## 02/22/2017 13:30 Public Bid Reading

### **BACKGROUND**

Solicitations and solicitation responses are maintained in Vendor Self Service (VSS) and the wvOASIS Financial System by a cycle of synchronizing interfaces which run at intervals through the day.

### **ISSUE**

At the 02/22/2017 13:30 Bid Closing, Purchasing Division staff noted the completion of the VSS sync cycle and proceeded with the public reading of solicitation responses. At the time, the Purchasing Division staff observed that there were no electronic solicitation responses (ESRs), and the public bid reading was concluded. However, looking in each procurement folder later, Purchasing Division staff noted multiple ESRs were received.

### **ANALYSIS**

At the conclusion of the VSS sync, an automatic batch process runs to link ESR documents to the procurement folder. The linking occurs quickly and is unnoticeable for a typical cycle. However, due to a large volume of ESRs and their corresponding attachments, the linking process was not completed until several minutes after the Public Bid Reading.

### **CONCLUSION**

The list of ESR documents below were all submitted by the vendors in VSS prior to the solicitation closing date and time of 02/22/2017 13:30, and should be included in the evaluation of bids by Purchasing Division staff. Furthermore, wvOASIS staff will modify the VSS sync cycle to ensure that the linking process is complete prior to displaying such information to procurement users.
