Edwin Stoetzner

PROFILE

Accomplished IT professional with twenty-two years of experience as a programmer analyst, both on staff and as a consultant. Extensive background in analyzing, designing, coding, debugging, testing, implementing, and maintaining various NATURAL and COBOL mainframe, AS/400 COBOL, and PC based computer systems.

SUMMARY OF SKILLS

Applications: Child Support, Financial, Insurance, Logistics/Supply, Manpower, Manufacturing,
Sales/Marketing

Operating systems: z/OS, OS/400, Microsoft Windows

DBMS: ADABAS, DB2

Languages: ADA, AS/400 COBOL, CL, COBOL, JCL, NATURAL, SQL

Software: Microsoft Office, N2O, Predict, TSO/ISPF, TSO/SDSF, Publisher, EntireX,
Computer Associates DB2/Platinum (RC/Update, RC/Query, PRF)

EXPERIENCE

CDI Corporation - WV Bureau for Child Support Enforcement - Charleston, WV

Dec 1999 – Aug 2013

Contracted to perform modifications and enhancements for both online and batch programs for West Virginia's IV-D child support enforcement system to achieve PRWORA federal certification. Worked on additional system enhancements to improve functionality and support for meeting federal and state IV-D requirements which included rewriting and maintaining the child support order system, converting their mainframe child support legal and administrative forms printing system to a web-based form generation subsystem (Formquest) using Publisher and COBOL/DB2 stored procedures. Maintained DB2 tables using RC/Update, RC/Query and PRF.

Mainframe - z/OS, TSO/ISPF, TSO/SDSF, JCL, COBOL, NATURAL, DB2, SQL, Predict, EntireX, Computer Associates DB2/Platinum (RC/Update, RC/Query, PRF).

AVX Corporation – Myrtle Beach, SC

Jul 1998 – Nov 1999

Contracted to perform modifications and enhancements for both online and batch programs for AVX's sales and marketing systems. Rewrote NATURAL programs from report to structured mode. Replaced COBOL calls with NATURAL programs. Analyzed, coded and tested AVX's Radio Frequency Bar Code system. This new manufacturing subsystem uses a bar code scanner to keep track of inventory being stored or retrieved from a warehouse.

Mainframe - z/OS, TSO, JCL, NATURAL, ADABAS, N2O.

NASA - Marshall Space Flight Center – Huntsville, AL

Aug 1997 - June 1998

Contracted to perform modifications and enhancements for both online and batch programs for NASA's Supply Management System (NSMS). Wrote a new online subsystem which gave NSMS the capability to receive a file containing Flight Hardware Part information and allow NSMS through a batch process, to reserve, issue or procure the parts needed by the engineers that don't have access to the online system.

Mainframe - z/OS, TSO, JCL, NATURAL, ADABAS.

Edwin Stoetzn

Page 2

Policy Management Systems Corporation (PMSC) – Blythewood, SC

Dec 1995 - July 1997

Worked as staff on PMSC's Property & Casualty insurance systems as a programmer analyst for multiple customer accounts. Responsibilities included: analyzing customer technical issues; maintaining their libraries; being on-call for daily cycle abends; as well as supporting the customer on-site. Other responsibilities included designing, coding, testing, implementing, and documenting online and batch COBOL programs that covered numerous lines of businesses for our insurance clients.

Midrange - OS/400, AS/400 COBOL, CL.

U.S. Marine Corps - Information Systems Management Division (ISMD)
1995

Sept 1991 - Nov

Camp Lejuene, NC

Financial Systems

Served as the Financial Lead Analyst programmer with responsibilities in personnel, project, and training management.

Supervised 5 Marines and coordinated all financial programming activities, which included systems for the Marine Corps Southeast Region as well as maintaining these systems as one of the on-call programmers by troubleshooting nightly batch abends.

Developed and implemented major enhancements for the Headquarters Marine Corps sponsored local Standard Accounting Budgeting and Reporting System (SABRS).

