State of West Virginia

VENDOR PREFERENCE CERTIFICATE

Certification and application is hereby made for Preference in accordance with *West Virginia Code*, §5A-3-37. (Does not apply to construction contracts). *West Virginia Code*, §5A-3-37, provides an opportunity for qualifying vendors to request (at the time of bid) preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the *West Virginia Code*. This certificate for application is to be used to request such preference. The Purchasing Division will make the determination of the Vendor Preference, if applicable.

1. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is an individual resident vendor and has resided continuously in West Virginia for four (4) years immediately preceding the date of this certification; or,
- Bidder is a partnership, association or corporation resident vendor and has maintained its headquarters or principal place of business continuously in West Virginia for four (4) years immediately preceding the date of this certification;
- Bidder is a resident vendor partnership, association, or corporation with at least eighty percent of ownership interest of bidder held by another entity that meets the applicable four year residency requirement; or,
- Bidder is a nonresident vendor which has an affiliate or subsidiary which employs a minimum of one hundred state residents and which has maintained its headquarters or principal place of business within West Virginia continuously for the four (4) years immediately preceding the date of this certification; or,

2. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is a resident vendor who certifies that, during the life of the contract, on average at least 75% of the employees working on the project being bid are residents of West Virginia who have resided in the state continuously for the two years immediately preceding submission of this bid; or,

3. Application is made for 2.5% vendor preference for the reason checked:

- Bidder is a nonresident vendor that employs a minimum of one hundred state residents, or a nonresident vendor which has an affiliate or subsidiary which maintains its headquarters or principal place of business within West Virginia and employs a minimum of one hundred state residents, and for purposes of producing or distributing the commodities or completing the project which is the subject of the bidder's bid and continuously over the entire term of the project, on average at least seventy-five percent of the bidder's employees or the bidder's affiliate's or subsidiary's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years and the vendor's bid; or,

4. Application is made for 5% vendor preference for the reason checked:

- Bidder meets either the requirement of both subdivisions (1) and (2) or subdivision (1) and (3) as stated above; or,

5. Application is made for 3.5% vendor preference who is a veteran for the reason checked:

- Bidder is an individual resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard and has resided in West Virginia continuously for the four years immediately preceding the date on which the bid is submitted; or,

6. Application is made for 3.5% vendor preference who is a veteran for the reason checked:

- Bidder is a resident vendor who is a veteran of the United States armed forces, the reserves or the National Guard, if, for purposes of producing or distributing the commodities or completing the project which is the subject of the vendor's bid and continuously over the entire term of the project, on average at least seventy-five percent of the vendor's employees are residents of West Virginia who have resided in the state continuously for the two immediately preceding years.

7. Application is made for preference as a non-resident small, women- and minority-owned business, in accordance with *West Virginia Code* §5A-3-59 and *West Virginia Code of State Rules*.

- Bidder has been or expects to be approved prior to contract award by the Purchasing Division as a certified small, women- and minority-owned business.

Bidder understands if the Secretary of Revenue determines that a Bidder receiving preference has failed to continue to meet the requirements for such preference, the Secretary may order the Director of Purchasing to: (a) rescind the contract or purchase order; or (b) assess a penalty against such Bidder in an amount not to exceed 5% of the bid amount and that such penalty will be paid to the contracting agency or deducted from any unpaid balance on the contract or purchase order.

By submission of this certificate, Bidder agrees to disclose any reasonably requested information to the Purchasing Division and authorizes the Department of Revenue to disclose to the Director of Purchasing appropriate information verifying that Bidder has paid the required business taxes, provided that such information does not contain the amounts of taxes paid nor any other information deemed by the Tax Commissioner to be confidential.

Bidder hereby certifies that this certificate is true and accurate in all respects; and that if a contract is issued to Bidder and if anything contained within this certificate changes during the term of the contract, Bidder will notify the Purchasing Division in writing immediately.

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

Purchasing Affidavit (Revised 08/01/2015)

***Camplex 2-Channel Singlemode Fiber Optic Tactical Snake Reels
with LC Connectors***

Ruggedized singlemode multi-channel fiber optic cables designed for multiple deployments for field production in outside broadcast, rental houses and more. Highly flexible tight-buffered tactical cables with internal aramid strength members for crush resistance in high traffic areas if handled properly and a polyurethane outer sheath designed to withstand crushing by both Military Tanks and Outside Broadcast vehicles. Cables are complete end-to-end tactical grade where fanout channels are covered with tactical grade polyurethane furcation tubing. All assemblies multi-stage machine polished and tested for <.55db RL (complete per-channel test results available on request). Built in-house at our state-of-the-art fiber lab - the only fiber lab in the US to have achieved full certification from LEMO, Neutrik & Canare!

