**Re: CRFQ 0618 BVH1700000001, Temporary Staffing Services: Licensed Practical Nurse (LPN)**

Dear Ms. Rink:

Delta-T Group Western PA, Inc. (Delta-T) is pleased to submit our response to the State of West Virginia (the State) request on behalf of the West Virginia Veterans Home for Temporary Staffing Services to provide Licensed Practical Nurses.

Delta-T is confident that you the State will be pleased with both our services, and the clinical excellence of our nurses. Delta-T has over 28 years of experience providing healthcare services to psychiatric hospitals, behavioral health care facilities, and schools, and our specialized focus in behavioral healthcare staffing is supported by teams of recruiters, staffing coordinators, managers and administrators that are well-versed in the nuances inherent in the industry and able to exceed the needs and expectations of our clients.

What sets Delta-T apart is our roots as a pioneer behavioral health workforce solutions agency, as well as our commitment to excellence. Our staffing teams have a wealth of experience in working under contracts such as this one, having provided services for other such state contracts such as:

- Pennsylvania in over 20 behavioral health and correctional facilities
- Delaware, in long-term care nursing facilities operated by State
- Tennessee, in four psychiatric hospitals and several mental health facilities for nursing services

This understanding that comes from experience ensures that you receive the right fit for your population, that is, the perfect nursing candidates to serve the State's fragile populations and patients with reputable expertise, compassion, and a high-level of professionalism.

This project will be staffed through our Carnegie, PA office, just outside of Pittsburgh.

## **Our Service Delivery Approach:**

Delta-T has become a leader in behavioral healthcare staffing by focusing on key tenets that distinguish its services from that of anyone else in the field.

### ***Customer-Focused Support***

Client fulfillment with excellent customer service is the number one priority at Delta-T. We have many key processes in place to ensure client satisfaction including a specialized nursing team, biweekly quality assurance reviews, check-ins and monitoring by our Project Manager within 24 hours of the awarded contract, availability of management and staffing teams 24 hours a day, seven days a week with our On-Call Service.

Delta-T's On-Call Service is a dedicated team of professionals who are prepared to assist our clientele with last minute call-outs, crises, questions, or any other situations that require immediate attention. The On-Call Service team ensures that customer service is available to clients around the clock. In addition to recruiting and staffing, our On-Call Service team is able to answer questions, provide any information that you may need, of course including placing nurses that may be needed due to last-minute call-outs.

### ***Recruiting & Retention Excellence***

Delta-T's success is in part due to the high standards of excellence that is the basis of our recruiting process. We maintain a database of tens of thousands of candidates all over the country that we can utilize to fill a need. Many of these candidates are available immediately, so that as soon as a bid is awarded, our skilled Staffing Coordinators can begin short-listing names for consideration. For many requests, we can source solely from our database. If this is insufficient, our coordinators may reach out to our experts in the field that can provide referrals, utilize online job boards, association and trade lists, educational institutions and alumni listings, job fairs and many other avenues to locate the best people for the positions.

What sets Delta-T apart from its competitors is the concentration on finding the *right* fit, instead of just simply filling the need. With staffing teams that are specialists in behavioral and healthcare, we are able to tailor our questions to the job description, facilities, and programs so that any shortcomings, personality flaws, or knowledge gaps would surface before they could be presented to the client. Delta-T staffing professionals go beyond the paperwork to find the type of candidate who will be the perfect match for both the facility and the patient population.

---

## **Interviewing & Credentialing:**

Our Staffing Coordinators and Quality Assurance (QA) team work cooperatively to find and credential the candidates who show the most potential for meeting and exceeding the client's needs and expectations.

