MHU Replacement

Company Executive Summary

Persons Services Corp. (PSC) is offering the State of West Virginia our services for the disaster recovery construction of modular homes. PSC is a multi-disciplined specialty contracting firm with an extensive project history and leadership structure specializing in disaster recovery construction and repair.

Founded in 1978 by Paul F. Persons, PSC remains to this day a family-oriented company. We are very interested in performing these repair services for the state of West Virginia as facilitating the return of families to their homes is at the heart of PSC's company values. If awarded, we will view the relationship formed as a partnership between ourselves, the State, and the families involved.

The PSC team has worked on multiple residential construction and repair projects under federally funded programs, including FEMA, HUD, CDBG-DR, NC STEP, and GLO. Our long history of disaster management projects can be referenced as a guarantee of our promise of excellence to the State.

Our skilled team of project managers, supervisors, and field executives have worked in the industry for over 42 years with dedication to safety, quality, and performance. PSC has been recognized by Inc. Magazine, Engineering News Record, and the AGC for our innovative work. We have the capacity, credibility, and capability to meet all project expectations outlined in this bid.

In this proposal you will find a curated process specific to the performance and completion of your project including pre-construction, program management, technology, construction, and post-construction.

Process

Persons Services Corp's process begins with a project team including Project Executives & Managers, Administrative Staff, Tradesmen, Subcontractors, Procurement Managers, and Design Professionals. As aforementioned, the PSC leadership team has ample experience

managing large-scale disaster recovery services, from the Haiti earthquake in 2010 to every major hurricane of the last 20 years. These qualified individuals will manage teams of local subcontractors that will perform the skilled labor required for this project.

PSC has a large network of subcontractor relationships across the U.S. that enables us to staff all our jobs with the most qualified workers. Further, our subcontracting process involves the pre-qualification of subcontractors before any work is begun. Any specialty training necessary will be provided by Persons Services Corp from our learned experience.

PSC understands the importance of supporting W/MBE and has exceeded state hiring guidelines on many of our projects. It will be our intention to meet this same level of commitment to diverse, local hiring in the State of West Virginia wherever possible.

Additionally, PSC will use custom project management software with a shared cloud database to improve communication, accuracy, scheduling, and overall project quality from implementation through completion. Our integration of technology into construction will give the State, crews, and subcontractors real-time information on the status of all work orders, effectively cutting out inefficiencies within the building process. Our South Carolina team is currently providing many of these solutions under CDBG-DR funding with great success.

The following detailed approach is broken down into phases beginning after execution of contract.

Phase 1 – Preconstruction/Issue of Work Order

Upon receipt of a work order (WO) from the State, PSC will enter the WO into our project management system before contacting the Homeowner (HO). A PSC team member will be clearly identified to the HO as their point of contact for all communication.

PSC will contact the REP to acknowledge receipt of the WO and schedule an initial meeting between the REP, HO and PSC. The initial meeting will serve to perform a site assessment (SA), review the itemized WO, address Homeowner concerns, revise the WO as deemed necessary by all parties, and discuss scheduling and any concerns. This will serve as the entry point of information into our project management software along with logging detailed photos of the property.

The site assessment for Mobile Homes will entail meeting with all parties to review plans and specifications. If possible, a local governing official will be in attendance to address any code concerns. Concerns, pictures, changes, updates, etc. will be entered into our project management software while on location to keep continuity of all information and improve the flow of work.

Following the site assessment and agreement of all parties to the scope of work (SOW) and MHU to be ordered, the PSC team will order the unit for production, meet to schedule the mobilization of tradesmen, subcontractors, and materials to the construction site. Simultaneously, a team member will be working with the local municipality to procure the proper permits and provide real-time information to management, crews, and subcontractors via our project management software.

Phase 2 – Construction

A PSC project manager (PM) will be responsible for communications, scheduling, permitting, quality assurance (QA), and safety & cost management. A PSC superintendent (SUP) will be responsible for daily task scheduling, material requests, tradesmen tasking and scheduling, and subcontractor tasking and scheduling as well as assuring daily quality control (QC) and daily safety program adherence. Tradesmen and Subcontractors will be tasked to the site with a PSC work order and scope of work to begin construction.

