STATE OF WEST VIRGINIA
Purchasing Division
PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

***RE: Statement of Qualifications for Architectural and Engineering Services
Restroom Renovations - PSC 1500000020***

Dear Selection Committee:

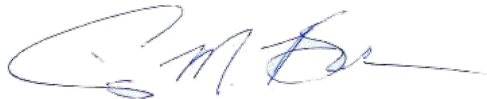

The Thrasher Group appreciates the opportunity to submit our qualifications for the restroom renovations to the West Virginia Public Service Commission in Charleston, West Virginia. Our company is fortunate to have a wide range of talents that is ideal for this type of project. Our team is more than prepared to meet and exceed your expectations. Our experience with projects similar to this, coupled with our understanding of the intricacies involved with interior renovation projects will be a tremendous benefit to the PSC.

We are confident that we are the right firm for the project and will utilize the same project management principles that have been successful on other similar projects. With this said, it is imperative that your facility remain in excellent condition. In order to guarantee this, regular maintenance is necessary to prevent deterioration over time. That's where Thrasher comes in. We specialize in renovation projects similar to this and will work with your team to make sure your project is a success.

We are looking forward to sharing our knowledge and experience with the Public Service Commission. We've carefully and concisely responded to your request and assembled a familiar group of professionals to meet your project needs.

Sincerely,

THE THRASHER GROUP, INC.

CRAIG BAKER, AAIA, CEFPP
Principal-in-Charge

The Thrasher Group, Inc.

In 1983, a young engineer with an entrepreneurial spirit and his father, a seasoned engineer with more than 40 years of experience, joined forces to start a civil engineering firm focused on public utility infrastructure in North Central West Virginia. With a commitment to building business through “successful projects and repeat clientele”, H. Wood Thrasher, PE and the late Henry A. Thrasher, PE – both graduates of West Virginia University - formed Thrasher Engineering, Incorporated in Clarksburg, West Virginia.

Since that time, Woody Thrasher has grown the company, now know as The Thrasher Group, Inc., into West Virginia’s largest privately-owned architectural and engineering firm, and one of the leading A/E firms in the Mid-Atlantic region.

Publicly funded water and wastewater projects were the backbone of the company, and continue to be a large part of its engineering division. Survey, construction monitoring, and inspection services departments were added in the early years of the company to support those projects.

While keeping an eye on the changing marketplace, Mr. Thrasher expanded the company’s areas of engineering to include site development for both public and private clientele, and provided design services for transportation including roadways, bridges and airports.

Based upon Thrasher’s success with site development and engineering design services, architectural design was added to Thrasher’s ever-expanding scope of services at the urging of their clients. The latest complement to the Architecture Division are master planning and landscape architecture.

Thrasher has grown from its original three employees to a current staff of nearly 350 and continues to prosper. Instilled in each employee is a commitment to maintaining the highest standards of professional service; a tribute to the founders’ initial philosophy of

“Successful Projects and Repeat Clientele.”

The Thrasher Group, Inc.

With multi-discipline capabilities, Thrasher cover all of the professional services needed to deliver successful projects to both public and private clientele. The firms' roots were planted in civil engineering and consulting services for public utility projects. Over the years, our success has allowed us to branch out, expanding our services to meet both the needs of our clients and the growing need for more responsive and effective solutions.

By providing a full range of quality professional engineering, surveying, architectural, environmental and related field services, this partnership has positioned itself as one of the leading consulting teams in the Mid-Atlantic region.

Disciplinary Practices :

- Architecture
- Facility Planning
- Civil Engineering
- Water Treatment and Distribution
- Wastewater Collection and Treatment
- Land & Site Development
- Roadways / Bridges /Streetscapes
- Storm Water Systems
- Dams and Levees

- Parks and Recreation
- Survey
- Construction Monitoring
- Materials Testing
- Environmental Services
- Pipeline Inspection
- GIS Mapping Software Development

Areas of Service:

- Planning
- Preliminary engineering
- Funding direction & application assistance
- Regulatory permitting
- Design and construction document preparation
- Bid documentation & process oversight
- Construction administration & monitoring
- Post construction service & on-going commitment
- Cost estimating

Successful projects require more from an engineering firm than just technical design expertise. At Thrasher, our project managers and engineers focus on all aspects of “getting the job done.”

