Subject: Simulator Trailer-Custom

Greetings,

Western Shelter Mobility Systems is pleased to offer you this solution to your mission. We have built multiple configurations of custom medical simulator trailers ranging from 10' to 53' in length. We are confident we can create your custom mission solution. We take great pride in our ability to meet custom specifications for unique and challenging projects. Western Shelter Mobility Systems brings together a complete solution for today's first responder. From protective apparel and fire rehab to interoperable shelter systems and emergency response trailers, the Western Shelter Mobility Systems team focuses on mission-based solutions to the unique challenges of our responders. Our unique approach to product solutions has made our company a staple with governmental first responder communities across the country.

We look forward to offering our products and solutions to this RFQ and working with you in the future. Please see our business information included below

Western Shelters Limited Warranty Terms & Conditions

Western Shelter Systems ("Manufacturer") hereby warrants to the purchaser ("Purchaser") of each new trailer, trailer van, sprinter, container, chassis, and/or converted and/or customized mobile product built by Western Shelters Systems ("Product") that the Product will be free from defects in materials and workmanship for a period of One (1) year, if properly maintained and used in the intended and normal service. "Intended and Normal Service" is defined as the usage in the manner and for the purposes for which such Products are customarily utilized and described within the binding contractual language (i.e., scope of work) associated with the Product procurement.

Manufacturer's sole obligation under this limited warranty is to repair or replace, at its option, any part or component of the Product that was furnished and installed by Manufacturer and that proves defective in material and/or workmanship during the lifetime of this warranty effective from the date of original delivery and acceptance to the Purchaser. Such repair or replacement will be performed by Manufacturer or, with Manufacturer's prior express authorization, at a repair facility designated or approved by Manufacturer. Manufacturer assumes no responsibility to reimburse Purchaser or pay for repairs made without Manufacturer's prior express authorization or at repair facilities not designated or approved by Manufacturer. Manufacturer further assumes no responsibility for additional modifications or upgrades made by end user or third parties to the Product post original Manufacturer delivery and acceptance to Purchaser.

WAIVERS AND DISCLAIMERS THE LIMITED WARRANTY PROVIDED HEREIN IS EXPRESSLY IN LIEU OF, AND PURCHASER HEREBY WAIVES, ANY AND ALL OTHER WARRANTIES, WHETHER WRITTEN OR ORAL, EXPRESS OR IMPLIED. MANUFACTURER EXPRESSLY DISCLAIMS, AND PURCHASER HEREBY WAIVES ANY IMPLIED WARRANTY OF MERCHANTABILITY AND ANY WARRANTY THAT EXTENDS TO USES OF THE PRODUCT BEYOND NORMAL SERVICE AS DEFINED HEREIN. The limited warranty herein does not apply to, and Manufacturer makes no warranties, whether written or oral, expressed or implied, with respect to:

- 1) Parts, accessories, or other goods made or distributed by other manufacturers which are installed on the Product in accordance with Purchaser's specifications or requirements. Manufacturer will assign to Purchaser any warranties extended to Manufacturer by the makers or suppliers of such items.
- 2) Used goods delivered hereunder, regardless of their manufacturer, all of which are delivered "AS IS".
- 3) Components of any Product which, after delivery to the Purchaser, were repaired or altered by anyone other than Manufacturer or one of its authorized service representatives, unless, in Manufacturer's reasonable opinion, such repairs or alterations are in no way responsible for the condition complained of.
- 4) Parts, accessories or components supplied by Manufacturer which, due to ordinary wear and tear, need replacement during the warranty period, including, for example, but without limitation, light bulbs, brake linings and brake drums.
- 5) Normal deterioration of sheet metal, aluminum, paint, trim and appearance items resulting from use and exposure to the elements.
- 6) Tires and other components as to which a separate supplier's warranty applies.

LIMITATIONS OF MANUFACTURER'S LIABILITY PURCHASER'S SOLE REMEDY FOR ANY DEFECT IN THE PRODUCT, OR ANY COMPONENT OR PART THEREOF, IS LIMITED TO THE REPAIR OR REPLACEMENT OF THE DEFECTIVE ITEM AT THE MANUFACTURER'S SOLE OPTION. MANUFACTURER SHALL HAVE NO

CONTAINERIZED

Inherently easy to transport, and extremely durable, shipping container based systems are an excellent choice for medium to long term applications. Containerized systems offer the highest level of weather resistance and can be used independently or complexed together to form larger facilities.

We upgrade our container systems with insulation, power distribution, lighting, climate control, and communications equipment. These improvements make them a cost-effective means of adding square footage to an existing facility, or to bring the benefits of a permanent structure anywhere in the world.

