WV PURCHASING
DIVISION

**LIST OF PROPOSED SUBCONTRACTORS
EQUIPMENT/MATERIAL SUPPLIERS**

List below each category of work and equipment/material for this proposal and the subcontractor or supplier proposed for that category of work. Also provide the contractor's complete name, address and license number for each subcontractor as required by the "West Virginia Contractor Licensing Act." If the branch of work is to be completed solely by an equipment/material supplier, indicate by notation below in the contractor license number column. If the branch of work is to be completed by the general (or prime) contractor submitting the bid, indicate on each division of where this occurs that the work will be self-performed. If no subcontractors will be used to complete the project, indicate on this form that all work will be self performed and provide the name, complete address and contractor's license number of the contractor that will be performing the work. The bidder may be requested to change an unsatisfactory subcontractor or equipment/material supplier. The contractor is responsible for selecting subcontractor(s) and/or equipment/material suppliers/contractors.

The list of major subcontractors and suppliers provided by the Architect and Engineer is not intended to be all inclusive. All additional subcontractors and suppliers proposed by the contractor(s) not listed below must also be included by the contractor(s) in the additional space provided on this form. Your final completed list shall include all subcontractors and major suppliers that will be participation on this project. If additional subcontractors of suppliers are used and not listed on this form, the form will be considered incomplete.

The Owner and/or Architect/Engineer may indicate their concerns about any entity listed which they have reason to believe past experience indicates poor performance may be expected. It is the responsibility of any contractor soliciting bids or quotes from the subcontractors to verify the eligibility of all proposed subcontractors and equipment/material suppliers being proposed to perform the work and to verify in writing the scope of work proposed by a subcontractor or supplier. The Contractor has full responsibility for satisfactory execution of all work in accordance with the contract documents. Any proposed change of subcontractors or material suppliers must have prior written approval from the Owner and shall be at no additional cost to the Owner, as the Contractor has full responsibility for execution of the work.