PSC will employ experienced SUPs to oversee day to day construction and will require daily updates and documentation via project management software. Additionally, the SUP's primary function will be to meet with local building officials to ensure a great working relationship and to ensure that the scope of work is completed according to building codes and State standards.

PSC will propose a periodic progress meeting to accommodate both Homeowners and state representatives at a frequency commensurate with the scope of work. Concerns and issues raised in meetings will be addressed immediately with all parties. Additionally, the PSC team will meet weekly to review all work orders and address schedule issues, quality issues, personnel issues, and material issues as well as customer service review and cost management. Periodic progress reports will be issued weekly summarizing task completion per WO, schedule compliance or variances, and issues or concerns addressed, along with being uploaded on daily basis to our management software systems. During the construction phase any unforeseen conditions that are uncovered will be brought to the attention of the REP at which time a change order may need to be processed per the State process.

Phase 3- Post Construction/Closeout

Project close-out will conduct an internal quality and scope of work inspection and close all permits. Any construction and demolition materials will be removed and disposed of properly, and all disturbed environments will be leveled and repaired. Finally, the construction management team, Homeowner and Vendor will complete a program final inspection and upon project satisfaction, the keys to the new residence will be put in the possession of the homeowner.

PSC will provide the Homeowner, REP, and the City with closeout documents to include warranties, including 10-year latent defect warranty, equipment owners' manuals, CO, operating manuals, equipment extended warranties if applicable, general product information, as-built drawings, signed permits in hard copy version as well as uploading to the system and clicking complete for all parties to see via the project management software.

Approach to Common Tasks

The following are common tasks that are anticipated to be part of most WO's and the PSC approach to satisfactory completion:

1. **Site Prep/Clearing** – Site prep may entail demolition, tree felling, clearing growth and elevating building pad. This task may also include the disconnecting and reconnecting of utility services with local authority. Equipment proposed; dozer, excavator, mini-ex, or skid-steer and dumpster. *Materials*; clean fill (clay) (PSC can self-perform these scopes as we have in-house crews and company owned heavy equipment and routinely perform these services)
2. **Foundations/Slab** – Slab on grade with thickened perimeter foundation. Equipment proposed; forms, concrete mixer, concrete finisher. *Materials*; reinforcing steel, sand, cement, aggregates, water, ready mix concrete, curing agent.
3. **Framing and sheathing** – Wood exterior framing 2x6 walls and roof with OSB plywood sheathing. Interior walls 2x4. Equipment; scaffolding, ladders, safety gear, air compressor, nail guns. *Materials*; 2x4, 2x6 pine and pressure treated lumber, 4x8 OSB sheathing, TYVEK vapor barrier.
4. **Insulation** – Exterior wall and roof insulation installed. Equipment; scaffolding, ladders, air compressor, air tools. *Materials*; R-38 roof insulation, R-13 wall insulation.
5. **Sheetrock** – Install ½" sheetrock throughout interior, moisture resistant in bathrooms and behind kitchen counters. Equipment; scaffolding, ladders, air compressor, power tools. *Materials*; ½" sheetrock and MR board, joint compound, tape, screws.

