Vendor Questions and Agency Answers**

- Q1.) What does the Quantity amount shown represent? (75.00000/75.00000/24.00000/1300.00000)?
I'm guessing that in the unit price column I just put in the fee for each time we drop a trailer at site/each time we move the trailer to the recycling/disposal site/box truck daily fee/daily fee for crew at work site loading and unloading tires.**
- A1.) The Vendor should enter their unit price for each line item as described. For bidding purposes, the quantity represents the estimated quantities of each item. The vendor should enter their unit price and multiply that price by the estimated quantity for each line. Then total all lines to determine the total bid amount.**