Our Tactical Fiber Snake Reels include JackReel, Schill or Hannay fiber optic cable reels with in-hub fanout & connector protection cavity. Each reel has been carefully selected to ensure proper support and critical bend radius required by fiber optic cables. We recommend tactical fiber optic cables over 25 feet be stored on a cable reel.

Custom configurations and assemblies as well as full repair services are always available for any brand tactical or SMPTE hybrid fiber cable.

Features:

- Built in our Fiber Shop with OCC Multichannel Tactical Cable & Heavy Duty Connectors with Dust Caps
- Individual 36-Inch Fanout Channels Protected with Polyurethane Tactical Furcation Tubing
- Compact, round cable design for ease of transportation and deployment
- Designed for use in adverse environments where reduced size and weight are important
- Helically stranded cable core for flexibility, deployment survivability and exceptional mechanical protection for the optical fibers
- Cables have been tested and are in use in military data communications applications worldwide
- Can be used outdoors for temporary deployment directly on the ground in all terrains, including severe environments
- Suitable for outside broadcast, industrial, mining and petrochemical environments - chemical resistant
- Crush-resistant and resilient with a thick layer of aramid strength members
- Polyurethane jacketed for abrasion, cut and chemical resistance
- Meets & Exceeds MIL-PRF-85045 Specifications!

Specifications:

- Industry Standard Designation: Single-Mode ITU-T G.652.A
- Core/Cladding Diameter (æm): 9/125
- Wavelength (nm): 1310/1550
- Maximum Cabled Attenuation (dB/km): 0.5/0.5
- Primary Coating Diameter (æm): 500
- Secondary Buffer Diameter (æm): 900
- Zero Dispersion Slope (ps/nm²-km): 0.092
- Proof Test Level (kpsi): 100
- Typical RL <-55dB and IL<0.25dB

CAMPLEX[®]

Brand Fiber Gear

Complex 2-Channel Fiber Optic Tactical Reels with LC Connectors

This 2 channel tactical fiber cable is designed for Broadcast & Pro-AV deployment applications and meets all outdoor tactical needs for applications requiring an outdoor rated crush and impact resistant design. The tough Thermoplastic Polyurethane Core-Locked design is perfect for any situation where ordinary PVC jacket cables do not provide adequate protection in the field. Featuring Senko LC or ST premium fiber connectors. All assemblies are machine polished and interferometer tested to industry standards. All products are 100% tested and a complete set of test documentation of your cable is available upon request.

Ruggedized multi-channel fiber optic cables designed for multiple deployments for field production in outside broadcast, rental houses and more. Highly flexible tight-buffered tactical cables with internal aramid strength members for crush resistance in high traffic areas if handled properly and a polyurethane outer sheath designed to withstand crushing by both military tanks and Outside Broadcast vehicles. All assemblies multi-stage machine polished and tested for <.55db RL with test results for each channel supplied with each cable. Built in-house at our state-of-the-art trained fiber shop with full repair services available.

Note: Our Tactical Fiber Snake Reel INCLUDE fiber optic cable reels with connector protection cavity and hinged latching door. Each reel has been carefully selected to ensure proper support and critical bend radius required by fiber optic cables. We recommend tactical fiber optic cables over 25 feet be stored on a cable reel.

Custom Lengths & Configurations Always Available as well as cables with SC, ST & LC APC connectors!

Features:

- Broadcast Deployable
- Indoor/Outdoor rated jacket.
- Typical RL <-55dB and IL<0.25dB.
- Wide temperature range (typically -55°C to 85°C)
- 500um primary acrylate buffer with 900um secondary hard buffer
- Excellent crush and impact resistance due to their polyurethane Core-Locked outer jacket
- Designed to withstand crush and impact after deployment
- Strong, lightweight and extremely durable cable

Specifications:

- Industry Standard Designation: SMF-28
- Core/Cladding Diameter (um): 9/125
- Wavelength (nm): 1310/1550
- Maximum Cabled Attenuation (dB/km): 0.5/0.5
- Primary Coating Diameter (um): 500
- Secondary Buffer Diameter (um): 900
- Typical RL <-55dB and IL<0.25dB

CAMPLEX[®]

Brand Fiber Gear

Camplex 9u/125u Yellow Singlemode Duplex LC to LC Fiber Optic Patch Cables

Performance series LC to LC 9/125 Duplex (Dual) Singlemode fiber optic cables from Camplex. Manufactured with high quality components, these fiber optic patch cables feature Yellow OFNR jackets. Camplex fiber optic patch cables are fully tested to ensure reliable performance in critical applications. Custom lengths & connector combinations always available from our in-house Fiber Lab.

