Purchase Order Number:	_____	

Terms and Conditions

The following terms and conditions apply to the above quote and the subsequent order. This order means that iVideo Technologies and the purchaser have come to a complete agreement as to the list of materials, the costs and in some cases the labor charges as spelled out in this document.

Payment Terms: All orders are cash on delivery unless credit is approved and an open account is established. Open accounts are a courtesy that is available upon the satisfactory completion and review of a credit application. Accounts cannot be opened until iVideo Technologies has received written responses to its inquiries. Accounts will have credit limits and specific payment terms as determined by iVideo Technologies. An open account is subject to a service charge of 1.5% per month when the payment is 30 or more days past due. iVideo Technologies may close an open account at anytime and at its sole discretion. State and local taxes are the sole responsibility of the purchaser. For purchasers based in the State of Ohio applicable sales taxes will be charged unless the purchaser provides a valid tax exemption certificate prior to the acceptance of the quote by iVideo Technologies.

Condition and Owner Furnished Goods: All goods sold by iVideo Technologies will be new and in factory direct condition. The customer will be informed of any non-new conditioned items such as demo, used, returned or opened products. iVideo Technologies has no liability or responsibility for product compatibility on customer furnished products.

Warranty: iVideo Technologies supports its workmanship for a period of 30 days from the installation completion date. In addition, iVideo will pass along manufacturers' warranties to its client. During iVideo Technologies' 30-day workmanship warranty period it will facilitate and install products covered under the manufacturer's warranty at no charge. All coverage and assistance outside of this 30-day period requires a maintenance agreement and will have a separate charge.

Returns: Any equipment returned to iVideo Technologies must be approved by iVideo Technologies. Standard equipment items returned are subject to a 25% processing fee and may be subject to an additional manufacturer's restocking fee. No item will be accepted for return without complete, original packaging and it must be in good, new condition. All software sales are final. Any custom built cabinetry, cases, carts and items ordered under non-standard manufacturer's specifications are not returnable.

Cancellation: The sales order is non-cancelable once accepted and processed by iVideo Technologies.

Security Agreement: By placing an order the purchaser agrees to iVideo Technologies' continued secured interest in the equipment or system until such time as the purchaser's financial obligation to iVideo Technologies is complete. iVideo Technologies retains the right to reclaim the equipment or system if the purchaser does not complete their financial obligations.

Shipping and Insurance: All orders are freight on board Cleveland, OH. Unless otherwise state shipping charges and insurance are the responsibility of the purchaser. The shipping charges shown in the proposal are estimates and can vary from actual charges billed. iVideo Technologies reserves the right to insure shipments at the purchaser's expense. Upon receipt of the item the purchaser must inspect it for any and all damage incurred during shipping. It is the customer's responsibility to notify iVideo Technologies within 24 hours of any shipping damage. iVideo Technologies takes no responsibility for damages caused in shipment.

Delays: iVideo Technologies is not liable fiscally or otherwise for delays caused by acts of weather, union strikes, civil disturbances, war, manufacturer's product availability, or other issues. iVideo Technologies will make its best efforts to make the purchaser aware of any delays. Delays during installation may cause additional labor charges. If an installation is delayed due to conditions outside the control of iVideo Technologies the purchaser will be invoiced for items specifically ordered for the installation and are yet installed.

Installation: Unless otherwise noted in the quote, installation is the responsibility of the purchaser. For quotes that include installation there will be an additional document Scope of Work that will indicate iVideo Technologies and the purchaser's specific responsibilities to the completion of the installation. The Scope of Work is to be signed by the purchaser before the order for installation is processed. Any changes from the Scope of Work requires a Change Order which may cause additional charges to the purchaser.

Business Insurance: All iVideo Technologies installation technicians are covered under workman's compensation insurance for the State of Ohio. iVideo Technologies is also a Drug Free Workplace. If required iVideo Technologies will supply the purchaser with proof of insurance. Any insurance that is required by the purchaser and is not of a type or value currently held by iVideo Technologies, the cost of that insurance will be the responsibility of the purchaser.

Validity: The quote is valid for a period of thirty days. After that time iVideo Technologies reserves the right to adjust any pricing. For install projects, if the Scope of Work or products purchased changes, iVideo Technologies retains the right to adjust the quote accordingly.

Intellectual Property: The list of materials that constitute a "system" as spelled out in the quote is the intellectual property of iVideo Technologies. The quote can not be shared with persons not employed by the proposed purchaser. By requesting iVideo Technologies to provide a quote the proposed purchaser enters into an agreement to bargain and negotiate in good faith. Providing details of the quote with parties outside of iVideo Technologies and the proposed purchaser's organization will constitute a breach of the agreement.