- **Screening Interview** – Conducted for every potential candidate. A trained Staffing Coordinator gathers information through a one-on-one interview, seeking to find a match to the client's requirements.
- **Reference Checking** – A minimum of three professional references (e.g., direct supervisors with at least one year of experience with the nurse) are collected and primary source verified.
- **Degree, Licensure, and Certification Verification** – Job-relevant degrees are primary source verified either at the issuing college/university or an approved third party agent. All relevant licenses and certifications are collected, verified and copies kept on file.
- **Criminal Background Check** – all Delta-T professionals are subject to state criminal record checks prior to commencement of services (as state law permits). Subsequent checks are done on an annual basis.
- **OIG and EPLS Checks** – to check for individuals and businesses excluded or sanctioned from participating in Medicare, Medicaid, or other federally funded health care programs.
- **Customized Credentialing** – Any additional credentialing requirements (e.g., CPR/First Aid, TB, Physical, Drug Screening, Child Abuse Clearance, and DMV check) are decided by the client and verified by Delta-T. Verification and copies of all client-specific requirements are kept on file in accordance with HIPAA regulations. These are re-checked annually.

Re-credentialing is equally important. The QA team utilizes our proprietary software to track expirations and review reports to ensure every nurse remains current with their credentials and is primary source verified. They also conduct internal audits to make sure that all Delta-T staff is compliant with regulations, company policies and verification processes.

## ***Training, Orientation, and Professional Development***

Our for our psych nurses consists of standard protocols and expectations for:

- Documentation Requirements
- Client Policies, Dress Code, ID, Reporting Instructions
- Job Description and Expectations
- Monthly Evaluation Process
- Ethical Standards and Confidentiality
- Incident Reporting Standards and Protocol
- OSHA Standards and Requirements
- Regulations Review
- Universal Precautions
- Call-Out Procedures
- HIPAA Compliance
- Invoicing Procedures
- Customized to meet your facilities needs

Delta-T is not only dedicated to our clients and the populations we serve, we are deeply committed to maintaining our pool of professionals and ensuring that they have every opportunity to advance, learn, and grow professionally.

---

## ***Delta-T's Understanding of Your Needs***

It is our understanding that the State is seeking experienced and proven contract vendors to provide the facility with necessary nursing services. It requires individuals with an exceptional dedication to their profession and their patients.

## ***Responding to Service Requests***

We pre-select the most qualified and experienced individuals based on the Scope of Work and your specific requirements. Our staffing team will work in collaboration with you to ensure that the nurses receive the proper orientation and training for your facility prior to the start of the assignment. Once a dedicated pool of nurses for your facility has been established an availability grid is created and updated continuously so that at any given time, we can ascertain which nurse or nurses can cover an open shift. This grid is also shared with the On-Call team so that they can assist in the event there is a coverage gap outside of normal business hours.

## ***Monthly Schedules with Gaps (i.e. Foreseen Leave Coverage)***

Each month, our staffing coordinators will reach out to determine if the monthly scheduling is complete and whether there are any gaps that Delta-T can fill. These fills are commitment-free. You will be able to change or cancel any shifts without any fees incurred with as little as two hours' notice in the event you are able to fill those needs internally.

## ***Weekly Needs Arising Through Call-Outs (i.e. Unforeseen Leaves)***

Each week, the State may have needs that were unexpected due to call-outs, bereavement leave, personal days, etc., where notice may have only been a few days or even a few hours. Delta-T is able to fill those needs without any minimum hour notice requirements.

## ***Ad Hoc Needs***

In the event a scheduled nurse simply does not report for their shift, and there is no information as to whether they will or will not arrive, Delta-T can fill the shift. If you cover the shift internally instead, there is no charge once no services were rendered, even if our nurse was in-transit to your facility.

If a request comes in and it is unlikely that we will be able to fill it, we will quickly communicate this to the State designee, so that they have ample opportunity to staff internally or reach out to a secondary vendor. It is never our goal to lose a shift for any reason, but we would prefer it to be staffed and the patients cared for, rather than hold onto a shift that we know we cannot fill in the time allotted. The best interests of the patients and the client is forefront of our decision-making and goal-setting.