THRASHER

Project Approach

Thrasher's project philosophy is very simple: we develop *long-term relationships*.

This fundamental business practice is what drives us to pursue opportunities where we get to work on projects such as the Public Service Commission's renovation project. We use our perfected project management method to provide our clients with exceptional service and award winning projects that not only improve communities but provide peace of mind that your facility will stand the test of time.

Thrasher believes there is significant value in maintaining existing structures. Our reputation of completing projects that enhance communities and urban environments is an important part of what we do. We hope the PSC chooses to work closely with us on the completion of the restroom renovations, because this will guarantee a successful outcome.

Project Approach

Mr. Kenton Blackwood will serve as your project manager. Mr. Blackwood has over 35 years of experience in renovation projects. Helping Kenton oversee this project will be Craig Baker. Craig has worked with the State of West Virginia in the past on several successful projects and will be heavily involved from a quality control perspective to ensure all your needs are met.

The combined teams first-hand knowledge of the intricacies involved with exterior renovation projects will make this project seamless and less burdensome on the Public Service Commission. The following steps will be used by our team throughout the project.

Step 1. The first step will be to introduce the project team. Our highly qualified team of professionals will be available at all times to the PSC through the completion of the restroom renovations.

Step 2. The second step will be refine the project scope. Our team will spend the required time to nail down your exact needs.

Step 3. The third step will be to establish a detailed project time-line. The step will consist of determining a schedule that is least disruptive to the day to day activities at the PSC.

Step 4. The fourth step will be to complete bidding documents and obtain competitive bids within our project budget.

Step 5. The fifth step in our project approach consists of staying involved until the post project review is complete.

Our goal is to make this project as seamless as possible for you and your staff.

We know how to get renovation projects done in a *timely* and *cost effective* manner!

Camp Upshur, Quantico, VA

Matt Breakey, AIA, LEED AP

Lead Architect

Matthew Breakey, AIA, NCARB, LEED AP, joined the team at Thrasher in the fall of 2014. Mr. Breakey brought with him over 20 years of experience providing architectural design and management services to a wide variety of clients including those in the education sector (K-12 and higher education clients), State, Federal, Correctional, Commercial, Multi-Unit Residential, and Healthcare System.

Mr. Breakey spent part of his career providing oversight for major capital construction projects for two auxiliary entities at a Higher Education Institute. This work has given him a refined eye for both the design aspect as well as project construction and feasibility. Mr. Breakey's combination of experience and education have made him a highly sought after architect in the region.

Education:

- Bachelors of Architecture - Pennsylvania State University
- Bachelors of Science, Architecture - Pennsylvania State University

Registrations:

- Registered Architect:
 - States of West Virginia, Maryland, and Kentucky

Affiliations/Certifications:

- LEED Accredited Professional, US Green Building Council

Kenton Blackwood, LEED AP, AAIA Architectural Designer

Kenton Blackwood has over 32 years of experience in the planning and design of various facilities throughout the state of West Virginia. He joined Thrasher in 2014 and serves as Project Manager within the Architecture Department. Mr. Blackwood is well-versed in site evaluation and design, building program evaluation, planning and design, construction document development and on-site construction observation.

Mr. Blackwood has an unsurpassed understanding of technological architectural media with his knowledge of vector-based 3D modeling and CAD applications. His proficiency with virtual-reality modeling allows Thrasher to take a client around and through a design, study different forms, lighting, color schemes and finishes to make revisions before the project begins.