6. **Doors/Windows** – Install impact resistant windows and doors to meet proper codes and wind design. Equipment; scaffolding, ladders, air compressor, power tools. *Materials; Impact windows, exterior doors, interior doors, hardware.*
7. **Exterior siding** – Install fiber cement board or composite siding. Equipment; scaffolding, ladders, safety gear, air compressor, nail guns, power tools. *Materials; siding, sealants. (can self-perform)*
8. **Roofing** – Install shingled roofing. Equipment; safety gear, ladders, air compressors, nail guns, power tools. *Materials; shingles based on design, flashing, roof vents, gutters, downspouts.*
9. **Paint** – Paint all exterior trims, interior walls, doors, trims. Equipment; scaffolding, ladders, safety gear, sprayer, air compressor, paint tools. *Materials; primer paint, interior wall paint, exterior trim paint, interior trim paint. (can self-perform)*
10. **Millwork/Finishes** – Install flooring, trims and cabinetry. Equipment; air compressor, air tools, power tools. *Materials; Engineered floorings, base trims, door and window casings, kitchen cabinets and counters, bath cabinets. (can self-perform)*
11. **MEP** – Rough in HVAC, electrical and plumbing piping. Finish work and fit out of all MEP. Equipment; power tools, ladders. *Materials; duct work, SEER rated condenser, air handler, wire, piping, outlets, switches, lights, toilets, sinks, faucets, tub, shower units and appliances. (can self-perform)*

Special Considerations

- ✓ Persons Services is unique in our ability to perform most projects entirely with in-house resources. This enables us to complete projects without relying on the time or resources of a third party. Our capabilities include, but are not limited to, general construction, plumbing, mechanical piping, transportation, drafting, demolition, logistics, warehousing, fabrication, and distribution.
- ✓ PSC's history in disaster recovery response makes us an ideal vendor for this project. PSC has responded to every major hurricane of the last 20 years, continually growing our skillset in emergency home construction and repair, while working with government funded housing programs including FEMA, HUD, and CDBG-DR. Our key personnel designated for this project bring with them disaster recovery experience spanning over 30 years and successful projects in international and national environments.
- ✓ We have a trusted network of key subcontractors which supplements our capabilities when necessary on specialty projects. Additionally, as a family business, bolstering people is integral to our mission and we will subcontract work to registered W/MBE businesses whenever possible.
- ✓ Persons Services Corp. is proud to be a certified drug free workplace. A copy of our drug free workplace policy can be provided upon request.

Past Projects & Experience

I. Client Name: State of South Carolina – Disaster Recovery Office SCDRO - CDBG-DR funds. Horne, LLP – Program Manager - Mathew

Project Description: Construction & Management of Residential Housing Repairs/ Rehabs – Mobile Home Units (MHU) – Modular Homes throughout the State of South Carolina. Scope of work included site assessment, scope development, change order development, construction, final inspections and close out of homes following Hurricane Matthew - HUD Grants (CDBG-DR).

All offers subject to all terms and conditions contained in this solicitation

ADDITIONAL TERMS AND CONDITIONS (Construction Contracts Only)

1. CONTRACTOR'S LICENSE: West Virginia Code § 21-11-2 requires that all persons desiring to perform contracting work in this state be licensed. The West Virginia Contractors Licensing Board is empowered to issue the contractor's license. Applications for a contractor's license may be made by contacting the West Virginia Division of Labor. West Virginia Code § 21-11-11 requires any prospective Vendor to include the contractor's license number on its bid. If an apparent low bidder fails to submit a license number in accordance with this section, the Purchasing Division will promptly request by telephone and electronic mail that the low bidder and the second low bidder provide the license number within one business day of the request. Failure of the bidder to provide the license number within one business day of receiving the request shall result in disqualification of the bid. Vendors should include a contractor's license number in the space provided below.

Contractor's Name: Persons Services Corp.

Contractor's License No.: WV- 059586

The apparent successful Vendor must furnish a copy of its contractor's license prior to the issuance of a contract award document.

2. DRUG-FREE WORKPLACE AFFIDAVIT: W. Va. Code § 21-1D-5 provides that any solicitation for a public improvement contract requires each Vendor that submits a bid for the work to submit an affidavit that the Vendor has a written plan for a drug-free workplace policy. If the affidavit is not submitted with the bid submission, the Purchasing Division shall promptly request by telephone and electronic mail that the low bidder and second low bidder provide the affidavit within one business day of the request. Failure to submit the affidavit within one business day of receiving the request shall result in disqualification of the bid. To comply with this law, Vendor should complete the enclosed drug-free workplace affidavit and submit the same with its bid. Failure to submit the signed and notarized drugfree workplace affidavit or a similar affidavit that fully complies with the requirements of the applicable code, within one business day of being requested to do so shall result in disqualification of Vendor's bid. Pursuant to W. Va. Code 21-1D-2(b) and (k), this provision does not apply to public improvement contracts the value of which is \$100,000 or less or temporary or emergency repairs.