## ***Contingencies and Problem Solving***

Delta-T is keenly aware that when dealing with the complexities of staffing, unexpected situations can and do occur. We have measures in place to allow us a level of adaptability to face these situations and conquer them with minimal impact to our clients.

During our recruitment process, our staff automatically holds in reserve a number of qualified candidates who can serve as substitutes should the nurse fail to show up due to an emergency, illness, or needs to be permanently replaced if he or she is an improper fit for the position. The presence of the On-Call team also makes it easy for urgent questions or concerns to be handled without your personnel having to wait until normal business hours. The Project Manager will also be available around the clock to handle any problems that may arise. It is our belief that if we are consistently communicating with both clients and our nurses, that we can curtail dissatisfaction and keep processes running smoothly.

## **Delta-T is a Qualified Vendor**

Delta-T's core business is servicing public entities, veteran's facilities, hospitals, schools, and correctional facilities with general medical and specialized nurses. We are able to leverage our understanding of working with these institutions for continuous improvement in our service delivery.

A sample of our state-based healthcare/behavioral health staffing active contracts:

- Central Louisiana State Hospital
- Commonwealth of Pennsylvania Statewide Per-Diem Nursing Contract
- Maryland Department of Health & Mental Hygiene
- New Jersey Developmental Disabilities Division
- New Jersey Division of Youth and Family Services
- State of Delaware
- TN Department of Children's Services
- TN Department of Intellectual Disabilities
- TN Department of Mental Health

### **Benefits to Partnering with Delta-T:**

**Focus & Consistency** – Our staff is knowledgeable about the staffing of healthcare professionals for various client types. We foster the creation of our in-house staffing experts who can speak confidently about their niche and form lasting relationships with industry professionals that they can utilize time and again for assignments.

**Diligence** – Because our Quality Assurance Team is dedicated to carefully credentialing and monitoring, our clients can rest assured that everyone that is presented for an assignment has the stated degrees, licenses, experience and/or certifications necessary to doing the job.

**Reliability** – Delta-T is there for our clients 24/7 for whatever is needed, whether it is to fill a gap because of an unexpected illness, or to confirm shift schedules for the week, or to, for example, solve an urgent problem that cropped up at 11:00pm. Our On-Call Team is made up of live coordinators, not recorded messages.

**Cost Efficiency** – Our rates are competitive and are considerate of tight budgets and workplace pricing trends. We review our pricing routinely and make adjustments in bill rates and compensation rates as deemed necessary and appropriate for each specific contract we undertake.

**Fiscal Integrity** – All of our billing and invoicing are cross-checked and monitored for accuracy and completeness. Staffed professionals are held to our high standards in terms of submitting proper timesheets. We communicate constantly with our clients and work diligently to ensure that all paperwork is in good order at all times.

Thank for the opportunity to respond and we look forward to hearing from you.

Respectfully,

Erica Vanaver  
Proposal Administrator

**Answers to Vendor Questions**

**Q1.** I was looking at the above RFQ and wondered how many LPN's you are looking for? 260 hours a month would be 30 hours a week for 2 part-time LPN's but 60 hours a week for one full-time? Is this meant to be one assignment with a lot of overtime or two part-time assignments?

**A1.** At least 2. It is basically as needed and the 60 hours was just an estimate.

**Q2.** Is the State currently under contract for LPN services at the Barboursville facility? If so, what vendors are you utilizing and what are the rates?

**A2.** There is currently no contract for these services

**Q3.** The RFQ notes that vendor is responsible for "Travel Costs", what has been the historic travel amount YTD?

**A3.** This information is not available due to no current contract for this service

**Q4.** Is the 260 hours in the RFQ based on typical usage?

**A4.** The estimated hours are based on past usage

**41. REPORTS:** Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at [purchasing.requisitions@wv.gov](mailto:purchasing.requisitions@wv.gov).

**42. BACKGROUND CHECK:** In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

**43. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS:** Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

**44. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL:** In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.
