ATTACHMENT A

DEP16573
Vickers Branch (Butcher) Drainage
Addendum #1

- Item 1: The Contractor shall have 180 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250 per day liquidated damage clause will be in effect after the 180 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
- Item 2: Statement: Bat gate mine seals should be installed between May 1 and August 31. However, there may be an opportunity to finish gate installation between September 1 and October 1, if the weather is warm enough that bats have not begun to hibernate and the construction equipment will not block the portal entrance at night when bats will be exiting to forage.
- Item 3: Q - Where does the drainage go? (M.O. 1-1 on site 1, sheet 10.)
A - The drainage flows from the gravel bulkhead pipes into the mine outlet conveyance pipe (for approx. 30 feet) and outlets on the proposed splash pad, and then it follows the natural drainage path to the stream below.
- Item 4: Q - Are the road restoration areas marked?
A - Yes. On the sites that have roadway restoration proposed, the start and end points are shown on the reclamation plan drawings.
- Item 5: Q - Is the entrance area to site 1 as shown on sheet 10?
A - Yes, access to site 1 is required to be at the location shown. (This is the same entrance route to site 1 that everyone used for the pre-bid conference.)
- Item 6: Statement: Since site 3 requires work on a county route (Fox Den Road, CR 4/3), a WVDOH permit was obtained, and traffic control is required. The approved traffic control plan is WVDOH Case A4, and is included at the end of this addendum as Item 22.
- Item 7: Q - If we hit rock here, can we stop? (Site 3, sheet 12, in the area of proposed underdrain beside the house on the western edge of site 3.)
A - No rock excavation is required for the underdrain installation.
- Item 8: Q - Is there a bid item for road repair for site 3 (County Route 4/3)?
A - Yes, the item is bid item 7.8 (Asphalt Pavement Replacement), and it is measured per square yard (SY).
- Item 9: Q - Does lots of water come out of the mine opening on site 3 (M.O. 3-1)?
A - We have never observed water discharging from this portal. However, there is evidence that it has discharged in the past. To cater for any potential future discharges, the mine seal conveyance pipes outlet in the grouted riprap ditch.
- Item 10: Q - Where do we put the 1000 cubic yards from the landslide excavation on site 3? (Note - The WVDEP estimated amount is 2000 cubic yards.)
A - Contractor is responsible for obtaining an approved waste area conforming to the requirements of the specifications.

DEP16573
Vickers Branch (Butcher) Drainage
Addendum #1

- Item 11: Q - Is this where the stabilized construction entrance for site 2 goes? (Sheet 11, at the edge of the large concrete pad beside the mobile home.)
A - Yes, as shown on the drawing. Note that the area proposed is a yard area, and the stabilized construction entrance will have to be removed and the area restored to a yard area after project construction is completed.
- Item 12: Q - What type of mine seal goes here, a block type? (Site 2, sheet 11, M.O. 2-4.)
A - This mine seal is a dry type of bat gate mine seal with masonry block. It is specified as a Type IV bat gate, and detailed on sheet D-5/1. (Note that the dimensions are approx. 23 feet wide by 8 feet high.)
- Item 13: Q - Does this area (site 2) drain with the regional mine dip shown on the plans?
A - The site generally drains per the regional dip shown.
- Item 14: Q - Is stone required around the bat gate mine seals on site 4?
A - Yes, both the proposed mine seals are Type I culverted bat gates, detailed on sheet D-2. (The detail specifies #1 stone gravel bulkhead and #1 bedding stone.)
- Item 15: Q - Are the site 4 mine seals dry seals, and are the drainage pipes necessary?
A - The mine seals are anticipated to be dry but the installation is per detail with pipes shown.
- Item 16: Q - How high does the earthen backfill need to be in front of the site 4 portals?
A - Backfill should be placed so as to smoothly blend in with existing contours. It should not have the ability to retain, impound or retard water runoff.
- Item 17: Q - Can we make a road through the ravine on site 4 between the two portals, and are the construction limits wide enough to do this?
A - Construction limits allow for travel across the small ravine to the second mine entry.
- Item 18: Q - Is the exposed metal gas line we crossed on site 4 active?
A - We have been previously informed that the gas line was inactive. However, please note that it is the responsibility of the contractor to verify the status of this gas line (and all utilities) and their locations on this site (and all sites).
- Item 19: Statement: On site 5, in the immediate area of the mine openings (M.O. 5-1, M.O. 5-2 and M.O. 5-3), there are several remnants of block walls not shown on the drawing. These remnants are to be removed and properly disposed of in a manner acceptable to the WVDEP. It will not be acceptable to use the blocks for any type of mine seal material or backfill. The removal and disposal cost will be considered to be incidental to the mine seal installations.

DEP16573
Vickers Branch (Butcher) Drainage
Addendum #1

Item 20: Q - Since the old, existing mine seals on site 6 are to be replaced/reworked, can we use the rock from the old mine seals for the new mine seals?

A - No.

Item 21: Note: on Type I Bat Gate Mine Seal (Drawing Number D-2) and Type II Bat Gate Mine Seal (Drawing Number D-3), the End (front) View illustrates the bat gate(s) without vertical members. The Vertical Bar Side View section includes the vertical member. The vertical bar is not required with the bat gate sizes specified.

Vendor's signature on its bid also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

The individual signing this bid on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

- 44. Vendor is not required to accept the State of West Virginia's Purchasing Card as payment for all goods and services.

- 45. VENDOR RELATIONSHIP:** The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, *etc.* and the filing of all necessary documents, forms and returns pertinent to all of the foregoing. Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

- 46. INDEMNIFICATION:** The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered

by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

- 47. PURCHASING AFFIDAVIT:** In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.
- 48. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE:** This Contract may be utilized by and extends to other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 49. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.
- 50. REPORTS:** Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:
- Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.
 - Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.
- 51. BACKGROUND CHECK:** In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information

to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304)558-9911 for more information.

52. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.

The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

- a. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- b. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

53. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

This provision shall not apply to any other construction projects, such as highway, mine reclamation, water or sewer projects. Additionally, if no subcontractors who will perform more than \$25,000.00 of work are to be used to complete the project, it will be noted on the subcontractor list.
 - a. **Required Information.** The subcontractor list shall contain the following information:

- i. The subcontractor listed in the original bid has filed for bankruptcy;
 - ii. The subcontractor in the original bid has been debarred or suspended; or

MANDATE: Under W. Va.
