Questions:

- Q4: Upon bid renewal can pricing be adjusted up or down due to market conditions. Most of the items on this bid are commodities that rely on favorable weather conditions, if mother nature does not cooperate it could cause market conditions to change and also if she does it could drive prices down. It would be fair for both parties to practice up or down pricing adjustment after 1 year with proper backup being presented to the state to show market conditions have changed.
- A4: PRICE ADJUSTMENT: Vendor may submit a request for price adjustment for consideration prior to renewing this Contract. Any such price adjustment request that results in an increase to a contract total or unit price must be based on quantifiable increases directly attributable to raw materials and/or labor. Price adjustments resulting in an increase to a contract total or unit price shall be limited to the Vendor's actual increased costs and shall not include Vendor's profit or overhead expenses. The State and/or the Vendor may request a price adjustment that results in a lower total price or unit price at any time.

A Vendor's request to adjust its price must include a detailed explanation of the raw materials/labor causing the adjustment, a detailed explanation of the impact that the changes have on the goods or services covered under this Contract, and independent verification of the price changes, and any other information requested by the Purchasing Division.

The Purchasing Division reserves the right to deny a price adjustment request at its sole discretion. A price adjustment request should be submitted in writing 30 days prior to the expiration of the current contract term. No Price Adjustment will become effective unless and until the Agency and the Vendor agree to the adjustment and such adjustment is approved by the Purchasing Division and the Attorney General's office (as to form).

Revised pricing pages attached.

Other Information:

- 1. The bid opening has been extended from 08/30/2016 to 09/08/2016.
- 2. Revised pricing pages attached.
- 3. Vendors should provide "Vendor's Unit Cost" to determine the vendor's cost at the time of award for comparison with price increase/decrease as noted above.

- 4. To delete Section 4.2 in the specifications its entirety and replace with the following language:
 - 4.2 Pricing Pages: Vendor should complete the Pricing Pages by inserting the requested information in the appropriate location and performing the calculations necessary to arrive at a total cost. The requested information includes: Brand Bid, Size Bid, Vendor's Unit Cost, Unit of Measure for Vendor's Unit Cost, Number of Individual Units, Unit Price per Individual Item, and Extended Cost. Vendor should complete the Pricing Pages in their entirety as failure to do so may result in Vendor's bid being disqualified.

The Pricing Pages contain an estimated number of products. These estimates represent an amount that will be utilized for evaluation purposes only. No future use of the Contract or any individual item is guaranteed or implied.

"Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code* §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
