Additionally, pricing or cost information will not be considered exempt from disclosure and requests to withhold publication of pricing or cost information **WILL NOT BE HONORED**.

Vendor will be required to defend any claimed exemption for nondisclosure in the event of an administrative or judicial challenge to the State's nondisclosure. Vendor must indemnify the State for any costs incurred related to any exemptions claimed by Vendor. Any questions regarding the applicability of the various public records laws should be addressed to your own legal counsel prior to bid submission.

- 32. ANTITRUST:** In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States

Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

33. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

34. 35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing. Vendor shall hold harmless the State, and shall provide the State and Agency with a defense

against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. PURCHASING AFFIDAVIT: In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.

38. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE: This Contract may be utilized by and extends to other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). This Contract shall be extended to the aforementioned Other Government Entities on the same prices, terms, and conditions as those offered and agreed to in this Contract. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.

39. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

40. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

- Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

- Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

- After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater.

For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

- 43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL:** In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

ATTACHMENT A

DEP160000019
Sugarcamp Run Burning Refuse Phase II
Addendum #2

Item 1: The contractor will have 365 days from the date of the Notice to Proceed to complete construction activities on the project. The \$250 per day liquated damage clause will be in effect after the 365 days. The total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.

Item 2: Specification 8.4.4, *Soil Cover Placement*, has been modified. The statement, "No minimum density shall be required for compaction....." has been deleted. The revised paragraph now reads, "After placement, the soil cover material shall be compacted to ensure proper bonding of the soil cover material to the regraded area. Compaction equipment shall be capable of operating on the slopes shown on the contract drawings and shall produce a uniform surface free of ruts and loose soil. Compaction shall be as specified in Section 8.4.1."

Item 3: Soil cover is to be placed in horizontal lifts not to exceed twelve inches before compaction. The final configuration will consist of a 4-ft. compacted soil cover fill. Please refer to Specification 8.4.1. The contractor will be required to submit cross sections in AutoCAD format in order to verify soil cover quantities for payment.

Item 4: The property owner/permit holder, Alpha Natural Resources (Mark McCoy), can be contacted by calling 304-872-5065.

Item 5: Q: Where is the borrow area located?

A: There is a designated potential borrow area shown on the project plans. Please refer to Plan Sheet 5. In addition, additional soil borrow material may be found at other locations within the construction limits. Upon completion of work, all borrow areas and related disturbance shall be neatly trimmed and all debris and soil disposed of in an acceptable manner. All highwalls created are to be eliminated, and final graded soil slopes shall not be steeper than 2H:1V, unless otherwise proven to be stable. All borrow areas shall require that a reclamation plan be submitted to the WVDEP for approval prior to disturbance. The borrow areas and related disturbance shall be graded, fertilized, limed, seeded, and mulched in accordance with Section 6.0 of the specifications. All off-site borrow activities shall be performed in compliance with the conditions contained in the project specifications. Please refer to Section 8.3.3 and Special Provision 1.07.

Item 6: Q: Where does the excavated material from the cutoff trench go?

A: Burning material may be quenched, stockpiled, dried, and incorporated into the fill areas. Potentially contaminated material shall be handled as per the project specifications, Section 8.0. Acceptable soil material may be used as part of the required 4-ft. compacted soil cover.

Item 7: Q: How will the contractor be paid for backfilling the cut-off trench?

A: Material removal (excavation) shall consist of the required removal of materials from the areas shown and the sloping and finishing of the areas to the required lines, grades and cross-sections. Payment shall be based on cubic yards of excavation. A new pay item (Item 8.5, Cut-off Trench Soil Backfill (CY)) has been added to pay for backfilling the soil portion of the cut-off

trench. A revised bid sheet is included with this addendum. A detail for backfilling the cut-off trench has also been added, and is included. Item 8.5, Cut-off Trench Soil Backfill, shall be paid per cubic yard per the plan detail. The yardage shall be field calculated, measuring the bottom width, top width, and length of the soil backfill. Measurements shall be verified and approved by the project inspector prior to backfilling and submitted for payment.

Item 8: Q: Is there a designated area to place the 10 mil HDPE liner and the potentially contaminated soil?

A: There is not a designated area shown on the plans. However, there are areas available within the project construction limits to place the liner and soils. The location is at the contractor's discretion, but should be discussed with the project inspector. A detail pertaining to liner placement is shown on Sheet D-6.

Item 9: The contractor is responsible for coordinating with Alpha Natural Resources in moving the existing on-site waterline and power line. (Mark McCoy, Alpha Natural Resources, 304-872-5065). Water and power line relocation will be paid under Pay Item 4.3.

Item 10: Q: Will the contractor be able to access water (for quenching) from the existing nearby impoundment?

A: Yes. Please coordinate with Mark McCoy, with Alpha Natural Resources (304) 872-5065.

Item 11: The plans/drawings (in PDF) format on the AML web site and Purchasing web site had a clerical issue. Drawing sheet numbers 12, 13, 14, and 15 were omitted. In addition, the construction limits shown on the composite view were inconsistent with those shown on the plan sheets. A revised set of plans are included with this addendum. A revised set of plans will also be posted by the Purchasing Division.

Item 12: Q: Who determines if the material is contaminated?

A: All soil exhibiting an odor or visual signs of contamination by diesel fuel, oil, or semi-volatile organic compounds, such as naphthalene or other polynuclear aromatic hydrocarbons (PAHs), as determined by the contractor, and verified by the project inspector, shall be placed on a 10 mil HDPE liner, and procedures, as outlined in Section 8.4.3, are to be followed regarding testing and handling.

Item 13: The laboratory analysis of the potentially contaminated material shall be performed by a WVDEP certified laboratory. The certified lab analysis results shall be submitted to the project inspector for review prior to further handling.

Item 14: Item 8.4, Contaminated Material Hauling, has been added, and will be paid per mile. The miles shall be calculated based on one-way hauling to the nearest landfill that will accept the material, using a 25-ton load standard. The billable mileage shall be calculated by dividing the tonnage hauled by 25 tons, and then dividing that number by the actual number of trips made, multiplied by the number of approved one way haulage miles:

(Total tons/25 tons) divided by (# of trips) times (miles) = billable miles.
