PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

HP PageWide XL 4100 Printer series

Do the work of two printers with one—faster and lower cost than LED¹

FAST

Immediate, simple access to final prints

- Don't waste time waiting for prints with speeds up to 10 D/A1 pages/min and a fast 30-second first page out.
- Gain reassurance that the print will turn out as you expect with one-click printing from HP Click.²
- Anyone can copy and scan with intuitive multifunction workflows, including automatic background removal.³
- Focus on your project, not the printer with up to 4 rolls and integrated 100-page top stacker.

SAVE

Help keep costs under control

- Run at lower costs than low-volume LED¹ in monochrome and color.
- Gain broad control over your printing costs and turn them to your advantage with HP SmartTracker software.
- Use half the energy per page compared to equivalent LED printers.⁴
- Secure data and help cut breach-related costs—self-encrypted HDD, Secure Disk Erase, and role access control.

CONSOLIDATE

Mono and color printing in one

- Improve manageability and simplify your workflow with one device for mono and color.
- Help meet all your needs, from job preparation to finishing, with a fully integrated HP solution.
- Produce excellent technical prints—vivid color, crisp lines, fine detail, smooth grayscales that beat LED.⁵
- Work with durable—moisture/fade-resistant—prints, even on uncoated bond, with HP PageWide XL pigment inks.⁶

best of the best

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: hp.com/go/learnaboutsupplies

Note: HP PageWide XL printers are not designed to use continuous ink systems. HP PageWide XL printers are designed for ink cartridges to be used until they are empty. Refilling cartridges prior to depletion might cause the printer to fail, and voids the HP ink cartridge warranty.

¹ Fastest based on alternative low-volume LED printers and MFPs (under 7 D/A1 pages/minute) as of November, 2018. Operational costs based on low-volume LED technology under \$20,000 USD in the market as of November, 2018. Operational costs consist of supplies and service costs. For testing criteria, see hp.com/go/pagewidexlclaims.
² Once image is selected, one-click printing when printing the entire file without any modifications to the print settings. Applicable to PDF, JPEG, TIFF, and HP-GL/2 files. HP PageWide XL PostScript/PDF Upgrade Kit required for HP PageWide XL 4100 series printers.
³ Multifunction capabilities are available on the HP PageWide XL 4100 Multifunction Printer only.
⁴ Conclusions based on internal HP testing for a specific use scenario. Comparable printers using LED technology based on LED printers capable of printing 4-6 D/A1 pages per minute and which represent more than 80% of the share of mid-volume LED printers in the US and Europe according to IDC as of November, 2018. For testing criteria, see hp.com/go/pagewidexlclaims.
⁵ For output produced with HP PageWide XL printers and LED printers from different manufacturers and that represent greater than 50% of the annual shipments of LED printers in North America as of 2018 according to IDC. For testing criteria, see hp.com/go/pagewidexlclaims.
⁶ Compared to prints produced with HP 970/971/980 inks that are fade and moisture resistant per ISO 11798 Permanence and Durability Methods certification. For testing criteria, see hp.com/go/pagewidexlclaims.

HP SmartTracker software

Gain broad control over your printing costs and turn them to your advantage

CONTROL

Powerful data tracking and reporting

- Keep track and compare both print costs and reimbursement fees, at the same time
- Generate/schedule easy-to-read reports—use the default templates or customize them to your preferences
- Consolidate tracking and reporting across multiple HP PageWide XL printers¹
- Get the complete detail—you can access the source data on a per-page basis

CONSISTENCY

All your jobs are assigned correctly

- Avoid manual data entry and easily merge data from HP SmartStream/HP Click/driver/front panel/MFP¹
- Assign jobs by print user, project, and department, or edit the categories to fit your workflow
- Get secure print job assignment, with optional password-protected categories that help prevent errors
- Enable correct print job allocation—submit jobs as billable/not billable, and add comments with more info

EFFICIENCY

Easy to use, easy to integrate

- Save time—create invoice-format reports including your company logo
- Avoid manual error—users, projects updated with active directory integration and central projects database
- Free up time—integrate with your current accounting software by easily importing or exporting .csv files
- Make better use of the team's time—automatic fill-in with the last credentials used helps simplify printing
