# PTS of America, LLC Company Overview

### Prisoner Transportation Services of America Overview

PTS of America's goal is to provide safe, secure and reliable prisoner transportation services. From the comprehensive training we provide our agents to the attention we give to the maintenance of our vehicles, PTS makes every effort to reach this goal. We continue to refine our operations, vehicle fleet configuration and training programs to ensure we remain not just the largest prisoner transportation company in the U.S, but also the best in quality and reputation.

#### *About the Company*

PTS of America is the largest provider of prisoner transportation and extradition services in the U.S. PTS is headquartered in Nashville, TN and was founded in 2001. Over the past fifteen years, PTS has transported over 500,000 detainees at all security levels. PTS currently services 15 of the 25 DOC's that outsource their extraditions. We also service over 500 county Sheriff's Departments/ P.D.'s throughout the United States. PTS has experience in transporting males and females, adults and juveniles, by both ground and commercial aircraft.

PTS employs more than 70 transportation personnel, including specially trained extradition agents, logistics professionals, mechanics, training staff and trip planners. Operating a fleet of over 20 specially-modified and equipped vehicles, PTS uses a nationwide ground network to move prisoners from coast to coast.

PTS handles all types of extraditions, including court appearances, Form VI and Governor's Warrants. We transport adults and juvenile offenders of all classifications, including high-risk security moves, special needs medical transports, and mass moves. PTS would like an 8-10 day notice for picking up offenders. Our nationwide average for an inmate in our ground network is 4.3 days.

Prices for ground transportation services provided by PTS are based on the direct mileage between pick-up and drop-off points. Mileage for moves within the nationwide network is determined by the computer program PC\*MILER/STREETS.

# Big Road

PTS transports prisoners nationwide under the authority of the United States Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA) and has received a SATISFACTORY RATING. PTS' USDOT number is 1106950. PTS' MC Number is 689407. PTS complies with all requirements for limits of travel, hours and miles as governed by the Department of Transportation. PTS Agents use either the Big Road App or standard log books to record their drive times. PTS also complies with all regulations governed by the Interstate of Dangerous Criminal Acts of 2000 (Jenna's Act).

## ***Transportation Equipment***

---

All prisoners are restrained with standard restraining devices to include, double locking handcuffs, waist chains, and double locking leg restraints. Prisoners are interconnected for additional security. PTS agents are also trained in the application of Hobble Restraints for special situations.

PTS agents are completely trained in the use and application of restraints. Agents are also instructed on proper escort procedures. Restraints are utilized immediately upon acceptance of an inmate into PTS' custody. All prisoners remain completely restrained during their transport. Agents are instructed in the proper handling and utilization of the chemical agent, Vexor (Oleoresin/Capsicum Spray), in accordance with PTS policy.

## ***Documentation***

---

When PTS Agents take custody of an inmate, a Prisoner Status Form is completed. This form includes demographics, description, medical status, and property inventory. Updated reports of medications distributed, meals, restroom breaks and housing status are also recorded on this form.

### ***Property***

---

Prisoner property will be transported with the prisoner and delivered to the destination point. Property is logged on the Prisoner Status Form and it is signed by the prisoner at time of pick up and drop off. Property no larger than 12 x 12 is accepted. Electronic equipment such as televisions, radios, cell phones, etc., will not be transported with inmate.

### ***Meals, Housing, Restroom Breaks***

---

As mandated by the American Correctional Association Standard 4-44328, prisoners are provided three (3) nutritionally adequate meals each day during transport. All efforts are made to insure meals meet dietary needs and / or religious preference. PTS agents record each meal provided on the Prisoner Status Form.

The periodic housing of inmates while in transit is part of our nationwide, ground network. Prisoners are housed in a secure detention facility and are provided a bed, shower and meals during the time they are in the facility.

Restroom breaks are taken at secure locations, mainly local jails and are given every 3 to 5 hours. These breaks are also provided at locations where PTS agents are picking up or dropping off prisoners.

### ***Employee Uniforms and Identification***

All PTS employees involved in the transport of prisoners are required by PTS policy to wear company-issued uniforms bearing the company logo and to carry identification that includes company name, employee name, photograph, and signature. This identification must be displayed properly when requested by the law enforcement agency prior to release of an inmate.

### ***Security, Control, and Acceptance***

---

PTS' standard policy and procedure for agent to prisoner ratio is two (2) agents for every one (1) to twelve (12) prisoners. PTS policy requires that every effort be made to transport female inmates with a female agent on board.

PTS shall assume custody of prisoners from authorized agents of the State and shall surrender custody of such prisoners to the law enforcement agency designated by the Department.

In the event of unusual incidents, emergencies, medical or controversial situations, PTS of America's standard policy is to immediately notify appropriate Department personnel. The unusual incident, emergency, or controversial situation may include any act of violence by prisoners or other passengers, any escape or attempted escape, breach of security, any use of excessive force, excessive delay in the transportation of a prisoner, any medical condition, any prisoner requiring medical treatment, mechanical failure, or any refusal of law enforcement agencies to release a prisoner to PTS as authorized or directed by the Department.