Features:

- Features a 9um core and 125um cladding.
- Singlemode, Duplex (Dual) cords
- Ideal for patching singlemode backbones to high-speed network devices
- Ceramic ferrules for long-lasting reliability and precision
- Ceramic ferrules for long-lasting reliability and precision alignment
- Used to connect patch panels and/or network devices
- OFNR jacket complies with stringent building codes

CAMPLEX[®]

Brand Fiber Gear

***Camplex SMPTE 311M opticalCON DUO to opticalCON DUO
SingLEM0de Fiber Optic Outside Broadcast Cable Reels***

OpticalCON DUO NO2SX to NO2SX Singlemode Hybrid SMPTE 311M **Cable with Tactical Reel**. OpticalCON assemblies are COCA factory terminated and machine polished in our state of the art Fiber Optic Lab. Neutrik OpticalCON assemblies are made with **outside broadcast SMPTE 311M** cable rated for ruggedized applications and field deployment in commercial and professional broadcast AV applications. Machine polishing processes provide exceptionally low return loss and insertion loss. OpticalCON features a ruggedized connector body, common LC contacts and a mechanical shutter system to shield against endface contamination. SMPTE cable with 2 singlemode fiber UPC, 2 x AWG24 and 2 x AWG16 or (2x17AWG) stranded copper conductors, overall copperbraided shield and stainless steel strength member. **This cable is not compatible with the SMPTE 304M standard.** Suitable for indoor (studio) camera links considering specific conditions acc. to IEC 60664-1 like pollution degree 1, overvoltage category 1 and rated voltage. Our cables are exclusively assembled using the **Neutrik opticalCON ADVANCED** system. opticalCON ADVANCED further enhances the original opticalCON making it more robust by adding lockable and water proofed metal caps as well as rubber guards. This is especially critical for outdoor applications. The ergonomically cable strain relief improves the cable protection and water resistance in long-term use, and the color-coding options allow custom-built coding.

Features:

- Heavy Duty Tactical Reel with Side Reel Flange Included
- OpticalCON assemblies are interferometrically tested to GR-326-CORE endface standards.
- Machine polished and tested end faces
- Tactical tight buffered PUR Cable
- Optical Shutter Mechanism for added protection
- Typical back reflection <-55dB
- Heavy Duty Tactical Reel with Side Reel Flange (TR version only)
- Ruggedized and dirt protected 2 channel fiber optic connection system
- Waterproof acc. to IP65 in mated condition
- Accommodates standard optical LC-Duplex connectors
- Cable connector features rugged all metal housing and heavy duty cable retention
- Excellent dust and dirt protection due to automatic sealing shutter with silicone gasket
- Reliable Push-Pull locking mechanism
- Easy to clean, no tools required

Applications

- Digital Audio & Video
- Digital Signage
- Data & Networking
- Lighting Control
- Deployable, Staging, and Harsh Environment
- JVC FS-790, FS-CABHYB100, FS-CABHYB200, FS-CABHYB500
- SONY CA-FB70, HXC-D70, HXCE-FB70, HXCU-FB70
- SONY CCFN-25, CCFN-50, CCFN-100

Specifications:

• Overall Specifications

- (2) Neutrik OpticalCon DUO, NO2SX
- OB SMPTE 311M, Polyurethane Jacket, 9.2mm diameter, Black
- Nickel Finish Connector Body
- 50', 100', 164', 250', 328', 500', 656' or Custom

• Mechanical Specifications

- Cable Retention Force = 500N
- Lifetime >1000 Cycles
- Insertion/Withdrawal Force < 45N
- Operating Temperature -25°C to +75°C

• Optical Specifications

- Type LC-UPC (Straight Polish)
- Fiber Type 9m Single-mode Fiber
- Cable Loss < 0.45dB/km @ 1310/1550nm
- Optical Back Reflection -55dB/-45dB RL (typical/max)
- 24 AWG Data Conductors, 16 AWG or 17 AWG (2x20AWG) Auxiliary Conductors
- CMR rated, UL1666 Flame Tested, Indoor / Outdoor Cable (9.125mm OD)
- Aramid Yarn and 302 Stainless Steel Strength Members