2.1. DRUG-FREE WORKPLACE POLICY: Pursuant to W. Va. Code § 21-1D-4, Vendor and its subcontractors must implement and maintain a written drug-free workplace policy that complies with said article. The awarding public authority shall cancel this contract if: (1) Vendor fails to implement and maintain a written drug-free workplace policy described in the preceding paragraph, (2) Vendor fails to provide information regarding implementation of its drug-free workplace policy at the request of the public authority; or (3) Vendor provides to the public authority false information regarding the contractor's drug-free workplace policy.

Pursuant to W. Va. Code 21-1D-2(b) and (k), this provision does not apply to public improvement contracts the value of which is \$100,000 or less or temporary or emergency repairs.

West Virginia Ethics Commission

Disclosure of Interested Parties to Contracts

Pursuant to *W. Va. Code* § 6D-1-2, a state agency may not enter into a contract, or a series of related contracts, that has/have an actual or estimated value of \$1 million or more until the business entity submits to the contracting state agency a Disclosure of Interested Parties to the applicable contract. In addition, the business entity awarded a contract is obligated to submit a supplemental Disclosure of Interested Parties reflecting any new or differing interested parties to the contract within 30 days following the completion or termination of the applicable contract.

For purposes of complying with these requirements, the following definitions apply:

"Business entity" means any entity recognized by law through which business is conducted, including a sole proprietorship, partnership or corporation, but does not include publicly traded companies listed on a national or international stock exchange.

"Interested party" or *"Interested parties"* means:

- (1) A business entity performing work or service pursuant to, or in furtherance of, the applicable contract, including specifically sub-contractors;
- (2) the person(s) who have an ownership interest equal to or greater than 25% in the business entity performing work or service pursuant to, or in furtherance of, the applicable contract. (This subdivision does not apply to a publicly traded company); and
- (3) the person or business entity, if any, that served as a compensated broker or intermediary to actively facilitate the applicable contract or negotiated the terms of the applicable contract with the state agency. (This subdivision does not apply to persons or business entities performing legal services related to the negotiation or drafting of the applicable contract.)

"State agency" means a board, commission, office, department or other agency in the executive, judicial or legislative branch of state government, including publicly funded institutions of higher education: Provided, that for purposes of *W. Va. Code* § 6D-1-2, the West Virginia Investment Management Board shall not be deemed a state agency nor subject to the requirements of that provision.

The contracting business entity must complete this form and submit it to the contracting state agency prior to contract award and to complete another form within 30 days of contract completion or termination.

This form was created by the State of West Virginia Ethics Commission, 210 Brooks Street, Suite 300, Charleston, WV 25301-1804. Telephone: (304)558-0664; fax: (304)558-2169; e-mail: ethics@wv.gov; website: www.ethics.wv.gov.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Persons Services Corp.
_____ of Mobile, AL, 36693, as Principal, and Certified Check Regions Bank
_____ of Mobile, Alabama, a corporation organized and existing under the laws of the State of AL
_____ with its principal office in the City of Mobile, as Surety, are held and firmly bound unto the State
of West Virginia, as Obligee, in the penal sum of _____ (\$ _____) for the payment of which,
well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the
Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for
MHU Replacements

NOW THEREFORE,

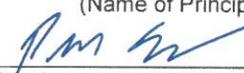

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal
attached hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform
the agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in
full force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no
event, exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no
way impaired or affected by any extension of the time within which the Obligee may accept such bid, and said Surety does hereby
waive notice of any such extension.

WITNESS, the following signatures and seals of Principal and Surety, executed and sealed by a proper officer of Principal and
Surety, or by Principal individually if Principal is an individual, this 18 day of June, 2020.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code §61-5-3*) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
