Question 1: "2.7 "Open End Contract" – What is the specific length? Does it end after the 15 quoted have been purchased?

Answer 1: *Specification 4.2 paragraph 3 states, "The Pricing Pages contain a list of the Contract Items and estimated purchase volume. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied". Therefore, An open-end contract is effective for one year after the contract award date. These contracts may be renewed upon mutual agreement, for one year increments. The number of renewals available are listed in the Terms & Conditions.*

The quantity of 15 listed on the pricing page is for estimation purposes only. The vendor will be required to supply quantities for more or less dependent upon the need of the Agency. An open- end contract does not guarantee a specific volume of orders.

Question 2: "3.1.1.1.11.5 – Lists Kenworth and Peterbilt as engines. They are not engines. Would you like to replace that with PACCAR?"

Answer 2: *3.1.1.1.11.5 has been modified to remove Kenworth/Peterbilt.*

3.1.1.1.11.5 PACCAR

Question 3: "3.1.1.1.12.8 – lists Kenworth and Peterbilt without mentioning PACCAR, These are not engines. Would you like to add PACCAR instead of Kenworth & Perterbilt?"

Answer 3: *3.1.1.1.12.8 has been modified to remove Kenworth/Peterbilt.*

3.1.1.1.12.8 PACCAR

Question 4: "3.1.1.1.9.4 & 3.1.1.1.9.5 (1) one automotive 16 pin (J1962) cable/connector & (1) one Mack/Volvo 16 pin (J1962) cable connector. These are the same connector for our scanner. No need for two. We only use one.

Answer 4: *One (J1962) cable is fine to accommodate both requirements. However, the vendor must provide a cable that will satisfy both requirements. If another vendor's tool requires different types of cables for each requirement, then one cable for each requirement is required.*

Question 5: *"States that the information should be submitted with the bid but then states must be provided upon request?"*

Answer 5: *Although documents that "should" be submitted with the bid are not mandated to be submitted with the bid, it is preferred that any documents that "should" be submitted with the bid are and provided by the vendor in their bid to help speed up the evaluation process. However, any documents not submitted with the bid but required upon request must be submitted when the request is made known to the vendor.*

Question 6: *Pricing page - includes space for year, make and model – that is not relevant to this product.*

Answer 6: *The vendor must provide sufficient information to identify the product. A model number and part number is sufficient.*

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.