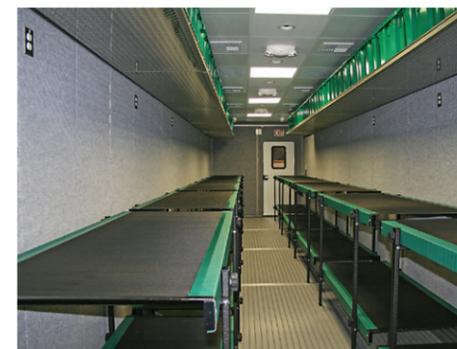

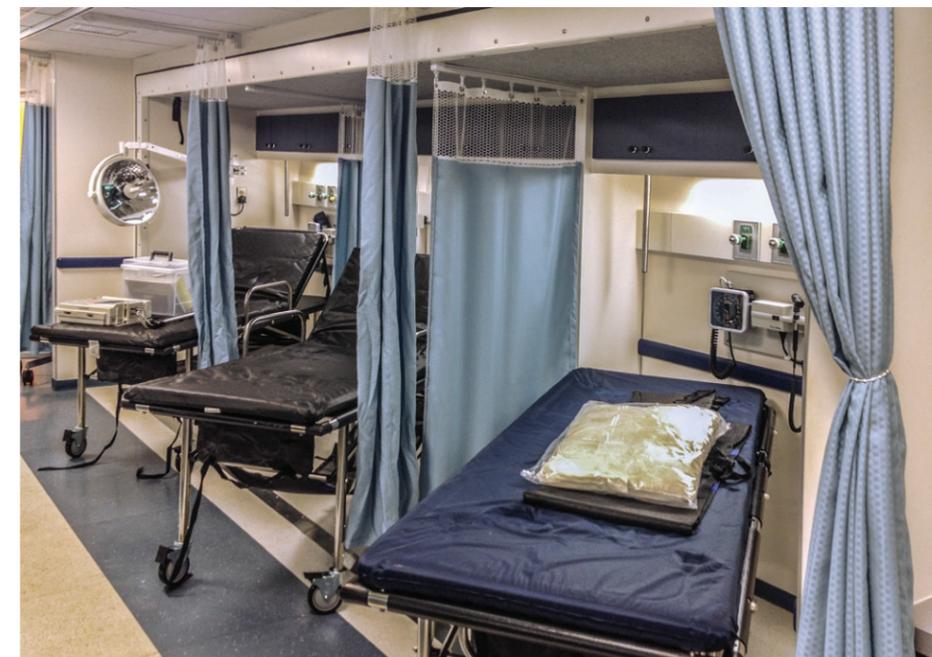

Common applications for containers include: field hospitals, billing shelters, shower facilities, restrooms, kitchens, and workshops.

MOBILE SOLUTIONS

Mobility means the freedom to operate anywhere around the world, no matter how severe the conditions. Our experienced fabricators and craftsmen build self-sustaining systems that are outfitted to meet your specific needs. Let your imagination run wild designing your own spec, or ask us about our turnkey solutions for your application.

COMMAND & CONTROL

Western Shelter has years of experience building command and control trailers and mobile offices. These systems are not only comfortable to work in, but can also be outfitted with all of the communications equipment and technology that you need to run your operation.

Our Engineering team is able to incorporate a variety of technology and trailer enhancements to create a final product that exceeds your specifications. From slide-out side boxes for increased usable interior work space to external communications and video surveillance for enhanced security, specialty command and control vehicles can accomplish several mission critical tasks in a streamlined and easy to operate system.

MULTI-PURPOSE CARGO

In addition to moving gear and equipment, our cargo transportation systems can be upgraded to perform additional tasks after they have been emptied of their contents. These multipurpose designs allow you to get more out of your budget and reduce the need for additional vehicles to accomplish your mission.

The Western Shelter Custom Cargo Trailer, available in 20', 24', 28' and 53' sizes, combines in the field functionality with exceptionally designed mobile storage. These trailers can be transported to the deployment site with a 1-ton vehicle. With several standard and custom options available, these cargo trailers can be fully customized to meet the demands of your load requirements. Work with our team to create a storage and transport solution to your equipment hauling needs.

MOBILE MEDICAL

Building mobile medical facilities is in our DNA as a company. We know what it takes to manufacture clean and functional systems for a wide variety of medical applications. Our offerings range from mobile clinics for rural patient outreach, to surge capacity systems, and complete mobile field hospital.

When lives are on the line, design and production standards need to be at their highest. Western Shelter Mobility's skilled team of fabricators and craftsman is highly experienced building sealed and sterile environments. They use only the highest quality materials, and exercise an extreme attention to detail through the entire process.

Western Shelter Mobility is a one stop shop for outfitting your new system with all of the medical equipment it needs to be operational. We can provide you with a recommended equipment based on your application, or you can give a detailed list of equipment specifications for us to source.