Education:

- West Virginia University - Architectural curriculum

Affiliations/Certifications:

- LEED Accredited Professional
- Associate Member of American Institute of Architects

Related Experience Includes:

- **Hutchinson House Historic Restoration (AIA Craftmanship Award Winner)**- Marion County, West Virginia

- **Hennen Building Interior and Exterior Renovations** - Marion County, West Virginia
- **Veterans Square Plaza and Parking Garage (AIA Award Winner)** - Marion County, West Virginia
- **Buxton-Landstreet Building Interior and Exterior Renovations** - Tucker County, West Virginia

Lee Gustafson, AIA

Project Architect

Mr. Gustafson brings over 35 years of experience to the table in both design and architectural management. Lee has a diverse portfolio of work that spans all facets of architecture:

- Academic facilities
- Athletic complexes
- Healthcare facilities
- Government and community buildings
- Office buildings
- Senior centers
- Apartment complexes
- Religious buildings
- Industrial facilities
- Site development

Lee has a profound ability to take a client's vision and shape it into a project that is not only realistic, but is Eco-friendly and aesthetically pleasing. With his understanding of funding agencies and grant programs, Lee is able to provide funding alternatives that get projects under construction quick.

Education:

- Bachelors of Science, Architecture - University of Cincinnati

Stacie Haythorn

Interior Designer

Stacie Haythorn serves as our in-house interior designer. Her responsibilities include meeting with department management and various vendors to adequately complete interior design plans. She has a sharp eye for detail and is well versed in all facets of interior finishes and color schematics.

Stacie is responsible for drafting roof plans, elevations and floor plans as part of her day to day work. Another function of Stacie's is creating three dimensional modeling and renderings for interior finishes. Ms. Haythorn is able to deliver our clients realistic renderings that enable them to really envision the end result of their projects.

Stacie is proficient with refinishing jobs, mural work and developing conceptual renderings. During her career she has also worked with historical restoration and preservation projects.

Education:

- Bachelor of Science, Art Studio - Fairmont State University
- Associate of Science, Design and Drafting - Fairmont State University

Affiliations:

- Auto CADD Certification - Fairmont State University

Related Experience Includes:

- **TJH1 and TJH2 New Office Complex (Antero Resources Campus) at White Oaks Business Park** - Harrison County, West Virginia
- **The Thrasher Group Headquarters at White Oaks Business Park** - Harrison County, West Virginia
- **Lumberport Elementary School, Harrison County Board of Education** - Harrison County, West Virginia
- **Fairmont State University Joe Retton Arena Renovation Project**- Marion County, West Virginia
- **Fairmont State University Hunt Haught Hall Interior and Exterior Renovations**- Marion County, West Virginia

Jeff Roberts, AAIA Construction Estimator

Jeff Roberts is an Associate AIA in the state of West Virginia. He joined Thrasher in 2009 following graduation from Fairmont State University. Currently, Jeff serves as project manager and construction estimator. His experience on-site and working directly alongside Contractors has given him an great understanding of project estimating.

Jeff specializes in client communication, project organization and design details of all types of architectural buildings. He has expertise in CADD design programs related to architecture. As Project Manager, Jeff holds the responsibility for per-design work, client communication, construction document coordination, project scheduling, and construction administration.

Education:

- Bachelor of Science, Architectural Engineering - Fairmont State University

Affiliations/Certifications:

- Associate Member of AIA (American Institute of Architects)

Related Experience Includes:

- **Clarksburg Harrison Regional Housing Authority Duplex Projects** - Harrison County, West Virginia
- **Calhoun-Gilmer County Career Center Renovations Project**- Calhoun County, West Virginia
- **Marion County Health Department Renovations and Addition** - Marion County, West Virginia
- **Progress Centre II at White Oaks Business Park New Facility** - Harrison County, West Virginia

United States Marine Corps Camp Upshur Marine Core Base - Quantico, VA

BATH HOUSE:

Renovations to the on-site bath house and restroom facility included exterior painting, roofing, and windows. Interior upgrades were all new flooring, restroom and shower layouts, new fixtures, ceilings, lighting, and updated HVAC equipment as needed.