PTS reserves the right to refuse to transport any individual whose condition or behavior would be detrimental to the safety of the vehicle or aircraft, or to other passengers. Once this behavior or condition has been deemed dangerous and routine ground transportation has been prohibited, PTS will notify the Department immediately.

### ***Air Transports***

---

PTS maintains a comprehensive nationwide ground network, although we do offer special transport alternatives. These alternatives include dedicated ground transports and transports via commercial air. Transports outside the normal ground system will be discussed with the Department and the decision to utilize air or dedicated ground services will be made with the Department's approval.

## **Medical Criteria and Emergencies**

PTS reserves the right to refuse the transport of a prisoner with medical conditions when there is a risk of the medical condition worsening as a result of motor vehicle transport. PTS provides safe and effective methods of travel for inmates with special needs/ medical conditions and communicable diseases. Certain diseases will not allow the inmate to be transported with other inmates and can also pose a problem in housing that inmate throughout their transport. In the event this occurs, the inmate may be transported via commercial air or transported alone in a special needs vehicle. If this is needed, the various options and costs associated with the special move will be discussed with the Department first. These transports may present a greater exposure to medical expenses and other related costs which PTS attempts to minimize as much as possible. These transports are quoted on a case-by-case basis.

Medical conditions which exclude prisoners from PTS ground transport eligibility include, but shall not be limited to the following:

- Cardiovascular problems requiring medication or prescribed procedures
- Epilepsy whereby seizure activity is not adequately controlled.
- Pregnancy
- Fractured bones requiring casts/braces designed to immobilize injured areas
- Critical Wounds
- Communicable diseases or any other medical conditions which have the potential to place the prisoner, transport personnel or other passengers at risk

All prisoner medical costs, including but not limited to, the costs of transportation from the location of the on-set of the emergency to the nearest medical facility shall be paid by the Department. PTS shall be authorized to obtain emergency and/or routine medical treatment for prisoners whenever deemed necessary. The circumstances, to include time, location, costs, etc., surrounding such expenditures shall be itemized and reported immediately to the Department in written form. These cost shall be paid either by the inmate or the requesting agency.

PTS abides by all standards set forth by Health Insurance Portability and Accountability Act (HIPPA) of 1996.

## ***Employment, Training, and Staff***

---

PTS employs more than 70 transportation personnel, including specially trained extradition agents, logistics professionals, mechanics, training staff and trip planners.

All PTS agents are properly trained to lawfully and effectively perform the duties required. Agent candidates must meet established age, education and literacy requirements. Candidates are preferred to have two (2) years previous military, corrections, security or law enforcement experience, and must undergo and pass a comprehensive background check, vehicle records check, fingerprint-based search, credit report check, physical examination, controlled substance test and personal interview. ## Juvenile Transports

PTS follows all rules and regulations set by the United States Federal Law, **Juvenile Justice and Delinquency Prevention Act of 1974**.

Website reference: <http://www.ojdp.gov/about/about.html>

### **THE JJDPA**

#### **Federal Juvenile Justice and Delinquency Prevention Act**

Established in 1974 and most recently reauthorized in 2002 with bipartisan support, the Juvenile Justice and Delinquency Prevention Act (JJDPA) embodies a partnership between the federal government and the U.S. states and territories to protect children and youth in the juvenile and criminal justice system, adequately address delinquent behavior and improve community safety by preventing juvenile crime and delinquency.

**Sight and Sound Separation.** When children are placed in an adult jail or lock-up for any period of time, no matter how limited, "sight and sound" contact with adults is prohibited under the JJDPA. The "Separation" provision requires that children cannot be housed next to adult cells, share dining halls, recreation areas or any other common spaces with adults, or be placed in any circumstance that could expose them to threats or abuse from adult inmates.

#### **A. Definitions:**

1. Juvenile - A person 17 years of age or under not adjudicated as an adult who is charged with a crime.
2. Youth Services - Normally a state agency that has custody of the juvenile. These typically fall into two categories:
  - a) Youth charged criminally or adjudicated as uncontrollable, or
  - b) Youth taken into protective custody that is not charged with a crime.

**B. Agents should use the same restraining and security measures as are used on adult prisoners. There may be situations when the client-agency requires alternative measures. If there are any questions, contact the agent supervisor.**

**C. Juveniles shall never be transported in the same secure vehicle with adult prisoners.**

**D. PTS will inquire about the security level of the juvenile when assigned a move.**

Agents will also learn the nuances of constructive feedback and counselling techniques designed to aid in the learning process and correct deficient areas of performance.

### 2. Tactical Communications Course (8 hours)

In this course agents will learn the art of verbal re-direction, commonly called "Verbal Judo" to resolve conflict and de-escalate potentially violent confrontation with some simple verbal strategies.

### 3. Advanced Report Writing Course (8 Hours) – Required training for AICs

### 5. Advanced Subject Control Techniques (16 hours)