Provided analysis, designed, coded, tested, implemented, and documented programs for the Defense Civilian Pay System. This application enabled the Base Comptroller at Camp Lejeune to monitor the pay of 1600 civilians currently employed by the base.

Analyzed, designed, coded, tested, implemented, and documented ADA programs for the ISMD phone system. This PC based system is an automated tracking system that captures all telephone calls made from within the ISMD; extracts the chargeable calls and generates a report for a specified period of time.

Mainframe - z/OS, TSO, JCL, NATURAL, ADABAS.

Logistics Systems

Assisted in the design, coding, testing, implementation, and documentation of the Automated Requisition System using online and batch programs for this menu driven system. Converted COBOL programs to NATURAL. Coded and implemented test JCL along with production JCL necessary to run both COBOL and NATURAL programs in batch mode.

Mainframe - z/OS, TSO, JCL, NATURAL/ADABAS.

Manpower Systems

Provided continued enhancements and changes for Camp Lejuene’s Military Personnel System and the Dependent Information online system.

Mainframe - z/OS, TSO, JCL, NATURAL/ADABAS.

Edwin Stoetzner

WEST VIRGINIA DEPARTMENT OF TRANSPORTATION

Division of Motor Vehicles

P.O. Box 17200

Charleston, West Virginia 25317 • 304.926.0700

TDD 1-800-742-6691 • 1-800-642-9986

EMPLOYEE CONFIDENTIALITY AGREEMENT

I have read and understood the West Virginia Division of Motor Vehicles (WVDMV) Privacy Program and Confidentiality Policies. I understand that my duties require me to access Personally Identifiable Information or PII. Personally Identifiable Information includes any information that can identify a person including, but not limited to the name, address, social security number, driver's license number, date of birth, photograph, computerized image, telephone number, medical information or disability information of any person or organization found in WVDMV records. I hereby agree that I will access PII only as required to perform my employment duties. I further agree to abide by the Privacy Laws and Policies found in the WVDMV Privacy Program. For example, I understand that it is my responsibility to secure the PII that I have access to and to ensure that it is not accessed by unauthorized individuals.

If I become aware of any accidental or intentional breaches of the Privacy laws or Privacy policies or procedures, I will immediately notify my employer and the WVDMV's Privacy Officer at 304.926.0700, as well as the West Virginia Office of Technology at 1-877-552-9966. I understand that failure to comply with the Privacy Policies and procedures may subject me to criminal prosecution, termination of my access to WVDMV records and civil liabilities.

I have viewed the PowerPoint presentation of the WVDMV Privacy Program and Confidentiality Policies and understand its requirements. I have attached a copy of one of the following: State issued driver's license or non-driver identification; Federal or State issued employee photo ID; Federal government issued photo ID.

7.0 Vendor Preference Certificate

VENDOR PREFERENCE CERTIFICATE

Certification and application* is hereby made for Preference in accordance with West Virginia Code, §5A-3-37. (Does not apply to construction contracts). West Virginia Code, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Resident Vendor Preference, if applicable.

- 1. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or 80% of the ownership interest of Bidder is held by another individual, partnership, association or corporation resident vendor who has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification; or, Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,
2. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
3. Application is made for 2.5% resident vendor preference for the reason checked: Bidder is a nonresident vendor employing a minimum of one hundred state residents or is a nonresident vendor with an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia employing a minimum of one hundred state residents who certifies that, during the life of the contract, on average at least 75% of the employees or Bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,
4. Application is made for 5% resident vendor preference for the reason checked: Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,
5. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,
6. Application is made for 3.5% resident vendor preference who is a veteran for the reason checked: Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.
7. Application is made for preference as a non-resident small, women- and minority-owned business, in accordance with West Virginia Code §5A-3-59 and West Virginia Code of State Rules. Bidder has been or expects to be approved prior to contract award by the Purchasing Division as a certified small, women- and minority-owned business.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) reject the bid; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

RFQ No. 6314C0017

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