THRASHER

North Central West Virginia Regional Airport Waiting Room Renovation and Addition

Due to an expanding flight schedule, the North Central West Virginia Airport had an imminent need for a larger waiting area for passengers.

In 2010, Thrasher was able to complete Phase I of the expansion project which consisted of the demolition of wall partitions and expansion of the seating area. The existing meeting space was transformed into the new waiting area and a total of 78 seats were added to the waiting room.

Following the completion of Phase I, Phase II began. Phase II consisted of a 1,300 SF single story addition to the waiting room. The addition was comprised 50 additional seats in the waiting area, new restroom facilities, and a bar area. The bar was opened up with aluminum storefront windows facing the runway. Inviting and warm finishes brought the space to life creating a comfortable setting while waiting to board flights.

With the renovation complete, the NCWV Airport has become an inviting and relaxing place to board flights. This expansion brings boundless opportunities to the NCWV Airport and the region.

Contact:

Mr. Rick Rock, Airport Manager
2000 Aviation Way
Bridgeport, WV 26330
304-842-3400

Project Highlights:

PHASE I:

- Expanded terminal waiting area to add 78 seats

PHASE II:

- Added 1,300 SF single story addition
- the addition added extra 50 seats in waiting room
- New restroom facility
- Added a new bar for refreshments

“The work we received from Thrasher allows us to support our slogan, “Fly VIP, fly CKB”! The project and design was done efficiently and quickly...we are very pleased with the outcome.”

-Rick Rock, Airport Manager

Park and Recreation Projects with Bath Facilities

Various Locations in West Virginia

Harrison County Parks and Recreation - Lost Creek Trailhead

Rails to Trails Trailhead and parking area which included a gravel parking lot, new restroom facilities, and a small pavilion.

City of Mannington - Trailhead Project

Rails to Trails Trailhead including new restroom facilities, parking area, site lighting, landscaping and a small waiting shelter.

City of Bridgeport - Recreation Complex

Plan included park amenities, restrooms, walking trails, pedestrian bridges and sports fields. Required both on and off site utilities and access roadway to the park.

Sutton Lake Marina/Bee Run Recreation Park Planning

Pre-fabricated bath and shower houses will be placed in strategic locations throughout Bee Run. Using rustic looking buildings will play into the natural beauty of the park.

This sketch illustrates RV and Camper sites that have a natural feel with proper vegetation for buffering and shading purposes. Allowing natural buffers to occur between camping sites will allow for an enhanced and secluded experience for the user.

Pendleton County Courthouse Remodeling/Upgrades

Contact:

Pendleton County Commission
100 South Main Street
Franklin, WV 26807
304-358-2505

Project Description:

This project consisted of remodeling and upgrading the existing courthouse facilities to bring it up to current standards. The renovation included a new circuit courtroom, judge's chambers, offices for support staff, prisoner transfer security area, and new Magistrate Court facilities.

Included in the project was a complete renovation of the second floor to comply with fire code, a new elevator and ramps for ADA compliance and new accessible restrooms.

The largest portion of this project were the upgrades that effected the entire facility such as: brand new HVAC system, electrical upgrades throughout, new plumbing fixtures, sprinkler system work, and a building wide alarm system. The Pendleton County Courthouse is on the National Register of Historic Places in West Virginia so extreme care had to be taken with all renovations to preserve historic elements.

Division of Juvenile Services Jones Building Renovations

Contact:

WV Division of Juvenile Services
Joe Merendino, Superintendent
304-782-2371

Project Description:

Project for the WV Division of Juvenile Services to evaluate and develop construction documents for renovations to the Jones Building, WV Industrial Home for Youth in Industrial, WV. The \$1.2 million project was completed in 2010.

Project work involved accessible entrance ramp and stairs, interior renovations, accessibility improvements, new finishes and ceilings, electrical upgrades, HVAC upgrades, plumbing upgrades, and a new sprinkler system with fire pump and generator.
