ATTACHMENT A

Questions:

- Q1: What are the test procedures for testing duct detectors? Some codes require smoke bombs to be used.
- A1: Duct detector – annual test, using a method acceptable to the manufacturer or in accordance with their published instructions.
- Q2: An escort is provided I am assuming throughout the inspection, is a 2nd man needed to reset panel?
- A2: Yes.
- Q3: What is the frequency of the inspections to be performed (i.e. quarterly, annual, etc)? If it is quarterly, is the testing to include (4) 100% inspections or (4) 25% inspections?
- A3: The fire alarm system must be tested once every twelve (12) months.
- Q4: In what month would the annual, bi-annual and quarterly tests and inspections be required for each facility?
- A4: The successful vendor will have to coordinate the inspections and testing schedule with the facilities after the contract has been encumbered and completed.
- Q5: For clarification, the bid documents refer to “inspections that are required annually, bi-annually, quarterly and monthly.” In NFPA “inspection” and “test” are defined 2 very different ways. The definition of “inspection” refers specifically to visual inspections only and does not include the required functional test. The term “testing” refers to specific physical functional testing of devices. Are we actually providing the code required tests and inspections required annually, bi-annually, quarterly and monthly on the fire systems?
- A5: The inspections and testing that are required by the NFPA code.

Q5: Our Legal Department has given our District Manager a Delegation of Authority letter and raised seals in the form of raised stickers. We were wondering if this would be ok to use for the signatures on these bid documents?

A5: Some have called into question the validity of raised stickers, it is best to use a seal that embosses the paper.

Q6: Should the bid bond be for the total of all the "Overall Cost" sections for each location or just the total of all the "Annual Price For All Required Inspections and Testing". Since the "Overall Cost" section includes estimates for bid evaluation only, we were not sure which amounts to include.

A6: As stated in the RFQ, "[a]ll Vendors shall furnish a bid bond in the amount of five percent (5%) of the total amount of the bid protecting the State of West Virginia." This would include the total of all the "overall cost" sections for each facility.

Other Information:

1. Pre-bid sign-in sheets attached. See Exhibit #1.
2. The bid opening has moved from 05/20/2014 to 05/27/2014. The bid opening time remains at 1:30 pm.
3. No additional questions will be accepted on this RFQ.
