Danhill Construction Company is submitting this letter within our bid proposal for clarification of our interpretation of the bid documents and addendum # 4.

Our proposal amount for line item # 12 Imported Material at Anchor trench does not include hauling material to the site. Our proposal is based upon being able to use the existing material for the backfilling of the anchor trench.

Our proposal amount for the compaction requirements on both the anchor trenches and basins of the ponds are based upon what the on-site existing materials will reach in regards to compaction requirements.
